Mazhari assesses the components of modern society and the importance of having a realistic and genuine philosophical school of thought to guide human evolution. Even more importantly, Mazhari puts forward some implementable ideas on changes that can be made to executive, legislative, judicial, and treasorial structures and powers that will vastly improve modern society. b No matter what your philosophical background or political beliefs are, Marxism and Smart Life will challenge you to see Marxism in a new light and leave you feeling invigorated about the possibilities for improving our modern capitalist society. *Register of the University of California* University of California (1868-1952), 1954
