much needed dialectical deconstruction and reconstruction of black radical politics These six seminal figures collective thought and texts clearly cuts across several disciplines and therefore closes the chasm between Africana Studies and critical theory constantly demanding that intellectuals not simply think deep thoughts develop new theories and theoretically support radical politics but be and constantly become political activists social organizers and cultural workers that is folk the Italian critical theorist Antonio Gramsci referred to as organic intellectuals In this sense then the series of studies gathered in Africana Critical Theory contribute not only to African Studies African American Studies Caribbean Studies Cultural Studies Gender Studies and Postcolonial Studies but also to contemporary critical theoretical discourse across an amazingly wide range of traditional disciplines and radical political activism outside of and in many instances absolutely against Europe s ivory towers and the absurdities of the American academe

The Emotions of Nonviolence Meena Krishnamurthy, 2025-03-14 Letter from Birmingham Jail is perhaps the most beloved and widely read work by Martin Luther King Jr Despite the countless publications on its conception and meaning its broader philosophical significance is often missed The Emotions of Nonviolence offers a novel interpretation of the Letter which Meena Krishnamurthy argues is not merely a discussion of civil disobedience but also an essay on political motivation In this context she shows how the Letter seeks to answer a central question in democratic theory namely how can and ought we motivate the racially oppressed to engage in civil disobedience what King called nonviolent direct action King's answer she says is that we should appeal to and encourage the political emotions both positive and negative Fear courage faith dignity indignation and love can together motivate nonviolent action and nonviolent action can in turn reciprocally motivate and sustain these same emotions Krishnamurthy's novel and important reading of King's Letter illuminates its complexity and its underlying theory of political emotions including the impediments to action under conditions of injustice calls some to account for their inaction engages in propagandizing to motivate a change and to commend the thousands of ordinary Black people already in motion in pursuit of democracy freedom and justice

Utilitarianism as a Way of Life Bart Schultz, 2024-08-20 Utilitarianism a commitment to the greatest happiness for the greatest number has been the target of endless opposition According to its critics it ignores the separateness of persons cannot secure the protections of basic rights demands extreme sacrifice can justify anything the list goes on It has been implicated in the horrors of settler colonialism imperialism and racial capitalism both historically and today as the neoliberal world order faces a profound legitimization crisis Bart Schultz argues that utilitarian philosophy must be decolonized and reimagined for the current moment a time of new and looming existential threats in a world desperate for social change Where dominant ethical and political approaches have failed to adequately deal with the enormous challenges we face utilitarianism as a set of lived practices not simply a theoretical construction may hold out some hope of seriously addressing them Drawing on alternatives to the well known Eurocentric story of utilitarianism and an extensive review and critique of that story and incorporating the works of Peter Singer Katarzyna de Lazari Radek Derek Parfit Martha Nussbaum and other major philosophers Schultz crafts a groundbreaking new framework
