Language Arts in Asia Christina DeCoursey,2012-01-17 This volume is the first of a series contributing to the academic study of Language Arts as an English language teaching paradigm Language Arts has been widely used in native English speaking countries including Australia and New Zealand Its recent adoption into the second language teaching curriculum in Hong Kong as well as similar initiatives within secondary and tertiary education in mainland China enhances its interest to scholars studying second language teaching and learning in Asian contexts This book offers many papers and discussions of interest to teachers language professionals scholars and administrators Its chapters explore current topics in Language Arts research including trends in the rapprochement of stylistics and linguistics teaching approaches and learning outcomes At the same time they offer diverse theoretical and methodological approaches of interest to the practitioner and policy maker as well as

Inscrutable Belongings Stephen Hong Sohn, 2018-07-17 *Inscrutable Belongings* brings together formalist and contextual modes of critique to consider narrative strategies that emerge in queer Asian North American literature Stephen Hong Sohn provides extended readings of fictions involving queer Asian North American storytellers looking to texts including Russell Leong's *Camouflage* Lydia Kwa's *Pulse* Alexander Chee's *Edinburgh* Nina Revoyr's *Wingshooters* and No 1 Alumi's *Letters to Montgomery Clift* Despite many antagonistic forces these works protagonists achieve a revolutionary form of narrative centrality through the defiant act of speaking out recounting their survival plots and enduring to the very last page These feats are made possible through their construction of alternative social structures Sohn calls *inscrutable belongings* Collectively the texts that Sohn examines bring to mind foundational struggles for queer Asian North Americans and other socially marginalized groups and confront a broad range of issues including interracial desire the AIDS HIV epidemic transnational mobility and postcolonial trauma In these texts Asian North American queer people are often excluded from normative family structures and must contend with multiple histories of oppression erasure and physical violence involving homophobia racism and social death Sohn's work makes clear that for such writers and their imagined communities questions of survival kinship and narrative development are more than representational they are directly tied to lived experience

John Okada Frank Abe, Greg Robinson, Floyd Cheung, 2018-07-03 *No No Boy* John Okada's only published novel centers on a Japanese American who refuses to fight for the country that incarcerated him and his people in World War II and upon release from federal prison after the war is cast out by his divided community In 1957 the novel faced a similar rejection until it was rediscovered and reissued in 1976 to become a celebrated classic of American literature As a result of Okada's untimely death at age forty seven the author's life and other works have remained obscure This compelling

collection offers the first full length examination of Okada's development as an artist placing recently discovered writing by Okada alongside essays that reassess his lasting legacy. Meticulously researched biographical details, insight from friends and relatives, and a trove of intimate photographs illuminate Okada's early life in Seattle, military service, and careers as a public librarian and a technical writer in the aerospace industry. This volume is an essential companion to *No No Boy*. ***Becoming Nisei*** Lisa M. Hoffman, Mary L. Hanneman, 2020-12-31 A vital account of everyday Nisei life and identity formation in an early twentieth century community. Tacoma's vibrant Nihonmachi of the 1920s and 30s was home to a significant number of first generation Japanese immigrants and their second generation American children, and these families formed tight knit bonds despite their diverse religious, prefectural, and economic backgrounds. As the city's Nisei grew up attending the secular Japanese Language School, they absorbed the Meiji era cultural practices and ethics of the previous generation. At the same time, they positioned themselves in new and dynamic ways, including resisting their parents and pursuing lives that diverged from traditional expectations. *Becoming Nisei*, based on more than forty interviews, shares stories of growing up in Japanese American Tacoma before the incarceration. Recording these early twentieth century lives counteracts the structural forgetting and erasure of prewar histories in both Tacoma and many other urban settings after World War II. Lisa Hoffman and Mary Hanneman underscore both the agency of Nisei in these processes as well as their negotiations of prevailing social and power relations.

