Jimmy Holland

Lost In Care:

Lost in Care - The True Story of a Forgotten Child Jimmy Holland, 2013-10-18 Jimmy Holland was born into a family suffering at the hands of their drunk and abusive father. At the age of just two weeks he was placed into care. The beginning of a life lived in a constantly changing environment of homes, authorities, and institutions began. Let down and frequently abused, it wasn't long before Jimmy strayed onto the wrong side of the tracks. Before long, the mould for a problem child was set. He quickly turned from substance abuse to drug use and in turn to crime, his only means of escape. An inevitable lifetime of crime faced him, and he soon became associated with the ringleaders of an infamous gang responsible for prison riots and hostage taking. A heart-felt, shocking, and despairing insight into life as a state-raised boy. *Lost in Care* is the heart-rending tale of a man who has lost his childhood and also lost his way.

Taking Care of His Mate (The Lost 7) Marcy Jacks, Siren Everlasting Classic ManLove Erotic Romance Alternative Paranormal Shape shifter Vampires Werewolves MM HEA Dean is the alpha of his pack, the protector and provider for his mate and family. But the enemy has been slipping through his fingers as of late, and when his mate Adam makes his plans known that he wants to get a job at a local store, Dean's alpha pride cannot take the hit, especially after his brother-in-law gets hurt at his own job. Adam knows Dean tries so hard. He knows Dean has a lot on his plate, and his decision to get a job has nothing to do with that. He's not trying to hurt or insult his mate, but it seems that even an alpha needs reassurance from time to time to prove to his mate that Adam's need to work has nothing to do with Dean, and Dean is still a capable warrior and provider regardless of Adam's decision. Marcy Jacks is a Siren exclusive author.

Palliative Care for Care Homes Christine Reddall,2009 Care home workers increasingly work with people nearing the end of their lives including people with medically complex conditions However many do not have a medical background and find that practical advice on how to address these people's very specific needs is scarce In this book Christine Reddall draws on almost four decades of nursing experience to create a clear and easy to read handbook primarily for workers caring for the dying in care homes but which will also be of interest to family members caring for relatives with life threatening conditions This is a resource book to provide information on palliative care It is designed primarily to help carers who work in care homes of all categories To my knowledge this is the first book written solely for carers working in care homes that addresses the issues of caring for someone with palliative care needs However people with whom I have spoken to about this book or who have read parts of it have all said that it would also be a helpful resource to non professional family carers who care for a family member in their own home The style of this book is designed to be readable by all levels of carers and I have endeavoured to keep the language and text as non medical as possible I have tried to put myself in the shoes of carers especially those without medical training and think of what they want to know when caring for someone with a life threatening illness Christine Reddall in her Preface
