Philosophical Novelist:

A Philosophical Novelist Henry Tompkins Kirby-Smith, 1997 In the preface to the second edition of *The Last Puritan* George Santayana wrote that he saw this memoir in the form of a novel as an exemplification of his own spirit H T Kirby Smith uses Santayana's 1936 novel *The Last Puritan* as both an occasion and a means for bringing into focus the complex relations between Santayana's life his personality and his philosophy

Iris Murdoch: Philosophical Novelist Miles Leeson, 2011-10-27 This book provides a concise and highly readable reassessment of Iris Murdoch's engagement with philosophy throughout her life and proposes that she was most importantly a philosophical novelist By investigating her use of philosophical argument in her fictional writing it becomes clear that her narratives always depend upon a strong metaphysical underpinning Leeson proceeds thematically through the philosophical phases of Murdoch's life and develops a clear argument that Murdoch reacts against the philosophies of Sartre Plato Nietzsche and Heidegger not only in her philosophical writings but also in her fiction Indeed it is in her fiction that her philosophical argument is most persuasive and accessible This timely study provides new information regarding Murdoch's engagement with Martin Heidegger and also provides a detailed critique of critics who have overlooked Murdoch's engagement with philosophy within her fiction

[The Philosophical Novel as a Literary Genre](#) Michael H. Mitias, 2022-03-11 This book examines the conceptual existential and logical conditions under which the philosophical novel can be treated as a literary genre on a par with generally recognized literary genres such as mystery romantic adventure religious or historical novel Michael H Mitias argues that the philosophical novel meets these conditions He advances a detailed analysis of the concept of literary genre and discusses the reasons which justify the claim that philosophical novel is a distinct literary genre This is based on the assumption that philosophical ideas can be communicated metaphorically An analysis of this assumption necessarily leads to a detailed discussion of the concept of metaphor and the extent to which it can be the vehicle of communicating philosophical truth

The Cognitive Value of Philosophical Fiction Jukka Mikkonen, 2013-02-14 Can literary fictions convey significant philosophical views understood in terms of propositional knowledge This study addresses the philosophical value of literature by examining how literary works impart philosophy truth and knowledge and to what extent the works should be approached as communications of their authors Beginning with theories of fiction it examines the case against the prevailing pretence and make believe theories of fiction hostile to propositional theories of literary truth Tackling further arguments against the cognitive function and value of literature this study illustrates how literary works can contribute to knowledge by making assertions and suggestions and by providing hypotheses for the reader to assess Through clear analysis of the concept of the author the role of the authorial intention and the different approaches to the meaning of a literary work this study provides an historical survey to the cognitivist anti cognitivist dispute introducing contemporary trends in the discussion before presenting a novel approach to recognizing the cognitive function of literature An important contribution to philosophical

studies of literature and knowledge **Literature, Philosophy, and the Social Sciences** Maurice Natanson, 2012-12-06 A collection of one man's essays in book form tends to be viewed today with some suspicion if not hostility by philosophical critics. It would seem that the author is guilty of an academic sin of pride causing or helping to cause separately conceived articles to surpass their original station and assume a new life a grander articulation. It can hardly be denied that the essays which follow must face this sullen charge for they were composed at different times for different sorts of audiences and for the most part have already been published. Their appearance in a new form will not allay commonplace criticisms there are repetitions certain key terms are defined and defined again in various places a few quotations reappear and beyond this the essays are unequal in range depth and fundamental intent. But it is what brings these essays together that constitutes I trust their collective merit. Underlying the special arguments that are to be found in each of the chapters is a particular sense of reality not a thesis or a theory but rather a way of seeing the world and of appreciating its texture and design. It is that sense of reality that I should like to speak of here. Philosophy stands in a paradoxical relationship to mundane existence it is at once its critique and one of its possibilities *Language Lost and Found* Niklas Forsberg, 2013-09-26 *Language Lost and Found* takes as its starting point Iris Murdoch's claim that we have suffered a general loss of concepts. By means of a thorough reading of Iris Murdoch's philosophy in the light of this difficulty it offers a detailed examination of the problem of linguistic community and the roots of the thought that some philosophical problems arise due to our having lost the sense of our own language. But it is also a call for a radical reconsideration of how philosophy and literature relate to each other on a general level and in Murdoch's authorship in particular **Degrees of Evil in Iris Murdoch's Fiction and Philosophy** Daniel Read, 2025-02-21 This is the first survey of Murdoch's exploration of evil addressing aesthetic philosophical political and theological perspectives. The study demonstrates how her work engages with currently urgent issues of trauma terrorism and psychopathy and brings her works into dialogue with key figures in twentieth and twenty first century discussions of evil including Hannah Arendt Carl Gustav Jung Susan Neiman and Simone Weil. These resonances are traced through close readings of Murdoch's published fiction and philosophy in combination with unpublished texts including annotations interviews and letters. Murdoch's detailed and nuanced portrayal of evil invites readers to explore the complexities of human behaviour and the potential for moral failure Philosophy as World Literature Jeffrey R. Di Leo, 2020-11-26 What does it mean to consider philosophy as a species of not just literature but world literature? The authors in this collection explore philosophy through the lens of the worlding of literature that is how philosophy is connected and reconnected through global literary networks that cross borders mix stories and speak in translation and dialect. Historically much of the world's most influential philosophy from Plato's dialogues and Augustine's confessions to Nietzsche's aphorisms and Sartre's plays was a form of literature as well as by extension a form of world literature. *Philosophy as World Literature* offers a variety of accounts of how the worlding of literature problematizes the national categorizing of philosophy and brings new meanings

and challenges to the discussion of intersections between philosophy and literature

