Paisajes de pocas palabras Blanca Saravia Ibañes,Manuel Saravia Madrigal,2025-07-28 Este trabajo se fundamenta en el brev simo cuento de Julio Cort zar titulado La continuidad de los parques que podemos resumir parafraseando a Fernando Chelle Entre los distintos mundos de ficci n est establecida una ntima continuidad que se manifiesta decisiva y que puede incluso llegar hasta la muerte del mundo o del observador como se quiera Pues por encima de todo tanto el paisaje como las palabras que lo cuentan y los poemas que lo cantan est n fraternalmente abrazados Por su propia naturaleza Pues bien el ensayo va por ah A partir de un precioso macguffin siempre hemos querido usar esta expresi n de la escritora inglesa Jeanette Winterson nos lanzamos a desentra ar qu tendr M nchester para que nuestra autora lo vea como un paisaje de pocas palabras Y organizamos la indagaci n para empezar en tres cap tulos Uno sobre el paisaje otro sobre las palabras y el tercero sobre pocas No se nos podr reprochar falta de orden o sistema Buscamos ayuda por doquier De hecho el trabajo se construye como un peculiar patchwork que recoge alborotadamente todos los trozos que hemos podido hilvanar trayendo al juego a Montaigne Sim nides los Alberti Sk rmeta Agatha Christie Moli re no se nos podr reprochar falta de desorden Pero la investigaci n reclama alguna comprobaci n emp rica Y con esa intenci n recorrimos dos ciudades y decenas de paisajes en ellas Valladolid donde vivimos Y M nchester donde viajamos Y constatamos que cada paisaje exige sugiere y entrega poemas cortos que los describen mejor que cualquier otra explicaci n o representaci n Y que cada paisaje se enreda inevitablemente en la vida y en la muerte de quienes lo contemplan esa es su condici n Lo curioso es

Sindesis III. Rueda Plata, Carlos Iván, Castro Ricardo, Aquino Eduardo, 2018-05-31 El proyecto investigativo general de Sindesis busca abrir horizontes en los procesos metodológicos para la creación de obras arquitectónicas y proyectos de lugar y de forma correlacionada también para ofrecer estrategias de interpretación o recreación por conducto de la crítica. De esta forma la crítica retroalimenta la obra y la obra a su vez estimula la crítica en un proceso creativo que más que circular y lo ilustrar a como una espiral. En esta edición de Sindesis III se ha vinculado al proyecto el profesor Eduardo Aquino con un capítulo en el que desarrolla una propuesta original sobre una condición de entornoplaya no necesariamente relacionada con la playa como tal en un sentido geográfico literal sino concebida como espacio público cualitativo y lugar para el ocio creativo tan necesario para una sociedad contemporánea. Ricardo L. Castro retorna a esta serie con un ensayo en el cual durante un peregrinaje personal anual lanza una mirada sindética desde Delfos. Allí encuentra un sinnúmero de relaciones con sus experiencias de la Capilla Campestre del Hermano Klaus diseñada por Peter Zumthor en el sur de Colonia Alemania. La experiencia síca la inmediatez del lugar territorializado por el propio Castro combinada con la inmediatez conceptual y cultural con el locus sirven para entender y poder intervenir en el lugar ya sea por medio del diseño o la escritura la síca en una forma apropiada y contribuyen a un desarrollo del manuscrito en forma tipicamente sindética. Mi texto para Sindesis III retoma el ejemplo ya explorado por Castro la Capilla Bruder Klaus para desarrollar una tesis al respecto de la relevancia que tiene la intencionalidad en el proceso creativo e interpretación de la arquitectura con orientación fenomenológica. El texto enséñatico pues pone juntas o hace una sindesis de teorías que provienen de la literatura filosófica y la arquitectura. La tesis puntual de este capítulo se centra en mostrar qué instrucciones del autor en la Capilla Bruder Klaus Zumthor celebra los rituales poéticos de la construcción misma de la obra. La capilla se convierte entonces en un memorial poético de su propia construcción.

Handmade in Cuba Ruth Behar, Juanamaria Cordones-Cook, Kristin Schwain, 2020-05-15 Handmade in Cuba is an in-depth examination of Ediciones Vigía, an artisanal press that published exquisite books crafted from simple supplies during some of Cuba's most dire economic periods. Vividly illustrated, this volume shows how the publishing collective responded to the nation's changing historical and political situation from the margins of society, representing Cuban culture across the boundaries of race, age, gender, and genre. In this volume, poets and scholars reflect on the unique artistic direction of Rolando Estévez, who oversaw the creation of over 500 handmade books and magazines between 1985 and 2014. They highlight the beautiful designs and unusual materials selected, including fabric, metals, wood, feathers, and discarded items. Through diverse perspectives, including an interview with Estévez himself, the essays showcase the unlimited inventive possibilities of books as objects, as sculptural pieces, and as installations. Even in the age of technology, Estévez generated enormous excitement and admiration for these hand-crafted books, and this volume offers the first inside view of this
