Losing Innocence:

Tragic Humanity and Hope Pius Ojara SJ, 2007-09-01 With insights into the thought of Gabriel Marcel Tragic Humanity and Hope recognizes that in our age scientific knowing is becoming a dominant form of knowledge The leadership influence growth and gravitational center of human existence depend it seems on scientific knowledge As a result we live in an information age that prizes production and immediate satisfaction but devalues the cultivation of wisdom We risk diminishing the significance of sapiential knowing to deal with the immensely complex and intricate domains of human relationality Furthermore inquiry into moral discernment methods expands becoming more diverse yet scholarly conversations that engage the vital exigencies as founding moral sensibility seem noticeably insufficient Tragic Humanity and Hope strives to overcome this lack But Ojara also seeks ethical groundings that exceed the language of pragmatic utility and aesthetic preference Foundations of morality cannot exclude questions of the common good and shared moral obligations that free people to reach out to one another with hopes and memories that endow life with shared meaning Through continuity and cohesion that the interlacing of scientific sapiential and moral knowing bring life becomes a marvelous expression of light joy and fervor

Most Succinctly Bred Alex Vernon, 2006 An essayistic memoir on being a soldier Alex Vernon's Most Succinctly Bred explores war by exploring around war by operating in the margins Vernon records his ongoing relationship with war and soldiering from growing up in late Cold War 1980s middle America to attending West Point going to and returning from the first Gulf War and watching as a writer and academic the coming of the second Iraq war Unlike a mere essay collection this book has a trajectory and the chapters appearing in rough chronological order loop in and out of one another It is not a narrow autobiography that attempts to account only for the writer's life it uses that life to illuminate the lives of its readers to tell us all about the time and place in which we find ourselves War has seasoned this reluctant soldier it has wounded him as it wounds all soldiers But war has not stopped Alex Vernon's life A large part of what we read here is a fascinating story of recovery

From the Writer's Desk: I am very much grateful to the Almighty and everyone whose blessings and inspirations have motivated me to write this book. Muriel Spark was a unique voice of the 20th Century. In this book, an attempt has been made to incorporate the feelings, emotions, disturbances, instabilities of the Man that was represented in Muriel Spark's works through her characters. The moments, desires, fears that dwell in the mind of the character for which they are not responsible, I have tried to encompass the entire scenario by reflecting their situations in different chapters. It is seen that her novels are an experimental foray into the relationship between the author and her character through which she is able to explore her own role as a novelist. This book acknowledges the journey of the novelist who becomes more confident in writing her second novel. Readers can see her journey who has accepted her life as full of meaning, hall marked by design and purpose. Muriel Spark, a singular voice of 20th century literature, a novelist, poet, and essayist, she has style, she has charm, she has wit, she's profound, she's serious, she's religious, she's political, and I went on my way rejoicing. To have read all of Spark is an achievement in itself but also a spur to share that experience and to try to convey the impact and significance of her extensive portfolio. The best way to lead a writer's life is time tested and amply documented throughout history. Approaches to Teaching the Works of David Foster Wallace Stephen J. Burn, Mary K. Holland, 2019-08-01. Includes considerations of Wallace's literary techniques, philosophy, and literary ethics. Gives syllabus suggestions for undergraduate and graduate courses in American literature surveys, first year composition courses, world literature surveys, and high school courses. **A Time for Change?** James Hightower, W. Craig Gilliam, 2000-10-01. Many professional ministers struggle at some point with the desire to pursue another career. For those at such a place on their journey, this book poses questions, offers practical suggestions gathered from other ministers who have traveled this path, and shares insights from the authors' own experiences of career change. The authors emphasize two principles: First, entertaining the possibility of leaving professional ministry is not to be condemned or viewed as a sign of failure; rather, it should be accepted as part of the spiritual journey. Second, a new career apart from the institutional church does not mean one is leaving the ministry but simply that one is changing the mode of expressing that ministry.
