Paddington Art School Paddington Art School,      **The Artist** ,1882      Paddington Contemporary Fine Art Paddington Contemporary Fine Art,      Artists and People Su Braden,2025-05-01 First published in 1978 Artists and People examines the formal attempts by arts administrators to set up schemes for artists to work in community contexts The experience of creative artists who have taken up residencies in schools libraries and art centres is contrasted with the unique forms of expression developed by local communities themselves in new towns housing estates rural centres and inner cities in areas ranging from Tower Hamlets in London through Craigmillar in Scotland to new towns such as Telford and Milton Keynes The book takes the form of a series of accounts of the experiences of artists and communities who have come together in contexts not usually seen as arenas for the arts Su Braden looks at these experiences in the light of the philosophy that the right to artistic expression is a basic human freedom for everybody not just for artists In writing the book she has drawn on her experience as a community arts worker and she assesses the effect of the traditional structures the theatre gallery and concert hall both on the form of art itself and the critical relationship which is intrinsic to its development By looking at the first hand experience of artists and local people she has documented the dependence of much contemporary art for its form and the nature of its critical relationships on the formal structure offered by traditional outlets In contrast the examination of the relationship between artists and communities who have developed creative forms out of a more spontaneous recognition of mutual needs and talents reveals a new perspective on the social value of liberating artistic expression from its formal restraints

**Tolstoy on Aesthetics** H.O. Mounce,2019-07-12 This title was first published in 2001 Tolstoy s view of art is discussed in most courses in aesthetics particularly his main text What is Art He believed that the importance of art lies not in its purely aesthetic qualities but in its connection with life and that art becomes decadent where this connection is lost This view has often been misconceived and its strength overlooked This book presents a clear exposition of Tolstoy s What is Art highlighting the value and importance of Tolstoy s views in relation to aesthetics Mounce considers the problems which exercised Tolstoy and explains their fundamental importance in contemporary disputes Having viewed these problems of aesthetics as they arise in a classic work Howard Mounce affords readers fresh insights not simply into the problems of aesthetics themselves but also into their contemporary treatment Students and interested readers of aesthetics and philosophy as well as those exploring the works of Tolstoy in literature will find this book of particular interest and will discover that reading What is Art with attention affords something of the excitement found in removing the grime from an oil painting gradually from underneath there appears an authentic masterpiece
