Paddle Steamers In Camera:

Paddle Steamers in Camera Allan T. Condie, 1987 **Piers & Paddle Steamers in Camera** Pat Bushell, 1989 *The Weaponized Camera in the Middle East* Liat Berdugo, 2021-01-14 Drawing on unprecedented access to the video archives of B Tselem an Israeli NGO that distributes cameras to Palestinians living in the West Bank East Jerusalem and the Gaza Strip Liat Berdugo lays out an argument for a visual studies approach to videographic evidence in Israel Palestine Using video stills as core material it discusses the politics of videographic evidence in Israel Palestine by demonstrating that the conflict is one that has produced an inequality of visual rights The book highlights visual surveillance and counter surveillance at the citizen level how Palestinians originally filmed to shoot back at Israelis who were armed with shooting power via weapons as the occupying force It also traces how Israeli private citizens began filming back at Palestinians with their own cameras including personal cell phone cameras thus creating a simultaneous echoing counter surveillance Complicating the notion that visual evidence alone can secure justice the *Weaponized Camera in the Middle East* asks how what is seen but also who is seeing affects how conflicts are visually recorded Drawing on over 5 000 hours of footage only a fraction of which is easily accessible to the public domain this book offers a unique perspective on the strategies and battlegrounds of the Israel Palestine conflict **A Quayside Camera, 1845-1917** Basil Greenhill, 1975 *Cameras into the Wild* Palle B. Petterson, 2011-08-12 The cinematographers and directors who shot film in wilderness areas at the turn of the 19th century are some of the unsung heroes of documentary film making Apart from severe weather conditions these men and women struggled with heavy and cumbersome equipment in some of the most unforgiving locales on the planet This groundbreaking study examines nature wildlife and wilderness filming from all angles Topics covered include the beginnings of film itself the first attempts at nature and expedition filming technical developments of the period involving cameras and lenses and the role film has played in wilderness preservation The individual contributions of major figures are discussed throughout and a filmography lists hundreds of nature films from the period *A Life on the Lines* R H N Hardy, 2020-02-20 During much of his early career from 1944 through to the early 1960s Richard Hardy took hundreds of pictures of life on the railways and the men he knew and worked with on a daily basis using his trusty Brownie 620 box camera These unique behind the scenes images form a fascinating and hugely evocative portrayal of Britain at the height of the era of steam during the time of the Big Four and after 1947 when the sprawling nationalised network known as British Railways came of age The second edition contains many new unseen photos which capture the railways in wartime providing a valuable social record of the nation at war In addition there is a sequence of rare photographs of French engines railways and railwaymen offering a superb contrast to the British rail network it quickly becomes evident that the British rail system ran on tea whereas the French system ran on wine Great characters are the unifying theme of the pictures and they include famous figures associated with the railways such as the poet John Betjeman This wonderfully illustrated book sets Richard s personal photographs and text

alongside a carefully collated selection of ephemera artworks and photographs drawn from the National Railway Museum in York Collectively these images and artefacts tell the stories of the great brotherhood of railwaymen brilliantly evoking the speed heat and dust of the footplate

Imagining Earth Solvejg Nitzke, Nicolas Pethes, 2017-07-24 While concepts of Earth have a rich tradition more recent examples show a distinct quality Though ideas of wholeness might still be related to mythical religious or utopian visions of the past Earth itself has become available as a whole This raises several questions How are the notions of one Earth or our Planet imagined and distributed What is the role of cultural imagination and practices of signification in the imagination of the Earth Which theoretical models can be used or need to be developed to describe processes of imagining Planet Earth This collection invites a wide range of perspectives from different fields of the Humanities to explore the means of imagining Earth
