True Confessions of Nude Photography A. K. Nicholas, 2010-04-06 Learn to photograph beautiful nude female models by reading this book It s a step by step guide to recruiting beautiful models lighting photographing nudes post processing images and maybe even getting paid to do it Prior experience with nude models is not required to benefit from this how to guide This guide can be enjoyed by anyone but is written for two main audiences the accomplished photographer wanting insight from a peer and the serious amateur wanting a guided introduction to the field The female body has been an inspiration for artists since before the

invention of photography Naturally nudes were one of the first subjects of photography as well Although the guide covers the basics of nude photography it is assumed that you have a digital camera that is more advanced than a point and shoot and that you already understand the basics of operating your camera This book deals with female models You won't find male models or advice on photographing non models in this book Finding Models Nude photography entails more than just photographic technique there is a huge interpersonal element much more so than in any other kind of people photography The guide addresses everything from finding models to working with them long term Most guides on photographic technique assume you've already found a willing model This one assumes that you're having trouble or at least having trouble finding a model that you feel takes your work to the next level It contains techniques for finding and recruiting models Techniques A range of processes are explained step by step You'll find more than just a selection of photos and a dissection of each you'll see full lighting diagrams as well as frank discussions of techniques and pitfalls in the days and weeks leading up to making a nude image From finding your first nude model to selling your first nude photo the guide presents complete concise instruction on lighting posing and post processing with Photoshop Includes 120 pages 170 nude poses and 10 detailed lighting diagrams Text is 25 000 words Photographing the Nude Jeanne Sullivan,1977 The Naked and the Lens, Second Edition Louis Benjamin,2015-12-18 This second edition updates and builds upon the key concepts of nude photography presented in the first edition that guide photographers from finding models and planning a shoot all the way through to post production "Models Wanted--any Age, Any Size" Rankin,2001 The Nude Photography of Rankin is a collection of portraits by the celebrated photographer Rankin The result of an anonymous ad in London's Time Out magazine for nude models all ages all sizes for photographic exhibition this book is a collaboration between Rankin and the women who agreed to stand naked in front of his camera The faces and figures collected in this book range from familiar film fashion and pop icons to highly individual ordinary women all of whose portraits reflect their feeling and fantasies with style and humor

The Naked and the Lens Louis Benjamin,2012-10-02 The Naked and the Lens is designed as both a technical guide and an artistic inspiration Filled with beautiful images of the nude form it also shows you how this can be technically achieved The book covers key topics concept lighting directing post production and artistic re interpretation and how to find models Legal and photo release issues are covered as well The techniques are up to date including Photoshop CS RAW capture and shooting with a gray card to capture accurate white balance information The lighting section will also show how to get studio quality light from hot shoe flashes by adapting them to umbrellas and soft boxes Regardless of whether you are shooting in a studio or in a field this book will show you how to create works of art with nude bodies and it will also teach through advice in a unique interview section with leading nude photographers around the world through their words and their images

Photograph the Nude ,2016-01-12 Artistic nude is a subgenre of nude photography In artistic nude images the human body itself is the subject of the art In these photographs the subject typically does not make eye contact with the viewer and

there is typically no emotion shown in the subject's face or through the pose Peter Bilous teaches you how to choose the right equipment for the job determine the suitability of a model with a particular body type athletic curvy or thin for the look you have in mind and how to light pose and compose the image elements for maximum impact You'll survey work from the pioneers and contemporary masters in the subgenre and find inspiration for finessing your style or branching out into whole new realms of expression You'll also learn special approaches long exposures silhouettes creative lighting etc that will help you create standout work that satisfies your creative vision *Photographing the Nude* Mike Crawley, 2002-08-25 Mike Crawley's *Photographing the Nude* is a thoroughly practical and inspiring guide for photographers of all levels It begins by teaching a number of basic skills key to developing a sound understanding of the art nude photography shares many of the same technical problems as other areas of portraiture Crawley demonstrates a wide range of classic lighting techniques from soft diffuse lighting for a romantic mood to direct lighting that emphasizes the contours and musculature of the body Knowing what poses are good for figure work is also essential To that end specially commissioned photographic sequences demonstrate the dos and don'ts Readers will also find information on taking more creative shots such as semi abstracts and technical challenges such as infra red prints and digital manipulations Chapters on darkroom and digital know how form the final invaluable section **True Confessions of Nude Photography** A.
