Congress. Senate. Committee on the Budget, 1988 *Rebel Imaginaries* Elizabeth E. Sine, 2020-11-23 During the Great Depression California became a wellspring for some of the era's most inventive and imaginative political movements In response to the global catastrophe the multiracial laboring populations who formed the basis of California's economy gave rise to an oppositional culture that challenged the modes of racialism nationalism and rationalism that had guided modernization during preceding decades In *Rebel Imaginaries* Elizabeth E Sine tells the story of that oppositional culture's emergence revealing how aggrieved

Californians asserted political visions that embraced difference fostered a sense of shared vulnerability and underscored the interconnectedness and interdependence of global struggles for human dignity From the Imperial Valley s agricultural fields to Hollywood seemingly disparate communities of African American Native American Mexican Filipinx Asian and White working class people were linked by their myriad struggles against Depression era capitalism and patterns of inequality and marginalization In tracing the diverse coalition of those involved in labor strikes citizenship and immigration reform and articulating and imagining freedom through artistic practice Sine demonstrates that the era s social movements were far more heterogeneous multivalent and contested than previously understood **The Yale Alumni Weekly** ,1922

ignored That is how did a nation whose past has been marked by mass murder a people who cheered Adolf Hitler reinvent themselves Trentmann tells this dramatic story from the middle of the Second World War through the Cold War and the division of East and West to the fall of the Berlin Wall and Germany's struggle to find its place in the world today This journey includes a series of internal moral conflicts admissions of guilt and shame vying with immediate economic concerns restitution for some but not others tolerance versus racism compassion versus complicity Through a range of voices German soldiers and German Jews displaced persons in limbo East German women and shopkeepers angry about energy shortages opponents and supporters of nuclear power volunteers helping migrants and refugees and right wing populists attacking them Trentmann paints a remarkable and surprising portrait of the German people over eighty years showing how they became who they are today
