The Philosophy of Fasting Edward Earle Purinton, 1906 *PHILOSOPHY OF FASTING* EDWARD EARLE. PURINTON, 2018 **The Philosophy of Fasting** Edward Purinton, 2016-06-06 The Philosophy of Fasting originally published by Edward Earle Purinton **The Philosophy of Fasting** Edward E. Purinton, 1996-09 **The Philosophy of Fasting (Classic Reprint)** Edward Earle Purinton, 2017-09-17 Excerpt from The Philosophy of Fasting They endure only when cemented by feeling and aligned by purpose The field of literature is mostly a dreary brick yard with chipped and broken bits scattered about to mark what might have been had the builder known Life is the only literature that lives And if I had not first lived this book it would never be worth the writing To write for any other reason than that one must is to insult oneself and to martyr one's friends If you write only when you must you may not always be considerate to your friends But you will at least be true to yourself And the perusal of your writings can never be too hard a price to pay for knowing some one who is sincere Sincere humans are about as common as brave gazelles or compassionate tigers The Philosophy of Fasting is a plea for human sincerity and a treatise on human wholeness The first twenty five years of my life I was anything but whole Because I was anything but sincere I did not dare be true to myself or with my fellows Civilization classicism and orthodoxy had combined to make me appear what I was not and crucify what I was Body brain and soul I was burdened with a mass of externals that weighed heavier and sunk deeper day by day until the life was almost crushed out of me Born a weakling I was a semi invalid and chronic sufferer during most of my boyhood and youth Some fifteen forms of constitutional disease took turns troubling me until family friends and physicians began to despair of the outcome At one time I was taking six kinds of medicine weighed 110 pounds instead of 150 spent most of the time beside the fire or on the couch and threatened to become useless to myself and everybody else The ailments were chiefly nervous and digestive and were caused by inequalities of make up Inheriting from my father a brain incessantly active from my mother a soulsupersensitive and a physique small and tremulous from both an insatiable ambition I seemed unable to balance myself at all Wearing a man's hat at twelve I had the body of a boy of eight with a soul older than any I had ever met Naturally no one understood me And the greatest puzzle to me in the Universe was I to myself About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Philosophy of Fasting** Edward Earle Purinton, 1986-07-01 **The Philosophy of Fasting; a Message for Sufferers and Sinners** HardPress, Purinton Edward Earle 1878-, 2013-06 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition
