Pacific Cavalcade:

Touring Variety in the Asia Pacific Region, 1946-1975 Jonathan Bollen, 2020-05-06 Aviation extended the horizon of international touring across Asia and the Pacific in the 1950s and 1960s Nightclubs in Hong Kong Manila Melbourne Singapore Sydney Tokyo and Taipei presented an international array of touring acts This book investigates how this happened It explores the post war formation of the Asia Pacific region through international touring and the transformation of entertainment during the jet age of aviation Drawing on archival research across the region Bollen investigates how touring variety forged new relations between artists audiences and nations Mapping tours and tracing networks by connecting fragments he reveals how versatile artists translated repertoire in circulation as they toured and how entrepreneurial endeavours harnessed the production of national distinction to government agendas He argues that touring variety on commercial circuits diversified the repertoire in regional circulation anticipating the diversity emerging in state sanctioned multiculturalisms and driving the government construction of national theatres for cultural diplomacy Pacific Futures Warwick Anderson, Miranda Johnson, Barbara Brookes, 2018-11-30 How when and why has the Pacific been a locus for imagining different futures by those living there as well as passing through What does that tell us about the distinctiveness or otherwise of this sea of islands Foregrounding the work of leading and emerging scholars of Oceania Pacific Futures brings together a diverse set of approaches to and examples of how futures are being conceived in the region and have been imagined in the past Individual chapters engage the various and sometimes contested futures yearned for unrealized and even lost or forgotten that are particular to the Pacific as a region ocean island network destination and home Contributors recuperate the futures hoped for and dreamed up by a vast array of islanders and outlanders from Indigenous federalists to Lutheran improvers to Cantonese small business owners making these histories of the future visible In so doing the collection intervenes in debates about globalization in the Pacific and how the region is acted on by outside forces and postcolonial debates that emphasize the agency and resistance of Pacific peoples in the context of centuries of colonial endeavor With a view to the effects of the slow violence of climate change the volume also challenges scholars to think about the conditions of possibility for future thinking at all in the midst of a global crisis that promises cataclysmic effects for the region Pacific Futures highlights futures conceived in the context of a modernity coproduced by diverse Pacific peoples taking resistance to categorization as a starting point rather than a conclusion With its hospitable approach to thinking about history making and future thinking one that is open to a wide range of methodological epistemological and political interests and commitments the volume will encourage the writing of new histories of the Pacific and new ways of talking about history in this field the region and beyond **The Pacific** Hugh Ambrose, 2010-03-02 The New York Times bestselling official companion book to the Emmy Award winning HBO miniseries Look for The Pacific miniseries now available to stream on Netflix Between America's retreat from China in late November 1941 and the moment General MacArthur's airplane touched

down on the Japanese mainland in August of 1945 five men connected by happenstance fought the key battles of the war against Japan From the debacle in Bataan to the miracle at Midway and the relentless vortex of Guadalcanal their solemn oaths to their country later led one to the Great Marianas Turkey Shoot and the others to the coral strongholds of Peleliu the black terraces of Iwo Jima and the killing fields of Okinawa until at last the survivors enjoyed a triumphant yet uneasy return home In *The Pacific* Hugh Ambrose focuses on the real life stories of five men who put their lives on the line for our country To deepen the story revealed in the HBO miniseries and go beyond it the book dares to chart a great ocean of enmity known as the Pacific and the brave men who fought
