Pacific Rim Letters:

Pacific Rim Letters Roy Kiyooka, 2002 *Letters* Bienvenido N. Santos, 2017-12-02 This is a book of personal letters that continue to tell the story of my life Letters tell stories too Written words can move hearts From the multi awarded Asian American writer comes a new collection of personal letters that captured long lasting memories Just like its predecessor Letters Book 1 this companion is a non fiction that continues the life story of Bienvenido N Santos Follow the exhilarating undertakings of the pioneering Asian American writer one letter at a time **Translocated Modernisms** Emily Ballantyne, Marta Dvořák, Dean Irvine, 2016-10-04 Translocated Modernisms is a collection of ten chapters partitioned into sections and framed by an introduction by the editors and a coda by Kit Dobson which is interested in those who thronged to the vibrant streets caf s and salons of Montparnasse those who stayed such as Brion Gysin and Mavis Gallant those who returned home such as Morley Callaghan John Glassco David Silverberg and Sheila Watson and those who galvanized local cultural practices by appropriating and translating them from elsewhere While for some Paris becomes a permanent home for others it is simply a temporary excursion which can last for months or for many years The collection opens up the Lost Generation to include multiple generations and broadens its ambit to encompass modernist writers placed under erasure by dominant narratives of Anglo American modernism Instead of limiting the category to a single group based on a collective identity this volume considers lost generations as a particular type of modernist identity attributable to multiple and disparate collectivities These lost generations include those excluded from canonical narrativizations of expatriate modernisms among which we spy the glimmer of other modernists living in the shadows of luminaries long recognized in the Anglo American tradition **Retooling the Humanities** Daniel Coleman, Smaro Kambourelli, 2012-07-02 Is market driven research healthy Responding to the language of knowledge mobilization that percolates through Canadian postsecondary education the literary scholars who contributed these essays address the challenges that an intensified culture of research capitalism brings to the humanities in particular Stakeholders in Canada s research infrastructure university students professors and administrators grant policy makers and bureaucrats and the public who are the ultimate inheritors of such knowledge are urged to examine a range of perspectives on the increasingly entrepreneurial university environment and its growing corporate culture Letters from the Desk of Ronald Reagan Ralph E. The arc of literary giant John Updike's life emerges in these luminous daily letters to family friends editors and lovers a remarkable outpouring over six decades from his earliest consciousness as a writer to his final days As James Schiff writes in the introduction to this volume of the writer who would eventually express himself in written form as copiously and as elegantly as any American writer before him Updike needed to write the way the rest of us need to breathe or eat With his stunning rhetorical gifts enabling him to thrive in both short fiction and the novel criticism as well as poetry Updike was also a consummate letter writer When barely a teenager he began submitting poems and cartoons to national magazines and soliciting famous cartoonists with flattering requests for a drawing His letter writing only increased when he left the family farm in Pennsylvania for Harvard where he composed more than 150 witty substantive letters to his parents The summer after he graduated The New Yorker began accepting his work and his exchanges with editors publishers and writers would stretch into a correspondence that Schiff notes figures not as an adjunct to but rather an integral part of his astonishing literary output The intimacy and lucidity of these letters brings to the fore all manner of subjects and situations notably the ardent feelings for his first love and wife Mary and later the heartbreaking but honestly accounted breakup of their marriage the uncensored passion for other women including his Ipswich neighbor Martha who became his second wife the concern for his children's path to adulthood and the conversations with many literary peers from Joyce Carol Oates to Philip Roth as well as his Knopf and New Yorker editors critics translators and others in the lit business Filled with comic observations opinions and personal news told in the fluid first person voice of the writer himself these missives taken together create a page turning life in letters like no other

Unruly Penelopes and the Ghosts Eva Darias-Beautell,2012-08-06 This collection of essays studies the cultural and literary contexts of narrative texts produced in English Canada over the last forty years It takes as its starting point the nationalist movement of the 1960s and 70s when the supposed absence or weakness of a national sense became the touchstone for official discourses on the cultural identity of the country That type of metaphor provided the nation with the distinctive elements it was looking for and contributed to the creation of a sense of tradition that has survived to the present In the decades following the 1970s however critics artists and writers have repeatedly questioned such a model of national identity still fragile and in need of articulation by reading the

nation from alternative perspectives such as multiculturalism environmentalism neo regionalism feminism or postcolonialism These contributors suggest that the artistic and cultural flowering Canada is experiencing at the beginning of the twenty first century is to a great extent based on the dismantlement of the images constructed to represent the nation only forty years ago Through their readings of representative primary texts their contextual analysis and their selected methodological tools the authors offer a tapestry of alternative approaches to that process of dismantlement Together they read as an unruly Penelopiad their unravelling readings self consciously interrogating Canada s lack of ghosts **Situating** Jo-Anne Lee,John Sutton Lutz,2005 This collection explores the strengths and weaknesses of postmodern social theory in the struggle against racism Recognizing diversity as a conduit for resilience endurance and strength the editors have tried to encourage coalition building by bringing together historians sociologists cultural theorists and literary scholars in dialogue with artists and activists Topics considered include nation formation racialized states cultural racism multiculturalism hyphenated and mixed race identities media and representation and shifting identities Keys to Understanding Documentary Letters of Credit Cornelio (Onnie) A.
