Addressing Offending Behaviour Simon Green,Elizabeth Lancaster,Simon Feasey,2013-05-13 Offending behaviour is one of the most talked about issues in contemporary society What can be done to stop people reoffending What can be done to help people escape their criminal lifestyles This book aims to review and analyse the different ways in which these questions are addressed in practice drawing upon the expertise of academics and practitioners The book provides a critical reference text for practitioners students and researchers interested in devising the most effective means of addressing offending behaviour Its focus is on the actual work undertaken with offenders and draws upon generic issues of practice applicable across the voluntary community and statutory sectors Addressing Offending Behaviour aims to bridge the gap between practice and research It explores a wide range of innovative techniques for offender intervention along with some of the most challenging academic theories It also considers the wider social political and legal context in which this work takes place and explores the values and bias which

operate at both individual and institutional levels It will be key reading for both students and practitioners involved in the fields of criminology and criminal justice law policing probation prisons youth justice and social work **Social Work and Integration in Immigrant Communities** Kathleen Valtonen,2016-03-03 There has been a marked rise in global migration with many former countries of emigration becoming immigration destinations As a result of this social workers increasingly encounter immigrant clients and are called upon to work in their communities At the same time in the field of research theories conceptual frames perspectives and discourse have materialized and evolved to make sense of contemporary events Social work professionals researchers and students must therefore need to be apprised of current thinking research and discourse in the field of integration Valtonen familiarizes the reader with the variation in national policies institutional arrangements and service responses which all provide rich contrasts and insights into a breadth of policy possibilities Since macro level developments in migration carry direct implications for social work as a discipline and a profession with a central stake and role in immigrant wellbeing this book provides salient information to help with visioning in the profession defining appropriate and concerted responses and building robust standing in the field as well as promoting the linking of disciplinary and multidisciplinary research with practice **Care Management and Community Care** Mark Baldwin,2017-11-22 This title was first published in 2000 Community care stands as an example of a complex policy failing to be implemented as intended Using research and studies of literature on community care this text investigates the reasons behind the failure of this flagship policy focusing on the part played by care managers management and policy implementation approaches It presents an exploration of social work discretion as a potential force for positive and dynamic implementation as opposed to the usual analysis of professional discretion as a necessary evil This potential is demonstrated through the analysis of an innovative research methodology **Strength Based Perspective in Working with Clients with Mental Illness** Kam-Shing Yip,2008 This book offers to serve as a guide for professionals in understanding and applying a strength based perspectives for Chinese clients with mental illness and to discuss the Chinese articulation of concepts and practice of these perspective within Chinese culture Ever since the emergence of a medical model in the explanation of mental illness the disease model or deficit problem orientation became the dominant paradigm in perceiving treating and rehabilitating persons with mental illness The terms mentally ill and mental patient serve as labels for both professionals family caregivers and members of community to describe the burden the needs of care and treatment for persons with mental illness These labels also justify the establishment and implementation of mental health services Under the influences of the disease model persons with mental illness are regarded as subjects for academic research patients for treatment clients for intervention and objects for stigmatisation and labelling **A Century of Social Work and Social Welfare at Penn** Ram A. Cnaan,Melissa E. Dichter,Jeffrey Draine,2008-10 The University of Pennsylvania School of Social Policy and Practice is an acknowledged leader in cultivating theoretical and practical social work knowledge Celebrating the School s centennial this volume heralds

the progressive thinking of its leaders and students while setting the stage for the next century of work at the frontier of the field Following the School s approach the book upholds the core values of social work a clear understanding and respect for the past analysis of current and professional issues a vision of the future that reflects a commitment to social change and the dissemination of knowledge on local national and global issues The intellectual history of the School s founders faculty and students is reconstructed through an extensive collection of articles on a variety of social work themes that employ both data based research and theoretical analysis The volume contains key contributions from practitioners affiliated with the School from the early pioneers in 1908 to recent alumni and current faculty in 2008 A Century of Social Work and Social Welfare at Penn will be an enduring resource for scholars and historians of social work and social welfare as well as a point of reference and pride for those influenced by the achievements of the School s faculty and students

Social Welfare and Social Value Richard Hugman,1998-07-31 Changes in ideas about social welfare have required caring professions to adapt their practices in ways which have challenged their underlying values and their relationships with service users Focusing on nursing remedial therapy and social work this book examines core social values expressed through policy The implications of these ideas for the caring professions in social welfare are explored as are important questions about the use of industrial and commercial metaphors in health and human services

The Professionalization of Poverty Gary R. Lowe,P. Nelson Reid, The essays in this book discuss the evolution of the profession of social work in the twentieth century Its specific focus is the relationship of the professional social worker to the poor Attempting to avoid the usual retelling of the standard narrative of the social work profession The Professionalization of Poverty provides a perspective that goes beyond the typical boundaries of liberal conservative paradigms and suggests that social work incorporate intellectual and methodological elements compatible with both

Applied Research for Better Practice Angela Everitt,Pauline Hardiker,Jane Littlewood,Audrey Mullender,1992-09-02 Addressing the alienation of practitioners from positivist and quantitative research this book shows how research can be compatible with how practitioners collect and understand data Drawing on research approaches that take account of subjectivity and employ participative methods the authors develop an approach to practice for the research minded practitioner Whilst useful for practitioners wanting to do research the primary intention of this book is to explore ways in which practitioners may be research minded in their work

Evaluating for Good Practice Angela Everitt,Pauline Hardiker,1996-11-11 With the changing political economy of social welfare evaluation has become prevalent in the personal social services and voluntary sector organisations This text argues that rational technical and pluralist models of evaluation may collude with new managerialism to act as powerful processes of control Alternative critical models of evaluation which take account of power are explored so as to enable practitioners to take responsibility for evaluating practice both in order to inhibit poor or even corrupt practice and to promote good practice
