Paleographical Papers Ludwig Bieler, 1972 **Paleographical Papers 1907-1965** Elias Avery Lowe, 1972 **The Oxford Handbook of Latin Palaeography** Frank T. Coulson, Robert Gary Babcock, 2020 The Oxford Handbook of Latin Palaeography provides a comprehensive overview of the development of Latin script from Antiquity to the Renaissance codicology and the cultural setting of the medieval manuscript It will be an indispensable tool for all those interested in medieval book production **Law, Culture and Regionalism in Early Medieval Spain** Roger Collins, 2024-10-28 Roger Collins deals here with the history of Spain specifically Christian Spain in the period from the 6th to the 10th century from the Visigoths through the time of the Arab conquests up to the end of the era of Carolingian dominance across the Pyrenees Particular emphasis indeed is placed upon the importance of this Pyrenean region in the lands now known as France as well as those in Spain with the author also calling into question the received notion of an Aquitanian identity in the 5th 9th centuries Of the themes running through this volume that of regionalism is most evident here and in the articles on the Basques but appears equally for instance in the study on the relations between Merida and the Visigothic government Similarly legal and cultural themes provide the focus for the articles on the workings of Visigothic law in the 9th 10th centuries or on the intellectual culture of Navarre but recur in other parts of the collection Two of these articles appear for the first time in English while a third has been re written for this volume and others supplied with additional notes or illustrations Roger Collins traite ici de l histoire d Espagne et plus particulièrement de celle de l Espagne chrétienne entre le 6e et le 10e siècle des Visigoths jusqu à la fin de l hégémonie carolingienne au nord du pays en passant par les conquêtes arabes L importance de la région pyrénéenne recouvrant des terres qui font de nos jours partie de la France ainsi que de l Espagne est soulignée par l auteur qui remet par ailleurs en question l idée reçue d identité aquitaine qui prévalait entre le 5e et le 9e siècle Certains thèmes locaux et culturels forment la base d articles sur le fonctionnement du droit visigoth aux 9e et 10e siècles ou encore sur la culture intellectuelle de la Navarre et resurgissent d autres endroits de la collection Le régionalisme reste cependant le plus prédominant *Boethius as a Paradigm of Late Ancient Thought* Thomas Böhm, Thomas Jürgasch, Andreas Kirchner, 2014-10-10 Boethius is largely underrated in the history of Western thought Scholarship often regarded him and his era Late Antiquity as mere intermediaries between Antiquity and the Middle Ages This volume shows that Boethius and his time can be appreciated in their own right *Bede and the Theory of Everything* Michelle P. Brown, 2023-09-24 An accessible biography of the venerable Bede regarded as the father of English history A 2023 History Today Book of the Year This book investigates the life and world of Bede c 673 735 the foremost scholar of the early Middle Ages and the father of English history It examines his notable feats including calculating the first tide tables creating the Ceolfrith Bibles and the Lindisfarne Gospels writing the earliest extant Old English poetry and composing his famous Ecclesiastical History of the English People In addition to providing an accessible overview of Bede s life and work Michelle P Brown describes new

discoveries regarding Bede's handwriting his historical research and his previously lost Old English translation of St John's Gospel dictated on his deathbed A History of Codex Bezae's Text in the Gospel of Mark Peter E. Lorenz, 2021-11-08 As the principal Greek witness of the so called Western tradition of the gospels and Acts Codex Bezae's enigmatic text in parallel Greek and Latin columns presents a persistent problem of New Testament textual criticism The present study challenges the traditional view that this text represents a vivid retelling of the canonical narratives cited by ancient writers from Justin Martyr to Marcion and translated early into Syriac and Latin **A Companion to Tacitus** Victoria Emma Pagán, 2012-01-09 A Companion to Tacitus brings much needed clarity and accessibility to the notoriously difficult language and yet indispensable historical accounts of Tacitus The companion provides both a broad introduction and showcases new theoretical approaches that enrich our understanding of this complex author Tacitus is one of the most important Roman historians of his time as well as a great literary stylist whose work is characterized by his philosophy of human nature Encourages interdisciplinary discussion intended to engage scholars beyond Classics including philosophy cultural studies political science and literature Showcases new theoretical approaches that enrich our understanding of this complex author Clarifies and explains the notoriously difficult language of Tacitus Written and designed to prepare a new generation of scholars to examine for themselves the richness of Tacitean thought Includes contributions from a broad range of established international scholars and rising stars in the field **Clerical Orders in the Early Middle Ages** Roger E. Reynolds, 2024-10-28 The theology of sacred or clerical orders of the Latin Church in the high and later Middle Ages developed from an amalgam of texts written from late patristic antiquity through to the early 12th century Such texts many studied and edited here include letters tracts sermons liturgical commentaries ordination instructions and canon law pieces Within these texts multiple topics might be considered such as the Old and New Testament origins of each of the clerical grades their number and hierarchical ranking the duties dress and moral conduct of a cleric and ordination ritual Particularly striking are the multiple duties assigned each grade and their modification in various parts of the Western Church Many of these texts found their way not only into more formal theological treatments of sacred orders but also into ordination rites Probably the most public and visible duty of a cleric was his function as a eucharistic officer and one essay in this collection deals with perhaps the most famous early medieval depiction of this clerical ritual on the ivory covers of the 9th century Drogo Sacramentary *A Bibliographic History of the Book* Joseph Rosenblum, 1995 skillfully compiled should be useful to anyone interested in placing his or her studies in the context of printed and bound literature ENGLISH LITERATURE IN TRANSITION 1880 1920 **The Visigoths in Gaul and Spain A.D. 418-711** Alberto Ferreiro, 2023-11-27 *Palaeographical Papers, 1907-1965.
