D'Amassa,2015-04-22 Presents articles on the science fiction genre of literature including authors themes significant works and awards A History of Ironclads John V. Quarstein,2007-02-28 One of history s greatest naval engagements the Battle of Hampton Roads occurred on March 8 and 9 1862 On the first morning the Confederate ironclad the CSS Virginia formerly known as the Merrimack sank two Union wooden warships proving the power of the armored vessels over the traditional sailing ships The next morning the Virginia engaged the Union ironclad USS Monitor to a draw in a battle that significantly altered naval warfare It was the first engagement between ironclads and ushered in a new era of warship construction and ordnance The 25 000 sailors soldiers and civilians who witnessed the battle knew then what history would soon confirm wars waged on the waters would never be the same The seemingly invincible Monitor and Virginia were experimental ships revolutionary combinations of new and old technology and their clash on March 9 1862 was the culmination of over 2 000 years of naval experience The construction and combat service of ironclads during the Civil War were the first in a cascade of events that influenced the outcome of the war and prompted the development of improved ironclads as well as the creation of new weapons systems such as torpedoes and submarines needed to counter modern armored warships Until the Sun Falls Cecelia Holland,2015-04-07 A novel set during the reign of Genghis Khan and his Mongol Empire from the acclaimed author of Ghost on the Steppe a master storyteller Houston Chronicle Cecelia Holland s historical fiction is well known for its immersion in exotic cultures and Until the Sun Falls one of her most successful books takes the reader into the heart of the Mongol horde during the conquest of Russia and eastern Europe in the thirteenth century Genghis Khan had told his people they were destined to rule the world and by his death they had made an impressive start His four sons followed him to the leadership of the enormous new empire and continued the expansion His eldest son Batu launched the conquest of the West Russia and Europe In a few years of devastating warfare the Mongols reached as far as Vienna mowing down every army that dared face them like an irresistible force of nature Until the Sun Falls stars a Mongol general Psin whose battles against the enemies of the Kha Khan sometimes seem easier than his struggles with his wives and his son Wise brave and bloody minded Psin embodies the passions and dreams of the greatest conquerors the world has ever seen at the height of their power

Transgalactic A. E. Van Vogt,2006-10-01 Empire of the Atom and The Wizard of Linn Global war smashed civilization or

so the legends told but not all of its machines A caste of scientists arose who knew how to repair and operate the ancient machines but not how they worked and worshipped at the altars of the atomic gods who were said to make the machines run Society was a strange mix of the modern and the medieval with armies riding on horseback into huge spaceships then flying to human colonies on other planets to wage war with swords and arrows Then came the mutant Clane who would have been put to death for his deformities had he not been born into the ruling family Though his body was twisted his mind was brilliant and he not only recovered the lost science behind the ancient machines but found the truth behind the legends of civilization s downfall Alien invaders not human war had reduced humanity to barbarism as a prelude for a later return in force to colonize the Solar System And that return would happen soon unless Clane could find a way to stop it For the first time the entire Clane saga told in the two novels *Empire of the Atom* and *The Wizard of Linn* is complete in one volume Mission to the Stars Van Vogt s sweeping novel of interstellar adventure is also included along with the two short novels in the Ezwal series chronicling the struggle of one man to convince a feral but intelligent species to join with humanity in the battle against a mutual enemy but first he must convince the lone Ezwal who is trapped with him in a deadly jungle to cooperate or neither will survive At the publisher s request this title is sold without DRM Digital Rights Management [Black Sun](#) Glenn Starkey,2016-02-22 From the underworld of the Ojuela Mine to the majestic Sierra Madre Mountains and across the desert plains of northern Mexico a boy is forced to survive and grow into manhood through a turbulent decade that erupted into the bloodiest revolution of the twentieth century the Mexican Revolution of 1910 On the run for a murder he didnt commit forced to hide even his name Arnulfo Triana is swept into a maelstrom of tragedy as revolutionaries led by his mentor and friend Pancho Villa collide with the forces of a corrupt dictator *Black Sun* is based on actual events A young mans life unfolds against a background of poverty injustice and political corruption that finally explodes into a devastating revolution [Green City In the Sun](#) Barbara Wood,2012-05-01 A magnificent saga of two proud and powerful families one British one African and their battle over Kenya s destiny in the twentieth century In 1917 Dr Grace Treverton arrives in Kenya determined to bring modern medicine to the African natives Her brother Sir Valentine Treverton has his own dream for the British protectorate to establish an agricultural empire to rival any in England The aspirations of the wealthy Trevertons collide with those of the Mathenge tribe an African family that has lived on the land for years Grace soon finds a deadly rival in Mama Wachera an African medicine woman who fights to maintain native traditions against the encroaching whites After Wachera curses the Trevertons a series of tragedies threatens to destroy what the once great family fought to create But the fates of future generations of these two remarkable families are inextricably bound A bold and brilliant achievement *Green City in the Sun* brims with all the drama violence and fierce beauty of the Kenyan landscape [Child of the Sun](#) Lonn Taylor,2020-09-24 Historian Lonn Taylor built a career as a curator in history museums including the Smithsonian Institution In retirement he wrote weekly columns on the people and places of Texas signed the Rambling Boy

that were distributed widely in print and on the radio This book stands out from his numerous other books on historical and literary topics it s the only one he wrote about himself and the last book he wrote before he died in June 2019 It describes how his experience of growing up in the Philippines from 1947 to 1955 shaped his entire life by teaching him the destructive power of war In the Philippines his father was employed as a civil engineer building and rebuilding roads and bridges in the war devastated islands I lived most of my daily life in a well protected bubble of white colonialism he says in this memoir of his youth and thought nothing about it Despite that well protected bubble Taylor was aware of the ruins all around him the ravages of bombs and artillery shells and of his Filipino neighbors unbowed by their loss of wealth and privilege or their confinement and starvation in Japanese internment camps The manifest strengths and resilience of a society blended of Malay Chinese Spanish and American cultures made him a lifelong believer in the benefits of multiculturalism even as he bore witness to the islands postcolonial woes a feudal agricultural system maintained by landlords with private armies corruption so endemic that even post office clerks expected tips for selling stamps and deadly outbreaks of personal violence As an American child in the Philippines and then inevitably an outsider in the postwar America he returned to at fifteen Taylor honed a keen and varied sense of difference in class culture and language This nuanced understanding can be heard throughout *Child of the Sun* as Taylor reflects on his innocent years conveying with hard earned worldliness and wisdom all the beauty and lasting conflict of a lost world and time
