Losing Jessica:

Losing Jessica Robby DeBoer, 1994 Beyond the headlines *Losing Jessica* is Robby DeBoer's personal and very moving account of the battle to keep her baby daughter On August 2 1993 Robby and Jan DeBoer were forced to give up the little girl that they had raised since infancy for two and a half years In a decision that shocked the entire country the courts ruled that Jessi DeBoer was to be taken from the only parents and the only home she had ever known and given back to the biological parents who were virtual strangers to her How do you say goodbye to your daughter *Losing Jessica* is more than the story of a court battle This is Robby's own story of the hopes and dreams with which she and Jan began their marriage and of the tremendous struggles that followed Robby eloquently describes what it was like to meet her daughter for the first time after years of trying to adopt We feel her elation at the moment when she and Jan are awarded custody of the baby at the termination hearing and we feel her pain and distress when she learns that the man who had signed the adoption papers might not be Jessi's biological father after all Robby's story highlights the complications and inequities of a legal system that places the biological rights of birth parents above those of the adoptive parents and makes decisions without regard to the best interests of the child Above all *Losing Jessica* is the story of a mother's unequivocal love for her child the strongest most compelling and most unbreakable human bond of all BOOK JACKET Title Summary field provided by Blackwell North

Gay and Lesbian Parenting Jack Drescher, Deborah Glazer, 2001-08-29 Find sources of support for raising a nontraditional family in a straight world The experience of parenting is commonly overlooked in psychological theory and lesbians and gay men are not typically considered as parents or parents to be *Gay and Lesbian Parenting* examines the psychological issues related to developing family and becoming parents for gay men and lesbians Instead of pathologizing gay and lesbian families it explores the emotional growth and development issues inherent in child rearing Traditionally coming out as gay or lesbian meant abandoning any hope of becoming a parent or keeping your children if you already had them But with the gayby boom in full swing more and more gay and lesbian couples are having new babies adopting children and continuing to raise the offspring of previous heterosexual relationships Although gay and lesbian parents still face unique challenges in building and rearing a family as well as the usual problems heterosexual couples encounter *Gay and Lesbian Parenting* unflinchingly examines these concerns and offers positive suggestions and ideas for dealing with the difficulties

This life affirming book takes a look at the practical and emotional realities of raising children in nontraditional family structures including issues of kinship shared motherhood and possessiveness in lesbian couples legal issues entailed by the lack of marriage and legal kinship parenthood as a powerful force for personal growth and development fatherhood as a process of creating connectedness in the family community and place of worship original empirical research on the mental health of lesbians children the history of the gay and lesbian movement as it relates to child rearing Gay and Lesbian Parenting affirms the power of gay and lesbian couples to raise healthy happy children and to change and grow through their experience of parenting This book is also essential for mental health professionals from psychiatric nurses to psychiatrists who are working with the gay and lesbian community

Mind Games J.E. Taylor, 2018-10-31 Chris Ryan doesn't understand why he's alive He should have died in the prison he and his stepbrother created Dying screams and the ring of gunshots still haunt his dreams and to make matters worse five years hasn't erased his passion for Jessica Connor She left him bleeding on the cold concrete floor escaping the prison that held her for close to a year Semi-conscious and close to death his gaze fell on an apparition of her son White light filled his skin healing his wounds and giving him a second chance and to this day that power still rages within him Haunting visions of her daughter's death drive him out of hiding and he shows up at her doorstep with the intent of giving her the power to save her cancerous daughter The power he safeguarded all these years But his good intentions fall short when they realize he led the vengeful spirit of his stepbrother straight to her Cancer is no longer their biggest worry Now Chris and Jessica must battle a ghost hell bent on destroying all of them
