George V. Wigram,1866      *Divine Decrees Iii* Clem Esomowei,2015-02-23 This second edition adds about forty six pages to the first one and brings interesting declarations like Victory over the Edomite or Fainting Spirit Prayers against Tongues of Backbiters Gossips and Evil Spirits etc Prayer is the art and act of communicating with God It is our link with heaven and the realms of the spirit It is the power source of any human being who desires to succeed Gods way Prayer is our most important Christian duty after righteousness It is an art because we have to engage in it according to biblical principles It is an act because prayer cannot be totally delegated but be embarked upon daily and incessantly for individual victory Communication with our bridegroom becomes a necessity for meaningful relationship Prayer is the life giving breath of a modern day Christian God does not do anything without speaking forth and this is the ministry of the prophet John reveals that in the beginning was the word and the word was with God and the word was God John1 1 3 God created the universe by spoken word In the Hebrew language a word represents the very thing spoken because God created all things by His word The word therefore defines the reality of the object In the Hebrew the word for object devarim or dawbar is the same used for word because a word does not just represent size colour shape but the very spiritual essence since it was the word that brought it into existence God made Adam to name all the animals He created because Adam had the ability to speak like God and become co creative by the spoken word Speaking should be backed up with faith and thats the reason why the spoken word is referred to as the spirit of faith Our words are not supposed to be empty or void of power God says so shall my words be that goes forth out of my mouth it shall not return unto me void but it shall accomplish that which I please and it shall prosper in the thing whereto I send it Isaiah 55 11      The Englishman's Hebrew and Chaldee concordance of the Old Testament[based on the unpubl. work of W. De Burgh, ed. by G.V. Wigram.]. George Vicesimus Wigram,1860      The Enchantments of Technology Lee Bailey,2010-10-01 In The Enchantments of Technology Lee Worth Bailey erases the conventional distinction between myth and machine in order to explore the passionate foundations concealed in technological culture and address its complex ethical moral and social implications Bailey argues that technological society does not simply disenchant the world with its reductive methods and mechanical metaphors then shape machines with political motives but is also borne by a deeper subversive undertow of enchantment Addressing examples to explore the complexities of these enchantments his thought is full of illuminating examinations of seductively engaging technologies ranging from the old camera obscura to new automobiles robots airplanes and spaceships This volume builds on the work of numerous scholars including Jacques Ellul and Jean Brun on the phenomenological and spiritual aspects of technology Carl Jung on the archetypal collective unconscious approach to myth and Martin Heidegger on Being itself Bailey creates a dynamic interdisciplinary postmodern examination of how our machines and their environments embody not only reason but also desires      The Holy Bible ,1861      **The Englishman's Hebrew and Chaldee Concordance of the Old Testament**
