

SERVANT LEADERSHIP

DEFINITION

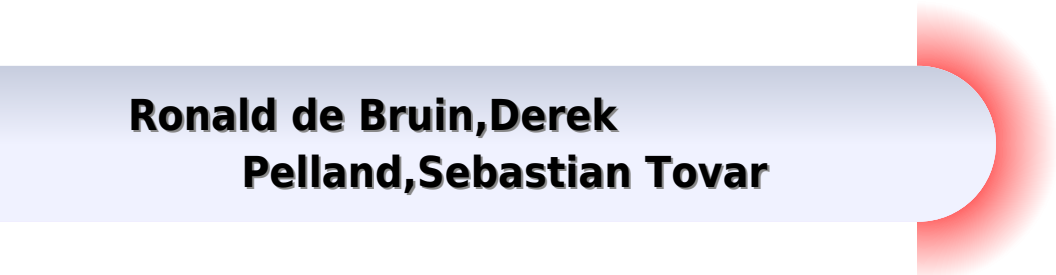

Servant Leadership is a leadership philosophy where the leader's primary goal is to serve others. This leader prioritizes the growth, well-being, and success of their team members above their own. The prioritising of serving others leads to a conscious choice of one aspiring to lead. In turn, others will experience this inspiration at all levels, learning to lead as servants. This timeless concept is what Robert Greenleaf referred to when he coined the term servant leadership in 1970. This book not only gives insights into the servant leadership philosophy but also offers real life interviews with twelve EU civil servants including Herman van Rompuy, former President of the European Council. Their stories illustrate that servant leadership is manifesting inside EU institutions already independent of background and function level. Servant leadership offers a unique opportunity to empower EU professionals in facing the challenges of the 21st century and helping the EU to serve its citizens better.
