Library Services to Youth of Hispanic Heritage Barbara Immroth, Kathleen de la Peña McCook, 2000-05-15 As the United States becomes ever more comfortable with recognizing the cultural diversity of the many groups that make up its population, library services must seek to meet patrons' needs as they are shaped and expressed by their cultural backgrounds. This goal is particularly important for youth library services. For young people of Hispanic heritage, library services attuned to their specific needs and interests are crucial. Many librarians struggle with how to properly create and maintain library programs and collections that are suitable to the needs of Hispanic youth. In this series of essays prepared for the Trejo Foster Foundation for Hispanic Library Education, Fourth National Institute national leaders in librarianship present their insights about how best to meet the needs of young Hispanic library patrons. The text is introduced by the editors, and the essays are arranged in parts: Programs, Collections, Planning, and Evaluating. Bibliographical Resources and For the Future. Information about the contributors and an index conclude the volume. **Using Poetry Across the Curriculum** Barbara Chatton, 2010-01-13 This comprehensive listing and discussion of poetic works supports the standards of all areas of the curriculum, helping librarians and teachers working with kindergarten through middle school students. This second edition of *Using Poetry Across the Curriculum: Learning to Love Language* offers a comprehensive list of poetry anthologies, poetic picture books, and poetic prose works in a wide variety of subject areas. While it maintains the original edition's focus on ideas and resource lists for integration of poetry into all areas of the curriculum, it is thoroughly revised to cover current issues in education and the wealth of new poetry books available. The book is organized by subject areas commonly taught in elementary and middle schools, and within these by the national

standards in each area Numerous examples of poetry and poetic prose that can be used to help students understand and appreciate aspects of the standard are listed A sampling of units that arise from groups of works writing and performance ideas and links across the curriculum is also included While many teaching ideas and topics provide references to the standards they meet this title is unique in starting with those standards and making links across them Selecting Books for the Elementary School Library Media Center Phyllis Van Orden,2000 A guide to selecting books for the elementary school library media centre collection Chapters cover not only fiction and picture books but also reference sources geographic sources government documents handbooks and more
