Sensual Woman An Exploration Of The True Meaning And Value Of Sensuality:

Sensual Woman Sarah Bartlett, 1999 In this controversial and provocative book Sarah Bartlett explores the history of sensuality and how it can be seen in great women of the past including those portrayed in myth and legend and how today's generation can if willing recover the lost benefits of true sensuality The book argues that today's society has reduced sensuality to a visual phenomenon when in truth it is a multi sense multi dimensional feature that can be of immense benefit to the inner person Sarah Bartlett gently but firmly guides the reader through the history of her diverse topic discussing the roots and early examples of sensual women showing how ancient races and cultures developed it questioning if men have sacrificed their sensuality for the cause of a dominant role which shunned its values and giving copious examples of sensuality in women from history myth and legend and the present day

Sex and the Goddess Karin E Weiss Ph.D., 2019-11-20 It has been over twenty years since the full manuscript of my book was edited for publication in 1998 I had begun writing it in the previous decade the 1980's a period of flourishing women's liberation movements against the patriarchal status quo Books about women's sexuality and spirituality were flooding the bookstores and many writers were producing profound studies of the untold heroism of women throughout history I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School's Program in Human Sexuality In addition I conducted women's self enrichment groups and workshops in my private practice Woman's Discovery Institute where I also gave professional Astrology readings and classes This rich mix of psychology philosophy spirituality and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women's unsung heroism throughout history It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi layered lives I based my theory on the lunar cycle which is eternally linked to women's menstrual emotional and psychic cycles With a friend I created a series of workshops for women to celebrate their many faceted selves and gain confidence to pursue their goals Yet for various reasons my book manuscript remained in my own bookshelf never getting published Until now the times again call for women to claim their autonomy and gain equality in an overly male dominated and viciously callous world I am blessed to find in Xlibris a publisher ready to take on the project with me I am thrilled to finally see my Life's Masterwork in print You will find many divergent ideas in these two volumes No single woman encompasses all that are described but as you read and recognize these characters in yourselves and your friends I hope it
