Christianity and Paganism in the Fourth to Eighth Centuries Ramsay MacMullen, 1997-01-01 The slaughter of animals for religious feasts the tinkling of bells to ward off evil during holy rites the custom of dancing in religious services these and many other pagan practices persisted in the Christian church for hundreds of years after Constantine proclaimed Christianity the one official religion of Rome In this book Ramsay MacMullen investigates the transition from paganism to Christianity between the fourth and eighth centuries He reassesses the triumph of Christianity contending that it was neither tidy nor quick and he shows that the two religious systems were both vital during an interactive period that lasted far longer than historians have previously believed MacMullen explores the influences of paganism and Christianity upon each other In a rich discussion of the different strengths of the two systems he demonstrates that pagan beliefs were not eclipsed or displaced by Christianity but persisted or were transformed The victory of the Christian church he explains was one not of obliteration but of widening embrace and assimilation This fascinating book also includes new material on the Christian persecution of pagans over the centuries through methods that ranged from fines to crucifixion the mixture of motives in conversion the stubbornness of pagan resistance the difficulty of satisfying the demands and expectations of new converts and the degree of assimilation of Christianity to paganism Pagan Rome and the Early Christians Stephen Benko, 1986-07-22 In the early Roman empire Christians were seen by pagans as overthrowers of ancient gods and destroyers of the prevailing social order Allegations that Christians recognized each other by secret marks met at night and

made love to one another indiscriminately worshipped the head of an ass and the genitals of their high priests and ate children were widely believed In examining these charges and the Christian response to them Benko has provided a persuasively argued and refreshing if controversial perspective on the confrontation of the pagan and early Christian worlds Pagans and Christians in the Late Roman Empire Marianne Sághy, Edward M. Schoolman, 2017-10-10 Do the terms pagan and Christian transition from paganism to Christianity still hold as explanatory devices to apply to the political religious and cultural transformation experienced Empire wise Revisiting pagans and Christians in Late Antiquity has been a fertile site of scholarship in recent years the paradigm shift in the interpretation of the relations between pagans and Christians replaced the old conflict model with a subtler complex approach and triggered the upsurge of new explanatory models such as multiculturalism cohabitation cooperation identity or group cohesion This collection of essays inscribes itself into the revisionist discussion of pagan Christian relations over a broad territory and time span the Roman Empire from the fourth to the eighth century A set of papers argues that if paganism had never been fully extirpated or denied by the multiethnic educated elite that managed the Roman Empire Christianity came to be presented by the same elite as providing a way for a wider group of people to combine true philosophy and right religion The speed with which this happened is just as remarkable as the long persistence of paganism after the sea change of the fourth century that made Christianity the official religion of the State For a long time afterwards pagans and Christians lived in between polytheistic and monotheist traditions and disputed Classical and non Classical legacies **Christian and Pagan in the Roman Empire** Tertullian, 2001-09 In this volume Robert D Sider undertakes a judicious pruning of the original texts and brings a fresh accessibility to the important writings of Tertullian The history of Christianity ... to the abolition of paganism in the Roman empire Henry Hart Milman, 1863 The History of Christianity, from the Birth of Christ to the Abolition of Paganism in the Roman Empire Henry Hart Milman, 1875 An Introduction to Early Church History Robert Martin Pope, 1918 An Introduction to Early Church History Being a Survey of the Relations of Christianity and Paganism in the Early Roman Empire by Robert Martin Pope first published in 1918 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it
