The Santa Claus Bank Robbery A. C. Greene, 1999 Master storyteller A C Greene re creates one of America s most bizarre holdups one that began as a lark On Christmas Eve 1927 four men set off to rob the First National Bank of Cisco Texas Soon the lark turned into a tragedy and at times a comedy of errors The robbers did not realize the car they had stolen for their get away was running on empty The leader did not anticipate the attention his disguise would draw even though it was a bright red Santa Claus suit And they could not have known that all of Cisco would have guns at hand because the Bankers Association had offered a reward of 5000 for any dead bank robber no questions asked The Santa Claus bank robbery set off a chain of events that would lead to violence and the death of six men and launch the largest manhunt Texas had ever seen A C Greene s factual account of the

unusual crime reads like a novel fast paced full of unexpected turns and rich with the flavor of life in Texas at the beginning of the end of the Old West This new edition contains an Afterword with photographs some of them never before published and follow up information on the lives of the participants including the surviving robber witnesses and kidnap victims
