The Fully Alive Preacher Mike Graves, 2006-01-01 Mike Graves begins this book with the question If preaching is intended to enliven the church why is it killing so many ministers His answer Because preaching has become divorced from the vitality and diversity of the preacher s daily life He invites preachers to discover how preaching can be renewing rather than draining

The Transfiguration of Christ and Creation John Gatta, 2011-01-01 The biblical story of Jesus Transfiguration on a high mountain bristles with meanings germane to present day concerns and spiritual longings Together with its later artistic representations this episode from the synoptic gospels seizes the imagination as an icon of mystical hope beauty and possibility What might such an iconic episode long honored liturgically in the Eastern church disclose not only about Jesus but also about the prospect of seeing our human nature transformed And as interpreted by Christian tradition since the patristic era what might it tell us about the worth of envisioning not just a conservation or preservation of natural resources but a transfiguration of all creation and about how this feast of beauty could re energize current discussions of Christianity s relation to environmental attitudes and policy Such questions are addressed in this book through an original blend of personal reflection with commentary on relevant theological and scriptural texts literary works music and art

The Oxford Handbook of Anglican Studies Mark David Chapman,Sathianathan Clarke,Martyn Percy,2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn t impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world

Happiness and Holiness Denise Inge,2008-09-01 The 17th century writer Thomas Traherne is increasingly being recognised and studied as a theologian as well as a poet The discovery in 1997 announced by the author of this volume of five new prose works and a poetic work has given huge impetus to the study of Traherne in literature and theology This affordable concise introduction to Traherne s life and work concerns Traherne primarily as a theologian and places him in an historical and intellectual context he has thus far lacked It demonstrates his distinctive contribution to Anglican theology Consisting of a 10 000 word introductory essay and biography it is followed by extracts from Traherne s work under the following headings Creatures and Powers Holiness and Happiness Sin and Salvation

Greening the Children of God Chad Michael Rimmer, 2021-01-01

Greening the Children of God uncovers the theological roots of the growing ethical imperative to reconnect children to their natural environment. In their different traditions, theologians, environmental educators, and psychologists all affirm that knowing their place in the natural environment helps a child develop an intersubjective ecological identity that nurtures virtues of mutuality and care. During the Scientific Revolution, this ethical harmony was threatened as science and moral theology began to adopt different epistemological methods. Something the Anglican priest and poet Thomas Traherne was all too aware of, Traherne insisted that education should promote a child's attention to the moral dimensions woven into the tapestry of creation and professed that play, wonder, and a sensory relationship to diverse creatures play a pedagogical role in a child's moral formation. *Greening the Children of God* establishes the contemporary significance of Traherne's moral theory in conversation with child psychologists, educators, philosophers, and theologians who know that cultivating a place-based relationship to the local ecology helps children perceive creation's deep mutuality and develop a moral identity in the image of a caring Creator.

Disturbed by Mind and Spirit

Gavin Knight, Joanna Knight, 2009-04-09. Set in the specific context of a culturally diverse inner urban parish where mental health needs are high and the previous incumbent was murdered, the book reflects on issues of mental health, loss, and trauma which are common to all parishes. It offers a unique exploration of how mental health in a parish setting can be addressed via the dual perspectives of pastoral theology and clinical psychology. It is constructed in pairs of chapters, with each theological chapter followed by its psychological counterpart. Thus,

psychological thinking is used to reflect upon the liturgical pattern of the Eucharist as a means of deepening our awareness of and response to mental health and trauma. It aims to help raise the profile of mental health issues present in parish life, to encourage individuals to reflect on their own personal stories, ideas, and belief systems, and how these might impact on their ministry and/or discipleship in the context of mental health, to help recognise and acknowledge that mental health is often a stigmatized, forbidden, and misunderstood subject, one which has no clear-cut answers but which challenges our core selves and requires us, if we are to respond to it authentically, to recognise our own strengths and limitations, our areas of expertise, and the times when we need to seek additional help or support to offer hope for the renewal of parish life in general, not necessarily through specific strategies and solutions but through a deepened understanding of our shared stories of brokenness and healing.

