Kubrick and science fiction visionary Arthur C Clarke Fresh off the success of his cold war satire Dr Strangelove Kubrick wanted to make the first truly first rate science fiction film Drawing from Clarke s ideas and with one of the author s short stories as the initial inspiration their bold vision benefited from pioneering special effects that still look extraordinary today even in an age of computer generated images In Space Odyssey author artist and award winning filmmaker Michael Benson delivers expert inside stuff San Francisco Chronicle from his extensive research of Kubrick s and Clarke s archives He has had the cooperation of Kubrick s widow Christiane and interviewed most of the key people still alive who worked on the film Drawing also from other previously unpublished interviews Space Odyssey provides a 360 degree view of the film from its genesis to its legacy including many previously untold stories And it features dozens of photos from the making of the film most never previously published At last The dense intense detailed and authoritative saga of the making of the greatest motion picture I ve ever seen Michael Benson has done the Cosmos a great service Academy Award winning actor Tom Hanks

New Wave, New Hollywood Gregory Frame,Nathan Abrams,2021-09-23 As a period of film history The American New Wave ordinarily understood as beginning in 1967 and ending in 1980 remains a preoccupation for scholars and audiences alike In traditional accounts it is considered to be bookended by two periods of conservatism and viewed as a brief period of explosive creativity within the Hollywood system From Bonnie and Clyde to Heaven s Gate it produced films that continue to be watched discussed analysed and poured over It has however also become rigidly defined as a cinema of director auteurs who made a number of aesthetically and politically significant films This has led to marginalization and exclusion of many important artists and filmmakers as well as a temporal rigidity about what and who is considered part of the New Wave proper This collection seeks to reinvigorate debate around this area of film history It also looks in part to demonstrate the legacy of aesthetic experimentation and political radicalism after 1980 as part of the legacy of the New Wave Thanks to important new work that questions received scholarly wisdom reveals previously marginalised filmmakers and the films they made considers new genres personnel and films under the banner of New Wave New Hollywood and reevaluates the traditional approaches and perspectives on the films that have enjoyed most critical attention New Wave New Hollywood Reassessment Recovery Legacy looks to begin a new discussion about Hollywood cinema after 1967
