The Non-violent Militant Teresa Billington-Greig, 2001 *The Struggle for Social Justice in British Columbia* Irene Howard, 2011-11-01 Helena Gutteridge was a socialist and feminist whose vision helped to shape social reform legislation in British Columbia in the first decades of the twentieth century and also one of the first women there to hold high political office She was born in England in 1879 A militant suffragist tutored by the Pankhursts she learned the politics of confrontation early Emigrating to Vancouver in 1911 she found the suffrage movement there too polite and organized the B C Woman's Suffrage League to help working women fight for the vote And she kept on organizing As a journeyman tailor she was a power in her union local and as the only woman on the Vancouver Trades and Labor Council their rebel girl she championed the rights of workers and organized women to fight for themselves In the 1930s as a member of the feisty new political movement the Co-operative Commonwealth Federation she joined in the struggles of the unemployed for work and wages Then in 1937 as the first woman ever elected to Vancouver City Council she led the fight for low income housing As was typical for women of her class and time Helena did not keep personal records nor did organizational records exist to any extent Irene Howard made it her task over a period of years to search out and assemble details of Helena's life and career and to interview old comrades who knew Helena and the turbulent times in which she lived Herself a miner's daughter the author brings to her subject an affectionate regard and sympathy qualified by the larger view of the scholar and researcher The result is a lively biography shot through with humour and pathos that pays homage to Helena Gutteridge and to many of the people who have been inspired by a cause and who have taught us about the politics of caring

The Militant Suffrage Movement Laura E. Nym Mayhall, 2003-11-06 The image of middle class women chaining themselves to the rails of 10 Downing Street smashing windows of public buildings and going on hunger strikes in the cause of votes for women have become visually synonymous with the British suffragette movement over the past century Their story has become a defining moment in feminist history in effect separating women's fight for voting rights from contemporary issues in British political history and disconnecting their militancy from other forms of political activism in Britain in the 19th and early 20th centuries Drawing upon private papers pamphlets newspapers and the records of a range of suffrage and political organizations Laura E Nym Mayhall examines militancy as both a political idea and a set of practices that suffragettes employed to challenge their exclusion from the political nation She traces the development of the suffragettes concept of resistance from its origins within radical liberal discourse in the 1860s to its emergence as political practice during Britain's involvement in the South

African War its reliance on dramatic spectacle by suffragette organizations and its memorialization following enfranchisement She reads closely the language and tactics militants used analyzing their challenges in the courtroom on the street and through legislation as reasoned actions of female citizens The differences in strategy among militants are highlighted not just in the use of violence but also in their acceptance and rejection of the authority of the law and their definitions of the ideal relationship between individuals and the state Variations in the nature of protest continued even during World War I when most suffragettes suspended their activities to serve the nation's war effort while others joined peace movements opposed the state's reduction of civil liberties in wartime and continued the struggle for suffrage Mayhall's revealing account of the militant suffrage movement sheds new light upon the social history of gender but more importantly it connects this movement to the political and intellectual history of Britain Not only did militancy play an essential role in the achievement of women's political rights but it also contributed to the practice of engaged citizenship and the growth of liberal democracy

Refusal to Eat Nayan Shah, 2022-01-04 In this enormously ambitious but concise book Nayan Shah observes how hunger striking stretches and recasts to turn a personal agony into a collective social agony in conflicts and contexts all around the world laying out a remarkable number of case studies over the last century and more From suffragettes in Britain and the US in the early twentieth century to Irish political prisoners Bengali prisoners and detainees at post 9 11 Guantamo Bay from Japanese Americans in US internment camps to conscientious objectors in the 1960s from South Africans fighting apartheid to asylum seekers in Australia and Papua New Guinea Shah shows the importance of context for each case and the interventions the protesters faced The power that hunger striking unleashes is volatile unmooring all previous resolves certainties and structures and forcing supporters and opponents alike to respond in new ways

Shaping of Modern Britain provides an unparalleled account of Britain's rise to superpower status. Particular attention is given to the Great Reform Act of 1832 and the implications of the 1867 Reform Act are assessed. Women Making News Michelle Elizabeth Tusan, 2005. Starting in the mid nineteenth century, female editors and journalists created a new genre of political journal they proclaimed to be both for and by women. Specialized periodicals like *Women's Penny Paper* and *Shafts* fostered the proliferation of diverse political agendas aimed at reimagining women's status in society. At the same time, the institutional infrastructure of the women's press provided women with job opportunities in a nontraditional field. Michelle Tusan tells two stories. First, she examines alternative print-based political cultures that women developed during the late nineteenth and early twentieth centuries. Second, she explores how British female subjects forged a wide range of new political identities through the pages of their press. Tusan employs social and cultural historical analysis in the reading of popular printed texts as well as rare and previously unpublished personal correspondence and business records from archives throughout Britain. Insightful and filled with fascinating detail, *Women Making News* uncovers how the relationship between print culture and gender politics provided a vehicle for women's mobilization in the political culture of modern Britain.

[Rise Up Women!](#) Diane Atkinson, 2018-02-08. Marking the centenary of female suffrage, this definitive history charts women's fight for the vote through the lives of those who took part in a timely celebration of an extraordinary struggle. An Observer Pick of 2018, A Telegraph Book of 2018, A New Statesman Book of 2018. Between the death of Queen Victoria and the outbreak of the First World War, while the patriarchs of the Liberal and Tory parties vied for supremacy in parliament, the campaign for women's suffrage was fought with great flair and imagination in the public arena. Led by Emmeline Pankhurst and her daughters Christabel and Sylvia, the suffragettes and their actions would come to define protest movements for generations to come. From their marches on Parliament and 10 Downing Street to the selling of their paper *Votes for Women* through to the more militant activities of the Women's Social and Political Union, whose slogan 'Deeds Not Words' resided over bombed pillar boxes, acts of arson and the slashing of great works of art, the women who participated in the movement endured police brutality, assault, imprisonment and force feeding, all in the relentless pursuit of one goal: the right to vote. A hundred years on, Diane Atkinson celebrates the lives of the women who answered the call to 'Rise Up', a richly diverse group that spanned the divides of class and country, women of all ages who were determined to fight for what had been so long denied. Actresses, mill workers, teachers, doctors, seamstresses, scientists, clerks, boot makers and sweated workers, Irish, Welsh, Scottish and English, a wealth of women's lives are brought together for the first time in this meticulously researched, vividly rendered and truly defining biography of a movement.
