*Surrealism and Photography in 1930s Japan* Jelena Stojkovic, 2020-05-31 Despite the censorship of dissident material during the decade between the Manchurian Incident of 1931 and the outbreak of the Pacific War in 1941 a number of photographers across Japan produced a versatile body of Surrealist work In a pioneering study of their practice Jelena Stojkovic draws on primary sources and extensive archival research and maps out art historical and critical contexts relevant to the apprehension of this rich photographic output most of which is previously unseen outside of its country of origin The volume is an essential resource in the fields of Surrealism and Japanese history of art for researchers and students of historical avant gardes and photography as well as for readers interested in visual culture Photography in India Aileen Blaney, Chinara Shar, 2020-09-23 Photography's prominence in the representation and experience of India in contemporary and historical times has not guaranteed it a position of sustained attention in research and scholarship For a technology as all pervasive as photography and a country as colossal as India this scenario is somewhat of an anomaly Photography in India explores elements of the past present and future of photography in the context of India through speculation and reflection on photography as an artistic documentary and everyday practice The perspectives of writers theorists curators and artists are selectively brought to bear upon known as well as previously unseen photographic archives together with changes in photographic practice that have been synchronous with contemporary India's rapid urban and rural transformation and the technological shift from chemistry and light to programming and algorithms Essential reading for anyone interested in Indian photography this book binds insights into a history of photography with its contemporary development consolidating wide ranging thinking on the topic and setting the agenda for future research **Photography in Africa** Richard Vokes, 2012 Gives an ethnographic account of the complexities of the use of photography in Africa both historically and in contemporary practice This collection of studies in African photography examines through a series of empirically rich historical and ethnographic cases the variety of ways in which photographs are produced circulated and engaged across a range of social contexts In so doing it elucidates the distinctive characteristics of African photographic practices and cultures vis vis those of other forms of vernacular photography worldwide In addition these studies develop a reflexive turn examining the history of academic engagement with these African photographic cultures and reflecting on the distinctive qualities of the ethnographic method as a means for studying such phenomena The volume critically engages current debates in African photography and visual anthropology First it extends our understanding of the variety of ways in which both colonial and post colonial states in Africa have used photography as a means for establishing and projecting their authority Second it moves discussion of African photography away from an exclusive focus on the role of the studio and looks at the circulations through which the studio's products the photographs themselves later pass as artefacts of material culture Last it makes an important contribution to our understanding of the relationship between photography and ethnographic research methods as these

have been employed in Africa RICHARD VOKES is Senior Lecturer in Anthropology and Development Studies at the University of Adelaide Australia and author of *Ghosts of Kanungu* **Photography in Print** Vicki Goldberg,1988-10 Essays by photographers critics and philosophers **Photography in Argentina** Idurre Alonso,Judith Keller,2017-09-15 From its independence in 1810 until the economic crisis of 2001 Argentina has been seen in the national and international collective imaginary as a modern country with a powerful economic system a massive European immigrant population an especially strong middle class and an almost nonexistent indigenous culture In some ways the early history of Argentina strongly resembles that of the United States with its march to the prairies and frontier ideology the image of the cowboy as a national symbol equivalent to the Argentine gaucho the importance of the immigrant population and the advanced and liberal ideas of the founding fathers But did Argentine history truly follow a linear path toward modernization How did photography help shape or deconstruct notions associated with Argentina Photography in Argentina examines the complexities of this country's history stressing the heterogeneity of its realities and especially the power of constructed photographic images that is the practice of altering reality for artistic expression an important vein in Argentine photography Influential specialists from Argentina have contributed essays on various topics such as the shaping of national myths the adaptation of gesture as related to the disappeared during the dictatorship period the role of contemporary photography in the context of recent sociopolitical events and the reinterpreting of traditional notions of documentary photography in Argentina and the rest of Latin America *Contemporary Photography in France* Olga Smith,2022-10-19 This compelling publication traces the broad arc of photography's development in France from the 1970s to the present day A decade by decade account reveals unexpected points of convergence between practices that are not usually considered in a comparative perspective These include photographic practices in contemporary art documentary photojournalism and fashion Author Olga Smith sets these practices in dialogue with French philosophy the writings of Roland Barthes Jean Baudrillard and Jacques Rancière to produce an innovative study of the intersections between the photographic image text practice and theory This analysis is guided by an understanding of photography as deeply engaged with historical cultural and intellectual events that defined French national experience in the contemporary period Landscape provides a particular focus to study issues of key significance including national identification colonial past legacies of modernization and environmental breakdown The Study of Photography in Latin America Nathaniel Gardner,2025-06-17 In this book Nathaniel Gardner provides an insider's perspective to the study of photography in Latin America He begins with a carefully structured introduction that lays out his unique methodology for the book which features over eighty photographs and the insights from sixteen prominent Latin American photography scholars and historians including Boris Kossoy John Mraz and Ana Mauad The work reflects the advances and developments of the study of photography throughout Latin America with certain emphasis on Brazil and Mexico The author further underlines the role of important institutions and builds context by discussing influential theories

and key texts that currently guide the discipline The Study of Photography in Latin America is critical to all who want to expand their current knowledge of the subject and engage more robustly with its experts

**Photography in Southeast Asia** Zhuang Wubin, 2016-09-16 Photography in Southeast Asia A Survey is a comprehensive attempt to map the emergence and trajectories of photographic practices in Southeast Asia The narrative begins in the colonial era at the point when the transfer of photographic technology occurred between visiting practitioners and local photographers With individual chapters dedicated to the countries of Brunei Cambodia Indonesia Laos Malaysia Myanmar Singapore Thailand Philippines and Vietnam the bulk of the book spans the post World War Two era to the contemporary focusing on practitioners who operate with agency and autonomy The relationship between art and photography which has been defined very narrowly over the decades is re examined in the process Photography also offers an entry point into the cultural and social practices of the region and a prism into the personal desires and creative decisions of its practitioners

Surrealism and Photography in Czechoslovakia Krzysztof Fijalkowski, 2017-07-05 Surrealism and Photography in Czechoslovakia On the Needles of Days sheds much needed light on the location of the greatest concentration of Surrealist photography and examines the culture and tradition within which it has taken root and flourished The volume explores a rich and important artistic output very little of which has been seen outside of its land of origin Based on extensive research at museums in Prague and Brno and many conversations with participants in and historians of the movement Krzysztof Fijalkowski Michael Richardson and Ian Walker analyse how this photographic work has developed cohesively and rigorously from the beginnings of Czech Surrealism in 1934 to the intriguing researches of the present day Czech and Slovak Surrealist group by way of mysterious veiled responses to the repressive contexts with which they were faced from the 1950s to the 1980s The main chapters ordered chronologically are intersected with shorter texts examining specific works The reader will find in this volume images that present challenges to our understanding of how photographic work has been used within surrealism pinpointing individual pictures whose dynamic charge may induce instants of compelling interrogation and disruption

*Contemporary Photography in Iran* Aram Mohamadi, 2025-02-17 This book deals with Iranian photography from its first photography exhibition in 1964 until the present Taking an interpretive historical approach this book will explain how photographic images in a particular context respond to the socio political technological educational and other determinants of the time uncovering the internal logic of the evolution of the language of photographic images Specifically the book explores how these Iranian images and artworks have challenged traditional photographic conventions defamiliarizing them and how the perception of reality through the lens of photography has evolved in conjunction with changing conditions and perspectives
