*Remembering George Cardinal Pell* Tracey Rowland, 2025-05-12 Cardinal George Pell was a significant figure in Australian public life and in the life of the Catholic Church from the time of his appointment to the episcopacy in the 1980s until his death in 2023. His imprisonment for some 404 days for a crime he did not commit was one of the greatest miscarriages of justice in Australian legal history. His scapegoat treatment has been compared to that of Alfred Dreyfus in the period of the Third French Republic. As a defender of Catholic orthodoxy, Pell drew opposition from liberal Catholic quarters and from anti-Christian intellectual elites, and as the Vatican's Prefect for the Economy, he found himself in the position of having to expose and then clean up the financial corruption within the Roman Curia. Thus he was fighting wars on more than one front in more than one country. He had many enemies but he also had many friends and was revered by young Catholics on the orthodox end of the theological spectrum. While much has been written to vilify him in the popular press by those who opposed his ideas and while some scholars have sought to examine the R v Pell case from an emotionally detached position, this book is something different. It is a collection of memoirs by those who knew him well. It is not intended as an exercise in hagiography or apologetics but rather it reveals dimensions of the Cardinal's personality that never made the pages of the popular press. This book is a record of memories, those who knew Cardinal Pell as a gift to future generations of Catholics who may find this era of history of interest. In particular, it is a record for younger Catholics who come from families where their parents and grandparents supported the Cardinal. Since the Cardinal was well known not only in Australia but across the entire Anglosphere, this collection of memoirs should be of broad international interest. In the manner of a kaleidoscope, it offers a multidimensional picture of a man who, whether you love him or loathe him, was a passionate defender of the Catholic faith.

The New Generation of Country Music Stars David Dicaire, 2014-11-21 This book highlights 50 of the most important entertainers in contemporary country music, providing a brief biography of each artist with special emphasis on experiences that influenced their musical careers. The artists are divided into five categories: The New Traditionalists (artists such as George Strait, Reba McEntire, and Clint Black who established the mainstream country sound in the 1980s); Alternative Country artists (such as Steve Earle and Bela Fleck who made country music on their own terms); Groups/ensemble acts (such as Alabama, the Dixie Chicks, and Rascal Flatts) that have carried on the traditions of the Carter Family and other prominent groups of the 1920s and 1930s; Country Pop artists (such as Garth Brooks and Shania Twain) who firmly established the countrypolitan sound as the cash cow of Nashville; and New Country, the next generation of country pop artists with particular attention paid to international megastars such as Keith Urban and teen sensations including LeAnn Rimes and