Inside The School Of Charity

Trisha Day, 2010-01-01. In 2003, Trisha Day spent three months living inside the enclosure of Our Lady of the Mississippi Abbey, a community of twenty Cistercian nuns. Although she had long been a monastic associate, she was startled by the unexpected challenges and insights that emerged as the weeks went by and began a process of profound reflection on her experience. Now drawing on her journals and reflections, and on her own experience as a professional woman, wife, daughter, and mother, she delves into the questions of how the centuries-old wisdom of monastic life can challenge, inspire, and guide those living outside the monastery. Organized around topics such as prayer,

community and the vows each of Day's reflections begins with memories of her monastic experience and then presents a perceptive and often humorous critique of the contrasting values of our present culture. For each topic she chronicles with honesty and humility her subsequent struggles to apply back home the alternative approaches learned from the sisters she lived with and offers a wealth of practical suggestions. Filled with stories from her own life and fascinating details of daily life in the monastery, her book is sure to strike a spark with all those seeking to live in a fully human and Christ-centered way.

Tough Transitions Elizabeth Harper Neeld, 2008-06-09 In her highly acclaimed previous work *Seven Choices* Dr. Neeld helped thousands deal with mourning and loss. Now with *Tough Transitions* she teaches us how to take on challenges of all kinds and offers a new path that leads to happiness and growth. Life is constantly handing us opportunities, challenges, and changes: a new baby, retirement, a new job, new stepchildren, or in laws, a move to a new community. Using a life map created exclusively for this book that at a glance shows the unfamiliar territory ahead, she guides us through the four R's: the nuances of every transition: Responding, Reviewing, Reorganizing, and Renewing. Then, blending the latest scientific research, real-life stories, and the wisdom of many traditions, she reveals what experiences you're likely to encounter and what positive actions you can take to move forward. Discover what issues you're likely to face with different kinds of change. How your body, mind, and emotions are affected by transition. New thinking and new behaviors that can transform your life. The difference between surviving and thriving and the secrets that will make you a thriver. Facing the unknown can be scary. But *Tough Transitions* comforts and inspires and illuminates the path ahead.

Boundless Innocence in Thomas Traherne's Poetic Theology Elizabeth S. Dodd, 2016-03-16 The seventeenth-century poet and divine Thomas Traherne finds innocence in every stage of existence. He finds it in the chaos at the origins of creation as well as in the blessed order of Eden. He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall. *Boundless Innocence* in Thomas Traherne's *Poetic Theology* traces innocence through Traherne's works as it transgresses the boundaries of the estates of the soul. Using grammatical and literary categories, it explores various aspects of his poetic theology of innocence, uncovering the boundless desire which is embodied in the yearning cry "Were all Men Wise and Innocent." Recovering and reinterpreting a key but increasingly neglected theme in Traherne's poetic theology, this book addresses fundamental misconceptions of the meaning of innocence in his work. Through a contextual and theological approach, it indicates the unexplored richness, complexity, and diversity of this theme in the history of literature and theology.

Espiritualidad emocionalmente sana D a a d a **Sarah's Laughter** Vinoth Ramachandra, 2020-05-31 Sarah's Laughter provides a reflection on suffering that is deeply personal and both theologically and philosophically astute. Vinoth Ramachandra draws on his distinctive positioning as a Sri Lankan Christian theologian, one who has lived and ministered in contexts shaped by the destruction of natural disasters and the violence of human evil, to confront the intellectual, moral, and political challenges posed to faith in the increasingly broken world of the twenty-first century. Yet far from being an abstract discussion of theodicy, this book is intimate and vulnerable, embracing the biblical practice of lament and inviting an authentic response to grief, one that makes space for serious doubt and profound questioning. Sharing his own ongoing journey with suffering and a questing faith, Ramachandra reminds us that lament and joy, faith and protest, clarity and ambiguity belong together in faithful Christian discipleship. It is not in bypassing the darkness of the world but in embracing it in imitation of the incarnate God that we may glimpse the new creation.
