## **My First Diary:**

**On Diary** Philippe Lejeune, 2009-04-30 *On Diary* is the second collection in English of the groundbreaking and profoundly influential work of one of the best known and provocative theorists of autobiography and diary. Ranging from the diary's historical origins to its pervasive presence on the Internet from the spiritual journey of the sixteenth century to the diary of Anne Frank and from the materials and methods of diary writing to the question of how diaries end, these essays display Philippe Lejeune's expertise, eloquence, passion, and humor as a commentator on the functions, practices, and significance of keeping or reading a diary. Lejeune is a leading European critic and theorist of diary and autobiography. His landmark essay *The Autobiographical Pact* has shaped life writing studies for more than thirty years, and his many books and essays have repeatedly opened up new vistas for scholarship. As Michael Riffaterre notes, Lejeune's work on autobiography is the most original, powerful, effective approach to a difficult subject. His style is very personal, lively. It grabs the reader as scholarship rarely does. Lejeune's erudition and methodology are impeccable. Two substantial introductory essays by Jeremy Popkin and Julie Rak place Lejeune's work within its critical and theoretical traditions and comment on his central importance within the fields of life writing, literary genetic studies, and cultural studies.

*The Intimate Critique* Diane P. Freedman, Olivia Frey, Frances Murphy Zauhar, 1993 For a long time now, readers and scholars have strained against the limits of traditional literary criticism whose precepts, above all, objectivity seem to have so little to do with the highly personal and deeply felt experience of literature. *The Intimate Critique* marks a movement away from this tradition. With their rich spectrum of personal and passionate voices, these essays challenge and ultimately breach the boundaries between criticism and narrative experience and expression, literature and life. Grounded in feminism and connected to the race, class, and gender paradigms in cultural studies, the twenty-six contributors to this volume, including Jane Tompkins, Henry Louis Gates Jr., Shirley Nelson Garner, and Shirley Geok Lin Lim, respond in new, refreshing ways to literary subjects ranging from Homer to Freud, *Middlemarch* to *The Woman Warrior*, Shiva Naipaul to Frederick Douglass. Revealing the beliefs and formative life experiences that inform their essays, these writers characteristically recount the process by which their opinions took shape, a process as conducive to self-discovery as it is to critical insight. The result, which has been referred to as personal writing, experimental critical writing, or intellectual autobiography, maps a dramatic change in the direction of literary criticism.

***Diaries of Girls and Women*** Suzanne L. Bunkers, 2001-05-30 *Diaries of Girls and Women* captures and preserves the diverse lives of forty-seven girls and women who lived in Minnesota, Iowa, and Wisconsin between 1837 and 1999: young schoolgirls, adolescents, coming-of-age, newlywed wives,

mothers grieving the loss of children teachers nurses elderly women Luxembourg immigrant nuns and women traveling abroad A compelling work of living history it brings together both diaries from historical society archives and diaries still in possession of the diarists or their descendents Editor Suzanne L Bunkers has selected these excerpts from more than 450 diaries she examined Some diaries were kept only briefly others through an entire lifetime some diaries are the intensely private record of a life others tell the story of an entire family and were meant to be saved and appreciated by future generations By approaching diaries as historical documents therapeutic tools and a form of literature Bunkers offers readers insight into the self images of girls and women the dynamics of families and communities and the kinds of contributions that girls and women have made past and present As a representation of the girls and women of varied historical eras locales races and economic circumstances who settled and populated the Midwest *Diaries of Girls and Women* adds texture and pattern to the fabric of American history *Virginia Woolf, the War Without, the War Within* Barbara

Lounsberry, 2020-01-06 Choice Outstanding Academic Title In her third and final volume on Virginia Woolf's diaries Barbara Lounsberry reveals new insights about the courageous last years of the modernist writer's life from 1929 until Woolf's suicide in 1941 Woolf turned more to her diary and to the diaries of others for support in these years as she engaged in inner artistic wars including the struggle with her most difficult work *The Waves* and as the threat of fascism in the world outside culminated in World War II During this period the war began to bleed into Woolf's diary entries Woolf writes about Hitler Mussolini and Stalin copies down the headlines of the day and captures how war changed her daily life Alongside Woolf's own entries Lounsberry explores the diaries of 18 other writers as Woolf read them including the diaries of Leo Tolstoy Dorothy Wordsworth Guy de Maupassant Alice James and Andr  Gide Lounsberry shows how reading diaries was both respite from Woolf's public writing and also an inspiration for it Tellingly shortly before her suicide Woolf had stopped reading them completely The outer war and Woolf's inner life collide in this dramatic conclusion to the trilogy that resoundingly demonstrates why Virginia Woolf has been called the Shakespeare of the diary Lounsberry's masterful study is essential reading for a complete understanding of this extraordinary writer and thinker and the development of modernist literature

Watts, 2014-02-08 This book is focused on work occupation and career development themes that are fundamental to a wide range of human activities and relevant across all cultures Yet theorizing and model building about this most ubiquitous of human activities from international perspectives have not been vigorous An examination of the literature pertaining to career development counseling and guidance that has developed over the last fifty years reveals theorizing and model building have been largely dominated by Western epistemologies some of the largest workforces in the world are in the developing world Career guidance is rapidly emerging as a strongly felt need in these contexts If more relevant models are to be developed frameworks from other cultures and economies must be recognized as providing constructs that would offer a deeper understanding of career development This does not mean that existing ideas are to be discarded Instead an integrative approach that blends universal principles with particular needs could offer a framework for theorizing research and practice that has wider relevance The central objective of this handbook is to draw the wisdom and experiences of different cultures together to consider both universal and specific principles for career guidance and counseling that are socially and economically relevant to contemporary challenges and issues This book is focused on extending existing concepts to broader contexts as well as introducing new concepts relevant to the discipline of career guidance and counseling
