Chicago-Milwaukee-St. Paul & Pacific Railroad Company ,1977 Congressional Record United States. Congress,1974 **Annual Report** California Public Utilities Commission,1925 **The Pacific Reporter** ,1929 *Chinese Diaspora Charity and the Cantonese Pacific, 1850-1949* John Fitzgerald,Hon-ming Yip,2020-04-15 Chinese Diaspora Charity and the Cantonese Pacific 1850 1949 sheds new light on the history of charity among Chinese overseas and its place in the

history of charity in China and in the wider history of global philanthropy It finds that diaspora charity besides serving traditional functions of helping the sick and destitute and supporting development in China helped to build trust among dispersed hometown networks while challenging color boundaries in host societies by contributing to wider social causes The book shows that charitable activities among the Gold Rush communities of the Pacific rim a loosely integrated migr network from Guangdong Province perhaps better known for its business acumen and hard work among English speaking settler societies in North America and Australasia also led the way with social innovations that helped to shape modern charity in China Fitzgerald and Yip s volume demonstrates that charity lay at the heart of community life among Chinese communities overseas From remittances accompanying letters to contributions to benevolent organizations emigrants transferred funds in many different ways to meet urgent requirements such as disaster relief while also contributing to long term initiatives like building schools or hospitals By drawing attention to diaspora contributions to their host societies the contributors correct a common misunderstanding of the historical Chinese diaspora which is often perceived by host communities as self interested or disengaged This important study also reappraises the value of charitable donations in the maintenance of networks an essential feature of diaspora life across the Cantonese Pacific Fitzgerald and Yip s fascinating collection is a major contribution to the growing study of charity and its relationship to social welfare The essays show how remittances were used for much more than family support The book fills a large gap on the almost unrecognized importance of charity among Cantonese communities in the Chinese diaspora Diana Lary University of British Columbia This collection is a great contribution to our understanding of how important charity became among overseas Chinese in the early stages of the diaspora between 1850 and 1949 Philanthropy was crucial in the creation of trust networks among the diasporic communities that earned Chinese recognition to the overseas communities both in China and in their host countries Sue Fawn Chung University of Nevada Las Vegas *Asia Pacific Telecom Newsletter* , *The Gateway to the Pacific* Meredith Oda,2018-12-27 In the decades following World War II municipal leaders and ordinary citizens embraced San Francisco s identity as the Gateway to the Pacific using it to reimagine and rebuild the city The city became a cosmopolitan center on account of its newfound celebration of its Japanese and other Asian American residents its economy linked with Asia and its favorable location for transpacific partnerships The most conspicuous testament to San Francisco s postwar transpacific connections is the Japanese Cultural and Trade Center in the city s redeveloped Japanese American enclave Focusing on the development of the Center Meredith Oda shows how this multilayered story was embedded within a larger story of the changing institutions and ideas that were shaping the city During these formative decades Oda argues San Francisco s relations with and ideas about Japan were being forged within the intimate local sites of civic and community life This shift took many forms including changes in city leadership new municipal institutions and especially transformations in the built environment Newly friendly relations between Japan and the United States also meant that Japanese Americans found fresh

if highly constrained job and community prospects just as the city's African Americans struggled against rising barriers San Francisco's story is an inherently local one but it also a broader story of a city collectively if not cooperatively reimagining its place in a global economy

