## **Paddington Artist:**

Paddington the Artist HB Michael Bond, 2014-11-01 When Mr Gruber shows Paddington an outdoor painting exhibition he is inspired to take up a new hobby He collects all his paints and brushes from his room and goes out into the garden to work on his masterpieces Soon Paddington has enough pictures to open his own exhibition outside No 32 Windsor Gardens Paddington becomes rather discouraged when no one stops to buy one But there is one mysterious person who appreciates Paddington's art AGE 4-7

Xpaddington Artist HB Michael Bond, 2024-12-05 *Artists and People* Su Braden, 2025-05-01 First published in 1978 *Artists and People* examines the formal attempts by arts administrators to set up schemes for artists to work in community contexts The experience of creative artists who have taken up residencies in schools libraries and art centres is contrasted with the unique forms of expression developed by local communities themselves in new towns housing estates rural centres and inner cities in areas ranging from Tower Hamlets in London through Craigmillar in Scotland to new towns such as Telford and Milton Keynes The book takes the form of a series of accounts of the experiences of artists and communities who have come together in contexts not usually seen as arenas for the arts Su Braden looks at these experiences in the light of the philosophy that the right to artistic expression is a basic human freedom for everybody not just for artists In writing the book she has drawn on her experience as a community arts worker and she assesses the effect of the traditional structures the theatre gallery and concert hall both on the form of art itself and the critical relationship which is intrinsic to its development By looking at the first hand experience of artists and local people she has documented the dependence of much contemporary art for its form and the nature of its critical relationships on the formal structure offered by traditional outlets In contrast the examination of the relationship between artists and communities who have developed creative forms out of a more spontaneous recognition of mutual needs and talents reveals a new perspective on the social value of liberating artistic expression from its formal restraints

**Living Art** Elly Kent, Virginia Hooker, Caroline Turner, 2022-11-08 *Living Art* Indonesian Artists Engage Politics Society and History is inspired by the conviction of so many of Indonesia's Independence era artists that there is continuing interaction between art and everyday life In the 1970s Sanento Yuliman Indonesia's foremost art historian of the late twentieth century further developed that concept stating New Indonesian Art cannot wholly be understood without locating it in the context of the larger framework of Indonesian society and culture and the whole force of history The essays in this book accept Yuliman's challenge to analyse the intellectual sociopolitical and historical landscape that Indonesia's artists inhabited from the 1930s into the first decades of the new millennium including their responses to the COVID 19 pandemic The inclusion of one of Yuliman's most influential essays translated into English for the first time offers those outside Indonesia an insight into a formative period in the generation of new art knowledge in Indonesia The volume also features essays by T K Sabapathy Jim Supangkat Alia Swastika Wulan Dirgantoro and FX Harsono as well as the three editors Elly Kent Virginia Hooker and Caroline Turner The book's

contributors present recent research on issues rarely addressed in English language texts on Indonesian art including the inspirations and achievements of women artists despite social and political barriers Islam inspired art artistic ideologies the intergenerational effects of trauma and the impacts of geopolitical change and global art worlds that emerged in the 1990s The Epilogue introduces speculations from contemporary practitioners on what the future might hold for artists in Indonesia Extensively illustrated Living Art contributes to the acknowledgement and analysis of the diversity of Indonesia s contemporary art and offers new insights into Indonesian art history as well as the contemporary art histories of Southeast Asia and Asia more generally
