Lost World Of Agharti The Mystery Of Vril Power:

The Lost World of Agharti Alec Maclellan, 2011-02-01 One of the world's oldest legends tells of a vast network of underground tunnels and passageways linking the continents to a subterranean kingdom. This utopia is said to be inhabited by an ancient race of people who have lived in seclusion for centuries, hidden from the sight of mankind but aware of everything happening on the surface of the earth. The underground country is called Agharti. Tales of this lost world survive throughout the world, and explorers have searched for it for centuries. It has fascinated figures from the English occultist Lord Bulwer-Lytton, the Russian theosophist Madame Helena Blavatsky, and most surprisingly of all, Adolf Hitler, who based part of his philosophy of world domination on the legend of the subterranean super race. Hitler was attracted to the stories of Vril Power, an amazing force that can control man and nature. He believed that possession of this power would allow his dream of a Thousand Year Reich, and he sent scientists and soldiers in search of this lost world. Alec MacLellan has pieced together the history of the Agharti and tries to discover the tunnels that lead to Agharti. Based on evidence collected all over the world and embracing subjects from the origins of the peoples of America, the occult secrets of Asia, and the lost continent of Atlantis, MacLellan provides the first assessment of what Vril Power actually was.

A Culture of Conspiracy Michael Barkun, 2003-11-07 Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among subcultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

The Hollow Earth Enigma Alec Maclellan, 2013-02-01 In the first detailed investigation of a legendary belief that can be traced back to the dawn of time, the bestselling author of *The Lost World of Agharti* examines the possibility of an inner world, a hollow Earth, which could explain some of the greatest mysteries of our time. Was this hollow Earth inhabited before mankind set foot on the planet's surface? Did the people of Atlantis and Mu take refuge there when catastrophe overtook them? Do UFOs come not from outer space but from inside our own Earth? Bringing together years of painstaking research, Alec Maclellan looks not only at the persistent historical tradition but at the work of great scientists such as Edmond Halley and Leonhard Euler, infamous figures such as Cotton Mather and Adolf Hitler, and extraordinary researchers, each of whom has devised an explanation for the legend. There have been men who claimed to have visited the Hollow Earth and provided eye witness accounts of their journeys. Most thought provoking of all is the vast amount of scientific evidence in support of the Hollow Earth concept, including explorers' reports of polar entrances, backed up by remarkable satellite photographs and evidence from unmanned spacecraft that other planets in our solar system may be hollow too. With many rare photographs, *The Hollow Earth Enigma* explains how this extraordinary legend has captivated our imagination and how, despite its dismissal by science, it is scientifically possible.

[Culture of Conspiracy](#) Michael Barkun, 2003-11-07 What do UFO believers, Christian millennialists, and right wing conspiracy theorists have in common? According to Michael Barkun, in this fascinating yet disturbing book, quite a lot. It is well known that some Americans

are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all generated elaborate stories of hidden plots What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as The X Files and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of millennial activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture

prolific writer now as obscure as he once was famous reinvented the gothic novel in an English setting a radical re write of
Scott s model of the historical romance and an antecedent of the contemporary urban gothic of Dickens and Reynolds This
study examines Ainsworth s literary career from a writer of magazine tales of terror in the 1820s to the massive influence of
his gothic Newgate romance of 1834 Rookwood his friendships with Lamb Lockhart and Dickens his fall from literary grace
during the Newgate controversy a moral panic engendered by the supposedly pernicious effects of cheap theatrical
adaptations of Ainsworth s underworld romance Jack Sheppard legacy of Ainsworth s subsequent historical novels taking The
Lancashire Witches to be his final major work and the last of the original gothic novels The novels The Tower of London Guy
Fawkes Old St Paul s and Windsor Castle are read as epic tragedy rather than simply as bad romance The study re examines
Ainsworth s singular vision of the outlaw English history and religious intolerance as being at political odds with the new
Victorian value system particularly with regard to Catholics and the urban poor A final chapter explores Ainsworth s later life
and fiction and his adoption by his native Mancunians as The Lancashire Novelist The book includes extracts from Ainsworth