A Brief History of the Pacific Jeremy Black, 2023-09-07 This brilliantly concise history of the Pacific Ocean nevertheless succeeds in examining both the indigenous presence on ocean's islands and Western control or influence over the its islands and shores There is a particular focus on the period from the 1530s to 1890 with its greater Western coastal and oceanic presence in the Pacific beginning with the Spanish takeover of the coasts of modern Central America Colombia Ecuador and Peru and continuing with the Spaniards in the Philippines There is also an emphasis on the very different physical and human environments of the four quadrants of the Pacific the north east the north west the south east and the south west and of the coastal islands that is the Aleutians Japan and New Zealand and continental coastlines The focus is always on the interactions of Japan California Peru Australia and other territories with the ocean notably in terms of trade migration and fishing Black looks first at the geology currents winds and physical make up of the Pacific then the region's indigenous inhabitants to 1520 He describes the Pacific before the arrival of Europeans its history of settlement navigation methods and religious practices From Easter Island the focus shifts to European voyages from Magellan to Cook and Tasman the problems they faced not least the sheer scale of the ocean Black looks at the impact of these voyages on local people including the Russians in the Aleutian Islands Outside control of the region grew from 1788 to 1898 The British laid claim to Australia and America to the Philippines Western economic and political impact manifested in sandalwood and gold rushes and the coming of steamships accelerated this impact Territorial claims spread through Willis Perry and the Americans including to Hawaii Black looks at the Maori wars in New Zealand and the War of the Pacific on the South American coast Christian missionary activity increased and Gauguin offered a different vision of the Pacific 1899 to 1945 marked the struggle of empires the rise of Japan as an oceanic power and the Second World War in the Pacific as a critical moment in world history Oil powered ships ushered in the American Age from 1945 to 2015 bringing the end of the British Pacific France had a continued role in Tahiti and New Caledonia but America had become the dominant presence Black explores the political economic and cultural impacts of for example Polynesians attending universities in America and Australasia the spread of rugby and relatively little international tension although some domestic pressures remained including instability in Papua New Guinea and Fiji The book ends with a look at the Pacific's future pressures from industrial fishing pollution and climate change the rise of drug smuggling greater Chinese influence leading to conflict with America and Australasia the Pacific is once again on the frontline of military planning But the Pacific's future also includes tourism from Acapulco to Hawaii and from Tahiti to Cairns

The Pacific Alone Dave Shively, 2018-10-01 Winner of the 2019 National Outdoor Book Award for Outdoor Literature In the summer of 1987 Ed Gillet achieved what no person has accomplished before or since a solo crossing from California to Hawaii by kayak Gillet at the age of 36 an accomplished sailor

and paddler navigated by sextant and always knew his position within a few miles Still Gillet underestimated the abuse his body would take from the relentless pounding swells of the Pacific and early into his voyage he was covered with salt water sores and found that he could find no comfortable position for sitting or sleeping Along the way he endured a broken rudder among other calamities but at last reached Maui on his 63rd day at sea four days after his food had run out Dave Shively brings Gillet s remarkable story to life in this gripping narrative based on exclusive access to Gillet s logs as well as interviews with the legendary paddler himself Annual Report of the Board of Railroad Commissioners of the State of California Board of Railroad Commissioners of the State of California,1920 *The Capital Market of Manila and the Pacific Trade, 1668-1838* Juan José Rivas Moreno,2024-10-19 Economic history has always emphasized the importance of long distance trade in the emergence of modern financial markets yet almost nothing is known about the Manila trade This book offers the first reconstruction of the capital market of Manila using new archival sources that have never been used in the economic history of Pacific trade The book explains how trade between Asia and Spanish America across the Pacific which lasted for 250 years 1571 1815 was financed from the city of Manila The book analyses the political economy and institutional structures of the Manila capital market in the context of the global silver trade as well as addressing key similarities and differences with European trade routes and differing approaches to colonialism and commerce in Asian waters It traces how the Manila capital market emerged in a bottom up process with a redistributive aspect that tied the interests of citizens with the fortunes of trade using institutions familiar to the public like legacy funds brotherhoods and lay religious orders to pool liquidity originate working capital and internalise the risk of loss at sea It challenges the notion that there is a normative model for the development of capital markets and introduces an industrial organisation analysis to the broader structure of Early Modern trade in the Spanish Empire Sitting at the intersection of economic and financial history global history imperial history and political economy this book will be a cutting edge and valuable resource for a broad range of scholars
