Paideia Of God And Other Ebays On Education:

The Paideia of God and Other Essays on Education Douglas Wilson, Canon Press, 1999 This book is a defense of Christian education *A Christian Paideia* D. Bruce Lockerbie, 2005-01-01 *God's Wisdom* Peter Crafts Hodgson, 1999-01-01 This book explores and affirms the religious dimension of education Peter Hodgson argues that the passage of knowledge from teacher to student is in many ways analogous to God's method of imparting divine wisdom by leading the human spirit into its widest range of possibilities *Assemblies of God Philosophy of Education* Assemblies of God. Department of Education, 1974* *Jesus and the Ways of Socrates* William T. Iverson, 2012-09-01 Socrates and Jesus are the most eminent teachers in history yet they never wrote books What they did do was ask simple profound questions that were easy to understand ensuring their audience would remember and ultimately learn from the discussion Jesus and the Ways of Socrates delves into the similar teaching styles of Socrates and Jesus and shows how their manner of communication became an indispensable educational tool Dr William T Iverson sociologist and theologian takes an in depth look at how discipleship communicating with a small group and asking thoughtful questions was the most effective means for Jesus to communicate the Gospel and for Socrates to impart his wisdom Dr Iverson dissects the Socratic method and offers convincing evidence that this is the type of education needed in teaching theology today whether in schools churches or discussion groups He also explores the philosophical underpinnings of Socrates and Jesus addresses the importance of a well read populace and examines the method of discipleship in the city the church and in teaching the humanities Jesus and the Ways of Socrates sheds light on how education remains a fundamental component of Christian ministry I have known Bill for many years and I can say that experiential is his lifestyle As a pastor professor seminary dean city missionary street preacher church planter coach and father he has ministered on this wavelength for more than fifty years I can learn much from such a man and I expect others can too That is why it is a joy to commend this book to you Robert Coleman Gordon Conwell Theological Seminary Author of the *The Master Plan for Evangelism* *Building the Christian Academy* Arthur Frank Holmes, 2001 Until Relatively Recently the history of higher education in the West was the story of a Christian academic tradition that played a major role in both intellectual history and the history of the church Over the last one hundred years however we have witnessed the progressive secularization of higher education George Marsden goes so far as to suggest that the American university has lost its soul But what was that putatively Christian soul Precisely what in the Christian tradition has now been lost And what should we know about that tradition as a condition of practical wisdom for the present **The Modern Challenge to Religious Education** Gerald Emmett Carter, 1961 *The Christian Home School* Greg Harris, Gregg Harris, 1994-12 The Christian Home School is a classic easy to read introduction that has led thousands of families into home schooling Topics include why to home school how to get started answers to socialization questions curriculum choices and much more The new 1995 edition includes up to date information and a new chapter on Delight Directed Study *Essays in*
