Aesthetic desire and distaste prime everyday life in surprising ways The Cultural Promise of the Aesthetic casts much needed light on the complex mix of meanings our aesthetic activities weave into cultural existence Anchoring aesthetic experience in our relationships with persons places and things Monique Roelofs explores aesthetic life as a multimodal socially embedded corporeal endeavor Highlighting notions of relationality address and promising this compelling study shows these concepts at work in visions of beauty ugliness detail nation ignorance and cultural boundary Unexpected aesthetic pleasures and pains crop up in sites where passion perception rationality and imagination go together but also are in conflict Bonds between aesthetics and politics are forged and reforged Cross disciplinary in outlook and engaging the work of theorists and artists ranging from David Hume to Theodor W Adorno Frantz Fanon Clarice Lispector and Barbara Johnson The Cultural Promise of the Aesthetic lays open the interpretive web that gives aesthetic agency its vast reach Selected poems, ed. by E. Gosse Thomas Gray, 1885 Collage in Twentieth-Century Art, Literature, and Culture Rona Cran, 2016-05-23 Emphasizing the diversity of twentieth century collage practices Rona Cran's book explores the role that it played in the work of Joseph Cornell William Burroughs Frank O Hara and Bob Dylan For all four collage was an important creative catalyst employed cathartically aggressively and experimentally Collage's catalytic effect Cran argues enabled each to overcome a potentially destabilizing crisis in representation Cornell convinced that he was an artist and yet hampered by his inability to draw or paint used collage to gain access to the art world and to show what he was capable of given the right medium Burroughs formal problems with linear composition were turned to his advantage by collage which enabled him to move beyond narrative and chronological requirement O Hara used collage to navigate an effective path between plastic art and literature and to choose the facets of each which best suited his compositional style Bob Dylan's self conscious application of collage techniques elevated his brand of rock and roll to a level of heightened aestheticism Throughout her book Cran shows that to delineate collage stringently as one thing or another is to severely limit our understanding of the work of the artists and writers who came to use it in non traditional ways Poetry and Drama ,1913 Poetry and the Sense of Panic ,2021-09-20 For all the disciplined artifice of Elizabeth Bishop and John Ashbery the essays in this collection show that panic plays a crucial role in their work giving substance to Bishop's claim that an element of mortal panic and fear underlines all art Panic emerges as a condition of creative anxiety and the self imposed demands of originality in response to the poetic traditions Bishop and Ashbery inherited These concerns are explored in essays addressed to Bishop and Ashbery s engagement with European Surrealism as an alternative to the dominant poetics of Modernism and its aftermath in the middle years of the twentieth century Other essays debate the philosophical religious and political orientation of their work in relation to Romantic orthodoxies and Postmodern ironies in terms of cultural history ideology and poetic practice This collection provides original commentaries on the work of two poets widely regarded as amongst the most significant American poets of the second half of the twentieth century with essays by notable scholars from the United States and
