Raid The Untold Story Of Pattons Secret Mission:

Patton's Madness Jim Sudmeier,2019-12-15 Dwight Eisenhower called General George S Patton mentally unbalanced and just like a time bomb and indeed the egotistical mercurial aggressive Patton is perhaps as well known for his questionable behavior and eccentric beliefs as for his daring battlefield exploits In a brief but probing assessment of Patton s life based on strong research in primary sources and knowledge of psychology Jim Sudmeier considers the mind of Patton what made this military genius tick To what extent was Patton s boldness and brilliance as a general his willingness to welcome risk and danger connected to his unstable personality Sudmeier presents a myth shattering reconsideration of one of military history s most famous commanders Children of the Atomic Bomb James N. Yamazaki,Louis B. Fleming,1995 Children of the Atomic Bomb is Dr Yamazaki s account of a lifelong effort to understand and document the impact of nuclear explosions on children particularly the children conceived but not yet born at the time of the explosions Assigned in 1949 as Physician in Charge of the United States Atomic Bomb Casualty Commission in Nagasaki Yamazaki had served as a combat surgeon at the Battle of the Bulge where he had been captured and held as a prisoner of war by the Germans In Japan he was confronted with violence of another dimension the devastating impact of a nuclear blast and the particularly insidious effects of radiation on children Yamazaki s story is also one of striking juxtapositions an account of a Japanese American s encounter with racism the story of a man who fought for his country while his parents were interned in a concentration camp in Arkansas *Patton. they looked horrible he admitted Each and every rehearsal had proved disastrous it was a suicide mission in all but name On the French coast agents of the Special Operations Executive Churchill s shadowy ministry for ungentlemanly warfare risked all to map the target s defences At the eleventh hour two unwelcome additions joined Frosts s crew One was a shadowy German cloaked in mystery the other a British radar specialist who could not be allowed to fall into enemy hands Relying on files declassified for the purposes of writing this book eyewitness testimony and working with the families of key figures involved Lewis reveals an untold epic of daring ruthless rule breaking and ferocity coupled with bravery and ingenuity beyond measure The results of Operation Biting would resonate throughout the war and beyond changing the course of twentieth century history
