Melbourne in three faculties Arts Law and Engineering He was a man of wide ranging intellect and especially devoted to literature music theatre languages and Jewish scholarship He achieved fame as a soldier a citizen soldier in World War I His baptism of fire occurred at Gallipoli and he was almost the only senior allied general to emerge from the agony of the Western Front with his reputation virtually unspotted Before the war Monash pioneered the Australian use of reinforced concrete then a revolutionary construction material On his return he became the first chairman of the State Electricity Commission of Victoria putting his gift for leadership to harnessing Gippsland s huge brown coal deposits Monash spent his energies lavishly on the public affairs of his native Australia and placed his immense prestige at the service of many great causes Geoffrey Serle s award winning and best selling biography of John Monash is much more than a military study It offers a revealing portrait of a confident leader and public figure and of an intensely inward dwelling and sensitive private person
