Pagan Theogony And Cosmogony:

Reformed Dogmatics Herman Bavinck, John Bolt, John Vriend, 2004-10 This classic work of Reformed theology is the second of four volumes now available in English *Lectures on Ancient Philosophy* Manly Palmer Hall, 1929 **The Hypothesis of the Gospels** Ian N. Mills, 2025-11-04 The gospels were not the only books in antiquity to retell the same story Ancient readers had their own language for describing works that retread the same narrative ground Different versions of a story were imagined as sharing a narrative core called a hypothesis Early Christian readers adopted this conceptual model in order to describe gospel literature legitimize its pluriformity and limit its diversity Even before the term hypothesis appeared explicitly however readers imagined gospels in roughly the same way Christians did not radically reimagine the literary character of gospels at the end of the second century when hypothesis language first appeared Rather the components of this model are already present in the earliest evidence for the reception of gospels The standard model for thinking about pluriform narrative traditions in Hellenistic literary culture shaped the production and interpretation of gospel literature from the very beginning , **An Explication of the Gospel-Theism and the Divinity of the Christian Religion.**

Containing the true account of the system of the universe, and of the Christian Trinity, etc Richard Brocklesby, 1706

Lectures on Ancient Philosophy Manly P. Hall, 2005-09-08 Complete in itself this volume originated as a commentary and expansion of Manly P Hall s masterpiece of symbolic philosophy *The Secret Teachings of All Ages* In *Lectures on Ancient Philosophy* Manly P Hall expands on the philosophical metaphysical and cosmological themes introduced in his classic work *The Secret Teachings of All Ages* Hall wrote this volume as a reader s companion to his earlier work intending it for those wishing to delve more deeply into the esoteric philosophies and ideas that undergird the Secret Teachings Particular attention is paid to Neoplatonism ancient Christianity Rosicrucian and Freemasonic traditions ancient mysteries pagan rites and symbols and Pythagorean mathematics First published in 1929 the year after the publication of Hall s magnum opus this edition includes the author s original subject index twenty diagrams prepared under his supervision for the volume and his 1984 preface which puts the book in context for the contemporary reader **A New System of Mythology** Robert Mayo, 1815 **Shaman and Sage** Michael Horton, 2024-05-28 The first volume of Michael Horton s magisterial intellectual history of spiritual but not religious as a phenomenon in Western culture Discussions of the rapidly increasing number of people identifying as spiritual but not religious tend to focus on the past century But the SBNR phenomenon and the values that underlie it may be older than Christianity itself Michael Horton reveals that the hallmarks of modern spirituality autonomy individualism utopianism and more have their foundations in Greek philosophical religion Horton makes the case that the development of the shaman figure in the Axial Age particularly its iteration among Orphists represented a divine self One must realize the divinity within the self to break free from physicality and become one with a panentheistic unity Time and time again this tradition of divinity hiding in nature has arisen as an alternative to monotheistic submission to a god who

intervenes in creation This first volume traces the development of a utopian view of the human individual a divine soul
 longing to break free from all limits of body history and the social and natural world When the second and third volumes are