Iris Murdoch and the Ancient Quarrel Lyra Ekström Lindbäck, 2024-04-18 Lyra Ekström Lindbäck revisits the crucial distinction between literature and philosophy in Iris Murdoch's work to make a convincing case for understanding the particularity of literature and her insistence on the separation between the two *Iris Murdoch and the Ancient Quarrel* makes a break with existing scholarship on Murdoch's philosophy and literature that ultimately re-states the philosophical value of literature alongside literary aspects of philosophy This book differs by deepening Murdoch's insistence on the differences between the disciplines providing a consistent and polemical argument for the distinction between literature and philosophy more generally Engaging thinkers such as Plato Kant Hegel Sartre Weil and Cavell *Iris Murdoch and the Ancient Quarrel* delves into the aesthetic characteristics that distinguish philosophy and literature Through a discussion of the illusion of sense the role of conceptual thinking in literature the clash between epistemology and fiction the artifice of tragedy and the ambiguous morality of artistic inspiration and experience this study reveals literature as essentially other to philosophy

Post-War British Women Novelists and the Canon Nick

Turner, 2010-02-11 With the increasing number of books on contemporary fiction there is a need for a work that examines whom we value and why These questions lie at the heart of this book which by focusing on four novelists literary and popular interrogates the canon over the last fifty years The argument unfolds to demonstrate that academic trends increasingly control canonicity as do the demands of genre the increasing commercialisation of literature and the power of the literary prize Turner argues that literary excellence demonstrated by style and imaginative power is often missing in many works that have become modern classics and makes a case for the value of the universal in literature Written in a jargon free style with

reference to many supporting writers the book raises a number of significant cultural questions about the arts fashions and literary reputations of interest to readers in contemporary literary studies Apuleius' Metamorphoses Stefan Tilg,2014

This volume reveals how Apuleius Metamorphoses the only fully extant Roman novel and a classic of world literature works as a piece of literature exploring its poetics and the way in which questions of production and reception are reflected in its text Providing a roughly linear reading of key passages the volume develops an original idea of Apuleius as an ambitious writer led by the literary tradition rhetoric and Platonism and argues that he created what we could call a seriocomic philosophical novel avant la lettre The author focuses in particular on the ways in which Apuleius drew attention to his achievement and introduced the Greek ass story to Roman literature Thus the volume also sheds new light on the forms and the literary and intellectual potential of the genre of the ancient novel **The Murdochian Mind** Silvia Caprioglio

Panizza,Mark Hopwood,2022-06-07 Iris Murdoch was a philosopher and novelist of extraordinary breadth and originality whose work defies simple categorisation Her philosophical writing engages with an astonishingly wide range of figures from Plato and Kant to Sartre and Heidegger and her work increasingly inspires debate in ethics aesthetics religion and literature The Murdochian Mind is an outstanding reference source to the full span of Murdoch s philosophical work comprising 37 specially commissioned chapters written by an international team of leading scholars Divided into five clear parts the volume covers the following areas A guide to Murdoch s key philosophical texts including The Sovereignty of Good and Metaphysics as a Guide to Morals Core themes and concepts in Murdoch s philosophy such as love moral vision and attention Murdoch s engagement with the history of philosophy including Plato Kant Hegel Simone Weil and Wittgenstein Interdisciplinary connections with art literature and religion including Judaism Buddhism and Christianity Murdoch and contemporary philosophical debates including feminism virtue ethics and metaethics The application of Murdoch s thought to applied ethics including animal ethics psychiatric ethics and the environment Although recent years have seen a blossoming of interest in Murdoch s philosophy The Murdochian Mind is the first volume to do justice to the incredibly rich and wide ranging nature of her work As such it will be of great interest to students of philosophy especially ethics and aesthetics as well as those in related disciplines such as literature religion and gender studies Texts on Texts and Textuality Eugene Francis

Kaelin,1999 This book argues the case for an American Phenomenology as applied to works of literary art The argument is made by ten chapters of aesthetic theory and practical criticism enclosed in a surrounding frame of Preface and Afterword

Austin Flanders,1964 The Nihilist John Marmysz,2015-09-10 It seems so important as you do what you do But in times to come no one remembers you Your actions are forgotten and your feelings destroyed You ve become one with the nihilist void Inspired by real life events as well as by classic philosophical novels such

as Jean Paul Sartre's Nausea Albert Camus The Stranger Yukio Mishima's Confessions of a Mask and Chuck Palahniuk's Fight Club The Nihilist tells the story of a philosophy professor caught in the grips of nihilistic despair Following the death of his mother and the increasingly bizarre deaths of his closest friends the nameless main character is afflicted with a mysterious malady that forces him to confront the absurdity of his own meaningless existence Brain parasites scatological dreams punk rock and spontaneous human combustion appear alongside the ideas of Heraclitus Socrates Diogenes Schopenhauer Nietzsche and Heidegger The result is a wryly humorous philosophical allegory of hopelessness and resignation in the face of the void
