Painting the Nation John Morrison, 2003 This study describes one of the most vibrant periods of Scotland's art and casts new light on the evolution of its identity and culture Painting the Nation John Morrison, 2003 This study describes one of the most vibrant periods of Scotland's art and casts new light on the evolution of its identity and culture **"Painting Labour in Scotland and Europe, 1850-1900 "** John Morrison, 2017-07-05 **Painting Labour in Scotland and Europe 1850 1900** explores hitherto unrecognized European variations in the phenomena of rural labour imagery particularly in Scotland In exploring these distinctions relative to Scotland and Europe it looks to develop a new understanding of the commonalities and idiosyncrasies of rural labour imagery which have often been treated as homogenous Lacking the detailed analysis that has been accorded other images writing about Scottish painting has often been appended to analyses of English or French imagery It has generally been understood as intellectually divorced from the sometimes brutal realities of evolving Scottish nineteenth century urbanism or simply ignored **Painting Labour in Scotland and Europe 1850 1900** sets out systematically to discuss the Scottish rural painting in relation to its particular Scottish historical context both sociological and aesthetic and its English and European counterparts Alongside canonical Scottish images by major figures such as James Guthrie the book explores many hitherto under researched and unconsidered paintings by nineteenth century Scottish artists and considers them in relation to major English and Continental Realist and Romantic painters The juxtaposition of J F Millet with W D McKay and Edwin Landseer with George Reid makes for a volume that will appeal both to an academic audience and to one interested in European art history more generally *Scotland, CEMA and the Arts Council, 1919-1967* Mr Euan McArthur, 2013-05-28 A case study of the relationship between arts and cultural policy and nationalism Scotland CEMA and the Arts Council 1919 1967 Background Politics and Visual Art Policy examines the overlooked significance of Scotland in the development of British arts policy and institutions This study is broadly relevant in an era of political devolution which continues to pose questions for the constituent nations of Britain and their sense of self and collective identities Euan McArthur provides a clear account of the background to and evolution of the Council for the Encouragement of Music and the Arts CEMA and the Arts Council of Great Britain ACGB in Scotland up to the formation of the Scottish Arts Council SAC in 1967 He also presents a study of Scottish visual art policy and activities between 1940 and 1967 assessing the successes and failures of visual art policy in Scotland including the degree to which it evolved differently from England This development leading to the re naming of the Scottish Committee of the ACGB as the SAC prepared the way for the expansion of activities that marked the 1970s and after Based on extensive archival research this book brings to light previously unavailable material not covered in existing accounts of CEMA ACGB Scots Imagination and Modern Memory Andrew Blaikie, 2013-08-20 Blaikie explores how our different ways of seeing influence the relationship between place and belonging He argues that our memories however brief or complex invoke imagined pasts But do our recollections share a common
