Both English and Latin Estelle Haan, 2012-01-01 This study examines the interplay of Latin and English in a selection of John Milton's neo Latin writings It argues that this interplay is indicative of an inherent bilingualism that proceeds hand in hand with a self-fashioning that is bicultural in essence

Interlingual flexibility ultimately proved central to the poet of Paradise Lost an epic uniquely characterized by its Latinate vernacular and its vernacular Latinitas Author Estelle Haan Sheehan is Professor of English and Neo Latin Studies at The Queen's University of Belfast She is a well known and well respected Neo Latinist who has published several volumes with the American Philosophical Soc and has recently edited Milton's Latin and Greek poetry for Oxford University Press

**English Spirituality** Gordon Mursell, 2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years

Augustine and the Jews Paula Fredriksen, 2010-10-12 Now in paperback with a new postscript this updated edition of Paula Fredriksen's critically acclaimed Augustine and the Jews traces the social and intellectual forces that led to the development of Christian anti Judaism and shows how and why Augustine challenged this tradition Drawing us into the life times and thought of Augustine of Hippo 396-430 Fredriksen focuses on the period of astounding creativity that led to his new understanding of Paul and to his great classic The Confessions She shows how Augustine's struggle to read the Bible led him to a new theological vision one that countered the anti Judaism not only of his Manichaean opponents but also of his own church The Christian Empire Augustine held was right to ban paganism and to coerce heretics But the source of ancient Jewish scripture and current Jewish practice he argued was the very same as that of the New Testament and of the church namely God himself

Accordingly he urged Jews were to be left alone Conceived as a vividly original way to defend Christian ideas about Jesus and about the Old Testament Augustine's theological innovation survived the collapse of the Western Roman Empire and it ultimately served to protect Jewish lives against the brutality of medieval crusades Augustine and the Jews sheds new light on the origins of Christian anti-Semitism and through Augustine opens a path toward better understanding between two of the world's great religions

*A Letter from Christ* Kerry D. McRoberts, 2012-02-15 Our nation is politically ideologically and

socially polarized to the point of breaking confusion dominates every layer of our culture The church in America is a letter from Christ 2 Cor 3 3 written to our politically cynical socially insecure and spiritually skeptical culture Before the Gospel may become clear in our post everything culture we must make truth real in our hearts The purpose of this book is to 1 redefine dualistic frames in the minds of contemporary Christians that separate the saved from the advent of God s healing reign on Earth 2 relate Christian compassion to a post secular America and 3 propose a redefinition of the Christian controlling narrative Such a revised narrative will light the way for our restless hearts so that we as a nation may return from exile to restoration and rejoice in the sovereign reign of God in Christ

**The Resurrection of the Son of God** Nicholas Thomas Wright, 2003-03-17 Explores ancient beliefs about life after death highlighting the fact that the early Christians belief about the afterlife belonged firmly on the Jewish spectrum while introducing several new mutations and sharper definitions forcing readers to view the Easter narratives not simply as rationalizations but as accounts of two actual events the empty tomb of Jesus and his appearances Simultaneous Hardcover no longer available

**English Literature, Theology and the Curriculum** Liam Francis Gearon, 1999-01-10 The Theology in Dialogue Series explores the relationship between theology and different secular academic disciplines which appear within the degree programs of colleges and universities Each volume begins with a chapter and a reply providing a thoughtful justification for the interaction of theology and the particular subject This is followed by a theoretical analysis of this interaction and a range of case studies illustrating the situation in the classroom English Literature Theology and the Curriculum explores the nature and authority of religious writings and their influence on secular literature What makes it distinctive is the manner in which it investigates the textual dynamic between the two disciplines by combining both theory and case study in a single collection of writings It discusses interdisciplinary dialogue offers case studies on literature and theology from Anglo Saxon verse to the twentieth century novel and looks at curriculum considerations The eminence and breadth of the contributors is outstanding Praise for English Literature Theology and the Curriculum A superbly rich collection as valuable to those involved in literary studies as to theologians It breathes life and real engagement Times Educational Supplement Fascinating and scholarly collection This is an excellent book Though some of the chapters are better than others none is a dud Its contributors and editor are to be congratulated Journal of Beliefs and Values These substantial essays deserve more extensive comment than a brief review permits Liam Gearon s chapter prompted this reviewer to embark on a reading of Brian Moore s work a rewarding undertaking for which his chapter proved an invaluable guide International Journal of Children s Spirituality Perhaps what is most noteworthy about Liam Gearon s edited volume is that it combines theory with practical applications and concludes with reflections on the implications for teaching ample food for thought for instructors designing courses in literature theology or interdisciplinary subjects Teaching Theology