Enduring Conviction Lorraine K. Bannai, 2015-11-02 Fred Korematsu's decision to resist F.D.R.'s Executive Order 9066, which provided authority for the internment of Japanese Americans during World War II, was initially the case of a young man following his heart; he wanted to remain in California with his white fiancée. However, he quickly came to realize that it was more than just a personal choice; it was a matter of basic human rights. After refusing to leave for incarceration, when ordered, Korematsu was eventually arrested and convicted of a federal crime before being sent to the internment camp at Topaz, Utah. He appealed his conviction to the Supreme Court, which, in one of the most infamous cases in American legal history, upheld the wartime orders. Forty years later, in the early 1980s, a team of young attorneys resurrected Korematsu's case. This time, Korematsu was victorious, and his conviction was overturned, helping to pave the way for Japanese American redress. Lorraine Bannai, who was a young attorney on that legal team, combines insider knowledge of the case with extensive archival research, personal letters, and unprecedented access to Korematsu, his family, and close friends. She uncovers the inspiring story of a humble, soft-spoken man who fought tirelessly against human rights abuses long after he was exonerated. In 1998, President Bill Clinton awarded Korematsu the Presidential Medal of Freedom.

Peter M. Jamero, Sr., 2011-09-01 I may have been like other boys but there was a major difference my family included 80 to 100 single young men residing in a Filipino farm labor camp It was as a campo boy that I first learned of my ancestral roots and the sometimes tortuous path that Filipinos took in sailing halfway around the world to the promise that was America It was as a campo boy that I first learned the values of family community hard work and education As a campo boy I also began to see the two faces of America a place where Filipinos were at once welcomed and excluded were considered equal and were discriminated against It was a place where the values of fairness and freedom often fell short when Filipinos put them to the test Peter Jamero Peter Jamero's story of hardship and success illuminates the experience of what he calls the bridge generation the American born children of the Filipinos recruited as farm workers in the 1920s and 30s Their experiences span the gap between these early immigrants and those Filipinos who owe their U S residency to the liberalization of immigration laws in 1965 His book is a sequel of sorts to Carlos Bulosan's *America Is in the Heart* with themes of heartbreaking struggle against racism and poverty and eventual triumph Jamero describes his early life in a farm labor camp in Livingston California and the path that took him through naval service and graduate school far beyond Livingston A longtime community activist and civic leader Jamero describes decades of toil and progress before the Filipino community entered the sociopolitical mainstream He shares a wealth of anecdotes and reflections from his career as an executive of health and human service programs in Sacramento Washington D C Seattle and San Francisco [Asians in Colorado](#)

William Wei, 2016-04-01 Providing the most comprehensive examination to date of Asians in the Centennial State William Wei addresses a wide range of experiences from anti Chinese riots in late nineteenth century Denver to the World War II incarceration of Japanese Americans at the Amache concentration camp to the more recent influx of Southeast Asian refugees and South Asian tech professionals Drawing on a wealth of historical sources Wei reconstructs what life was like for the early Chinese and Japanese pioneers and he pays special attention to the different challenges faced by those in urban versus rural areas The result is a groundbreaking approach that helps us better understand how Asians survived and thrived in an often hostile environment Offering a fresh perspective on how cycles of persecution are repeated Wei reveals how the treatment of Asian Americans resonates with the experiences of other marginalized groups in American society His study sheds light not only on the Asian American experience but also on the development of Colorado and the greater American West *Nisei Soldiers Break Their Silence* Linda Tamura, 2012-12-15 *Nisei Soldiers Break Their Silence* is a compelling story of courage community endurance and reparation It shares the experiences of Japanese Americans Nisei who served in the U S Army during World War II fighting on the front lines in Italy and France serving as linguists in the South Pacific and working as cooks and medics The soldiers were from Hood River Oregon where their families were landowners and fruit

growers Town leaders including veterans groups attempted to prevent their return after the war and stripped their names from the local war memorial All of the soldiers were American citizens but their parents were Japanese immigrants and had been imprisoned in camps as a consequence of Executive Order 9066 The racist homecoming that the Hood River Japanese American soldiers received was decried across the nation Linda Tamura who grew up in Hood River and whose father was a veteran of the war conducted extensive oral histories with the veterans their families and members of the community She had access to hundreds of recently uncovered letters and documents from private files of a local veterans group that led the campaign against the Japanese American soldiers This book also includes the little known story of local Nisei veterans who spent 40 years appealing their convictions for insubordination Watch the book trailer <http://www.youtube.com/watch?v=hHMcFdmixLk> **Short Story Index**, 2001
