Lorca, the Theatre Beneath the Sand Gwynne Edwards, 1980 **Lorca, the Theatre Beneath the Sand** Gwynne Edwards, 1987 Lorca's Experimental Theater Andrew A. Anderson, 2024-11-25 Critical and historical discussions of the life and work of Federico García Lorca Spain's foremost poet and playwright of the twentieth century often obscure the author's more avant garde dramatic works In Lorca's Experimental Theater Andrew A. Anderson focuses on four of Lorca's most challenging plays *Amor de don Perlimplín con Belisa en su jardín* *El público* *As que pasen cinco años* and *El sueño de la vida* previously known as *Comedia sin título* and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca's plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde Lorca's Experimental Theater provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca's creation of these expressive innovative works García Lorca at the Edge of Surrealism David F. Richter, 2014-10-15 *García Lorca at the Edge of Surrealism The Aesthetics of Anguish* examines the variations of surrealism and surrealist theories in the Spanish context studied through the poetry drama and drawings of Federico García Lorca 1898-1936 In contrast to the idealist and subconscious tenets espoused by surrealist leader André Breton which focus on the marvelous automatic creative processes and sublimated depictions of reality Lorca's surrealist impulse follows a trajectory more in line with the theories of French intellectuals such as Georges Bataille 1897-1962 who was expelled from Breton's authoritative group Bataille critiques the lofty goals and ideals of Bretonian surrealism in the pages of the cultural and anthropological review *Documents* 1929-1930 in terms of a dissident surrealist ethno-poetics This brand of the surreal underscores the prevalence of the bleak or darker aspects of reality crisis primitive sacrifice the death drive and the violent representation of existence portrayed through formless base matter such as blood excrement and fragmented bodies The present study demonstrates that Bataille's theoretical and poetic expositions including those dealing with the formless and the somber emptiness of the void engage the trauma and anxiety of surrealist expression in Spain particularly with reference to the anguish desire and death that figure so prominently in Spanish texts of the 1920s and 1930s often qualified as surrealist Drawing extensively on the theoretical cultural and poetic texts of the period *García Lorca at the Edge of Surrealism* offers the first book-length consideration of Bataille's thinking within the Spanish context examined through the work of Lorca a singular proponent of what is here referred to as a dissident Spanish surrealism By reading Lorca's surrealist texts including *Poeta en Nueva York* *Viaje a la luna* and *El público* through the Bataillean lens this volume both amplifies our understanding of the poetry and drama of one of the most important Spanish writers of the twentieth century and expands our perspective of what surrealism in Spain means **The Continuum Companion to Twentieth Century**

Performance Practitioners offer unbeatable value for today's student

Lorca Plays: 3 Federico García Lorca, 2014-03-20 Lorca is one of the few indisputably great dramatists of the twentieth century Observer Mariana Pineda achieved immediate critical success on its first performance in Barcelona in 1927 *The Public* is a powerful and uncompromising demand for sexual and specifically homosexual freedom as predicted it was never performed in Lorca's time it was first performed in this country by Theatre Royal Stratford East in the 80s *Play Without a Title* an unfinished Lorca rarity realises his wish to do something different including modern plays on the age we live in

Lorca, Buñuel, Dalí Gwynne Edwards, 2009-06-17 Lorca Bunuel and Dali were in their respective fields of poetry and theatre cinema and painting three of the most imaginative creative artists of the twentieth century their impact was felt far beyond the boundaries of their native Spain But if individually they have been examined by many their connected lives have rarely been considered It is these the ties that bind them that constitute the subject of this illuminating book They were born within six years of each other and as Gwynne Edwards reveals their childhood circumstances were very similar Each was affected by a narrow minded society and an intolerant religious background which equated sex with sin and led all three to experience sexual problems of different kinds

Lorca the guilt and anguish associated with his homosexuality Bunuel feelings of sexual inhibition and Dali virtual impotence Having met during the 1920s at the Residencia de Estudiantes in Madrid they developed intense personal relationships and channelled their respective obsessions into the cultural forms then prevalent in Europe in particular Surrealism Rooted in emotional turmoil their work from Lorca s dramatic characters in search of sexual fulfilment to Bunuel s frustrated men and women and Dali s potent images of shame and guilt is highly autobiographical Their left wing outrage directed at bourgeois values and the Catholic Church was strongly felt and in the case of Lorca in particular was sharpened by the catastrophic Civil War of 1936-9 during the first months of which he was murdered by Franco s fascists The war hastened Bunuel s departure to France and Mexico and Dali s to New York Edwards describes how for the rest of his life Bunuel clung to his left wing ideals and made outstanding films while the increasingly eccentric and money obsessed Dali embraced Fascism and the Catholic Church and saw his art go into rapid decline Spanish Theatre 1920-1995 Maria M. Delgado,1998 Beginning with a reassessment of the 1920 s and 30 s this text looks beyond a consideration of just the most successful Spanish playwrights of the time and discusses also the work of directors theorists actors and designers *When Five Years Pass by Federico Garcia Lorca* Pilar Orti,2011 *A Companion to Federico García Lorca* Federico Bonaddio,2007 Lorca icon and polymath in all his manifestations Federico García Lorca Maria M. Delgado,2008-03-03 Immortalized in death by The Clash Pablo Neruda Salvador Dalí Dmitri Shostakovich and Lindsay Kemp Federico García Lorca s spectre haunts both contemporary Spain and the cultural landscape beyond This study offers a fresh examination of one of the Spanish language s most resonant voices exploring how the very factors which led to his emergence as a cultural icon also shaped his dramatic output The works themselves are also awarded the space that they deserve combining performance histories with incisive textual analysis to restate Lorca s presence as a playwright of extraordinary vision in works such as *Blood Wedding* *The Public* *The House of Bernarda Alba* *Yerma* Federico García Lorca is an invaluable new resource for those seeking to understand this complex and multifaceted figure artist playwright director poet martyr and in the eyes of many Spain s national dramatist

tells the story of a couple drawn irresistibly together in the face of an arranged marriage This tragic and poetic play is the work on which his international reputation was founded Like many of Lorca s passionate and intensely lyrical plays that focus on peasant life and the forces of nature Blood Wedding combines innovatory dramatic technique with Spanish popular tradition Methuen Drama Student Editions are expertly annotated texts of a wide range of plays from the modern and classic repertoires As well as the complete text of the play itself the volume contains a chronology of the playwright s life and work an introduction giving the background to the play a discussion of the various interpretations notes on individual words and phrases in the text and questions for further study

The House Of Bernarda Alba Federico García Lorca,2019-11-14 Bernarda Alba is a widow and her five daughters are incarcerated in mourning along with her One by one they make a bid for freedom with tragic consequences Lorca s tale depicts the repression of women within Catholic Spain in the years before the war The House of Bernarda Alba is Lorca s last and possibly finest play completed shortly before he was murdered by Nationalist sympathisers at the outbreak of the Spanish Civil War Inspired by real characters and described by the author as a true record of village life it is a tragic tale of frustration and explosive passions in a household of women ruled by a tyrannical mother Edited with invaluable student notes a must for students of Spanish drama
