Philosophy Of Christian Religion:

Christian Philosophy Craig G. Bartholomew, Michael W. Goheen, 2013-10-15 This third book in a series of successful introductory textbooks by Craig Bartholomew and Michael Goheen builds on their previous projects *The Drama of Scripture* and *Living at the Crossroads* to offer a comprehensive narrative of philosophical thought from a distinctly Christian perspective After exploring the interaction among Scripture worldview theology and philosophy the authors tell the story of philosophy from ancient Greece through postmodern times positioning the philosophers in their historical contexts and providing Christian critique along the way The authors emphasize the Reformed philosophical tradition without neglecting other historical trajectories and show how philosophical thought relates to contemporary life

A Philosophy of the Christian Religion Nancey Murphy, 2018-10-30 Each field of study comes with its own set of questions each period of time refines and redirects those questions The Christian religion as we find it in the twenty first century presents a unique set of problems to be solved and questions to be answered In this introduction to the philosophy of the Christian religion eminent philosopher and theologian Nancey Murphy applies the tools of philosophical analysis to a set of core yet contemporary religious questions what does our historical moment mean for the possibility of knowing God Is faith still possible Does God intervene in human history Is there such a thing as universal knowledge of God Written with the needs of students encountering the philosophy of religion for the first time in mind this book provides a comprehensive introduction to the fundamental questions inherent in Christian faith Murphy also provides tools for how to answer those questions

Quest for a Philosophical Jesus Vincent A. McCarthy, 1986 In this book Vincent A McCarthy examines the work of four philosophers of the late eighteenth and early nineteenth centuries Rousseau Kant Hegel and Schelling who were committed to no lesser goal than the philosophical rehabilitation of Christianity and its Christ in the wake of the Enlightenment They sought the elusive philosophical formula for reconciling reason and revelation and then elaborated it in a philosophy of religion that would rearticulate the religion of Jesus in a positive light as against the destructive momentum and dark shadows cast by Enlightenment religious thought This was however no modern apologetics and traditional Christians were largely displeased and disturbed by the results For what becomes of Christianity and its Christ in the works of these philosophers occurs not for the sake of Christianity but for the sake of philosophy Rousseau Kant Hegel and Schelling spearheaded an audacious attempt to fulfill philosophy's program in a philosophy of religion and to save religion from philosophy and for philosophy Professor McCarthy examines in detail the philosophies of Christianity and the philosophical Christologies they created Their work did not issue in unqualified success yet the influence reaction rejection and revival that each has generated as well as the lessons of their failures commend them to critical attention still

Philosophy James K. Dew, Jr., Paul M. Gould, 2019-04-02 Two experienced educators offer an up to date introduction to philosophy from a Christian perspective that covers the four major areas of philosophical thought epistemology metaphysics philosophy of religion and

ethics Written from an analytic perspective the book introduces key concepts and issues within the main areas of philosophical inquiry in a comprehensive yet accessible way inviting readers on a quest for goodness truth and beauty that ultimately points to Jesus as the source of all *Philosophy and the Christian Faith* Thomas V. Christian Philosophy, Or An Attempt to Display by Internal Testimony, the Evidence and Excellence of Revealed Religion Vicesimus Knox,1804 **Christian Philosophy A-Z** Daniel J. Hill,Randal D. Rauser,2006 A handy guide to the major figures and issues in Christian philosophy from Augustine to the present This volume covers a broad historical sweep and takes into account those non Christian philosophers that have had a great impact on the Christian tradition However it concentrates on the issues that perplex Christian philosophers as they seek to think through their faith in a philosophical way and their philosophical beliefs in the light of their faith Examples of the topics discussed are the question of whether and how God knows the future whether we actually know that God exists and what Athens has to do with Jerusalem The leaders of the recent revival of Christian analytic philosophy especially Alvin Plantinga Nicholas Wolterstorff William Alston and Robert Adams are also included This book will be of interest to those studying Christian philosophy and to Christians seeking to think philosophically about their faith *Christian Philosophy* J. Aaron Simmons,2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and

substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University *Philosophies of Christianity* Balázs M. Mezei, Matthew Z. Vale, 2020-01-09 This book examines key issues in Christianity from various philosophical points of view It brings together European authors with American theologians and philosophers on an interconfessional basis Coverage combines analytical and continental approaches in a unique way This comprehensive innovative analysis will help readers gain a deep understanding into a wide range of philosophical approaches to basic Christian problems The novelty of this volume is the unique combination of philosophical and theological approaches It merges these points of view in a rational manner which characterizes segments of Anglo American and Continental thought The scope of the work covers historical issues contemporary problems of atheism and also novel approaches to fundamental notions Readers will learn about questions surrounding the French New Theology Zizek's philosophical sources the notion of revelation and much more As a work produced by European and United States scholars this volume is an important contribution not only to the dialogue between various academic cultures but also to the expression of their fruitful cooperation which grounds and inspires serious academic research The readership of this work begins at an undergraduate level and reaches up to academic researchers and professors interested in borderline problems between philosophy and theology history and contemporary issues *A Philosophy of the Christian Religion* Edward J. Carnell, 2007-11-01 Introducing the Edward Carnell Library Nine Titles Listed Inside A Philosophy of the Christian Religion is not a defense of the Christian faith in the conventional sense The gamut of contending values and the systems of thought preoccupying the contemporary mind are analyzed here with admirable comprehension and lucidity These competing philosophies are severally evaluated by the whole perspective of the Christian system and demonstrated as partial here and now values incapable of satisfying the demands of the whole man Christianity is a coherent religion It never asks the heart to trust values which the reason is obliged to discard as contradictory No value commitment is completely satisfying until the complete man is satisfied from the preface *Introduction to Philosophy* Steve Wilkens, Alan G. Padgett, 2018 Introduction to Philosophy Christianity and the Big Questions is a perfect primer for students of philosophy and anyone interested in a Christian perspective on the timeless and universal perplexities of human existence Thomas M Crisp Professor of Philosophy Biola University *Christian Philosophy and the Problem of God* Charles Taliaferro, 2023-07-06 Questions are raised about Christian philosophy and God Is Christian philosophy truly philosophical Is it Biblical Is it capable of addressing God a profoundly transcendent being Does appealing to a God's eye point of view make sense Can Christian philosophy respect religious diversity While the integrity of Christian philosophy is defended questions are raised about its relationship to the overall practice of philosophy Christian philosophers value drawing others to Christian faith Are Christian apologetics compatible with philosophy This Element concludes with reflection on when it may be

philosophically acceptable to appeal to mystery **The Philosophy of the Christian Religion** Andrew Martin Fairbairn, 1902 Book I Questions in the philosophy of nature and mind which affect belief in the supernatural person book II The person of Christ and the making of the Christian religion **Four Views on Christianity and Philosophy** Zondervan, 2016-09-13 Philosophy and Christianity make truth claims about many of the same things They both claim to provide answers to the deep questions of life But how are they related to one another Four Views on Christianity and Philosophy introduces readers to four predominant views on the relationship between philosophy and the Christian faith and their implications for life Each author identifies the propositional relation between philosophy and Christianity along with a section devoted to the implications for living a life devoted to the pursuit of wisdom The contributors and views include Graham Oppy Conflict Philosophy Trumps Christianity K Scott Oliphint Covenant Christianity Trumps Philosophy Timothy McGrew Convergence Philosophy Confirms Christianity Paul Moser Conformation Philosophy Reconceived Under Christianity General editors Paul M Gould and Richard Davis explain the background to the discussion and provide some historical background in the introduction as well as helpful summaries of each position in the conclusion In the reader friendly Counterpoints format this book helps readers to reflect on the strengths and weaknesses of each view and draw informed conclusions in this much debated topic *The Christian Philosophy of William Temple* Jack Francis Padgett, 1974-11-30 A revision of the author's thesis Boston University 1959 Bibliography p 299 302 Includes index *The Logic of Intersubjectivity* Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer's identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren's philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale *Principles of Christian Philosophy* John Burns, 1832 **Christian Philosophy: or, an Attempt to display the evidence and excellence of revealed religion** Vicesimus KNOX, 1824 *Christian Philosophy as a Way of Life* Ross D. Inman, 2023-10-17 Philosophy is often seen as anything but practically relevant to everyday life In this brief accessible introduction Ross Inman explores four hidden assumptions that lurk behind questions involving philosophy's relevance He shows that philosophy is one of most practical subjects of study for it satisfies our deep human need to make sense of it all This book recovers a more classical

vision of Christian philosophy as an entire way of life Inman shows that wonder is the distinctively human posture that drives and sustains the examined life and makes a compelling case that philosophy is valuable practical and significant for every aspect of Christian life and ministry Living philosophically as a Christian enables us to be properly attuned to what is true and good in Christ and to orient our lives to the highest goals worth pursuing This is an ideal introductory book for students of philosophy Christian thought and worldview studies It will also work well in classical school high school and homeschool contexts
