Molly George, 2021-10-15 Aging in a Changing World challenges simplified images of old people as racist nostalgic and
resistant to change stereotypes that have only grown more prevalent with the Brexit vote and the 2016 election of Donald

Indigenous Celebrity speaks to the possibilities challenges and consequences of popular forms of recognition critically
recasting the lens through which we understand Indigenous people s entanglements with celebrity It presents a wide range
of essays that explore the theoretical material social cultural and political impacts of celebrity on and for Indigenous people
It questions and critiques the whitestream concept of celebrity and the very juxtaposition of Indigenous and celebrity and
casts a critical lens on celebrity culture s impact on Indigenous people Indigenous people who willingly engage with celebrity
culture or are drawn up into it enter into a complex terrain of social relations informed by layered dimensions of colonialism
racism sexism homophobia transphobia and classism Yet this reductive framing of celebrity does not account for the ways
that Indigenous people s own worldviews inform Indigenous engagement with celebrity culture or rather popular social and
cultural forms of recognition Indigenous Celebrity reorients conversations on Indigenous celebrity towards understanding
how Indigenous people draw from nation specific processes of respect and recognition while at the same time navigating
external assumptions and expectations This collection examines the relationship of Indigenous people to the concept of
celebrity in past present and ongoing contexts identifying commonalities tensions and possibilities Global Noise Tony
