Transitions Through Education Elizabeth Fraser Selkirk Hannah,Divya Jindal-Snape,2022-02-28 **Moving from
the Primary Classroom** Maurice Galton,John Willcocks,2023-03-08 First published in 1983 Moving from the Primary
Classroom is concerned with what happens to pupils when they change teachers in the primary school and when they move
to the secondary or middle school Although most children are well prepared for the organizational changes they will face
after transfer the researchers found that major difficulties were encountered when pupils adjusted to the new teaching styles
associated with specialist subjects As pupils move up the primary school and after transfer there appears to be a decrease in
individualization of the learning process in favour of whole class teaching and group work This poses particular problems for
pupils who find the work either too difficult or not sufficiently challenging The disparity in the varying rates at which children
complete their work sometimes causes acute problems which are fully documented This book will be of interest to students of
education pedagogy as well as teachers IEPs for ELs John J. Hoover,James R. Patton,2017-03-22 Develop and monitor
