

Noble Lovers

Gottfried Strassburg

Noble Lovers:

Longing and Letting Go Holly Hillgardner, 2017 Can we love God and others without our desires eclipsing the very beauty integrity and diversity toward which we are drawn that is can we love without trying to possess Spanning centuries continents and religious traditions *Longing and Letting Go* looks to Christian writer Hadewijch and Hindu songstress Mirabai to explore their inextricable practices of longing and letting go and more particularly the interreligious possibilities of passionate non attachment for an interconnected pluralistic world

Tristan Mark Chinca, 1997-04-10 This book offers a concise introduction to Gottfried von Strassburg's *Tristan* The work is approached both through its context and through a close reading of key passages of the text The contextual reading compares Gottfried with his predecessors Beroul Eilhart and Thomas in order to reveal his independent response to the problems and possibilities with which he was confronted by his material The close textual reading builds up a distinctive interpretation of the work in which particular attention is paid to Gottfried's reworking of literary tradition his use of religious analogies and his awareness of the fictive potential of literary language A concluding chapter examines Gottfried's medieval reception through the work of his continuators Ulrich von Turheim and Heinrich von Freiberg and the *Herzmaere* of Konrad von Wurzburg

Noble Lovers Douglas David Roy Owen, 1975

Arthurian Romance Derek Pearsall, 2008-04-15 This witty and accessible book traces the history of Arthurian romance from medieval to modern times explaining its enduring appeal Traces the history of Arthurian romance from medieval to modern times Covers art and films as well as the great literary works of Arthurian romance Draws out the changing political moral and emotional uses of the story Explains the enduring appeal of the Arthurian legend Written by an author with vast knowledge of medieval literature

Tristan and Isolde Gottfried von Strassburg, 2020-09-16 I believe this fluent accurate readable translation of *Tristan and Isolde* will become the standard English edition of Gottfried's literary masterpiece Wisely choosing not to recreate the end rhyme of the original Whobrey has created a text that stays true to the original Middle High German while rendering it into modern English prose The inclusion of Ulrich von Tu rheim's Continuation is a great strength of this book For the first time English speakers will be able to read Gottfried's work in tandem with Ulrich's and explore via Whobrey's discussion of Ulrich's sources the rich *Tristan* literary tradition in the Middle Ages and the ways in which Gottfried's achievement resonated well after his death The footnotes provide helpful cultural historical and interpretive information and Whobrey's Introduction offers a nice overview of Gottfried's biography a discussion of Gottfried's important literary excursus his place within the literature and genres of his time and the source material for his *Tristan* Particularly useful is Whobrey's discussion of the intricate and masterful structure of Gottfried's text

Scott Pincikowski Hood College

Socrates on Friendship and Community Mary P. Nichols, 2009 In *Socrates on Friendship and Community* Mary P. Nichols addresses Kierkegaard's and Nietzsche's criticism of Socrates and recovers the place of friendship and community in Socratic philosophizing This approach stands in contrast to the modern philosophical tradition

in which Plato's Socrates has been viewed as an alienating influence on Western thought and life Nichols' rich analysis of both dramatic details and philosophic themes in Plato's Symposium Phaedrus and Lysis shows how love finds its fulfilment in the reciprocal relation of friends Nichols also shows how friends experience another as their own and themselves as belonging to another Their experience she argues both sheds light on the nature of philosophy and serves as a standard for a political life that does justice to human freedom and community

Leo Strauss On Plato's Symposium Leo

Strauss, 2001-08 The first major piece of unpublished work by Leo Strauss to appear in more than thirty years Leo Strauss On Plato's Symposium offers the public the unprecedented experience of encountering this renowned scholar as his students did Given as a course in autumn 1959 under the title Plato's Political Philosophy at the University of Chicago these transcripts previously had circulated in samizdat fashion passed down from one generation of students to the next They show Strauss at his best in his subtle and sometimes indirect style of analysis which has attracted almost as much commentary as has the content of his thought Strauss presents a coherent and complete interpretation of the Symposium proceeding by a meticulous reading from beginning to end Operating on the once common hypothesis that commentary is an excellent method of expounding the truth Strauss sheds light not only on the meaning of the dialogue and its place in the Platonic corpus but also on a host of important topics including the nature of eros and its place in the overall economy of human life the perennial quarrel between poetry and philosophy and the relation of both to piety politics and morality the character of Socrates and the questions of his trial and many other matters As provocative as they were a half century ago these important lectures will be welcomed by students of classics philosophy politics psychology and political philosophy

The Mediaeval Mind (Volume 1 of 2) Henry Osborn Taylor, 2023-10-01 The Mediaeval Mind Volume 1 of 2 by Henry Osborn

Taylor In this scholarly work Henry Osborn Taylor delves into the intellectual and cultural landscape of the medieval period The book offers a comprehensive exploration of medieval thought philosophy religion and society providing insights into the worldview and beliefs of this pivotal era in history Key Aspects of the Book The Mediaeval Mind Volume 1 of 2 Medieval Thought and Philosophy The book examines the prevailing ideas and philosophical frameworks that shaped medieval thinking Religion and Spirituality Taylor delves into the role of religion and spirituality in medieval life exploring the influence of Christianity and other belief systems Historical Context The Mediaeval Mind places the medieval period within its historical context shedding light on the social political and cultural developments of the time Henry Osborn Taylor was an American historian and educator born in 1856 He was renowned for his research and writings on medieval history and culture The Mediaeval Mind Volume 1 of 2 showcases Taylor's expertise in medieval studies and his dedication to unraveling the complexities of the medieval era

Courtly Love, the Love of Courtliness, and the History of Sexuality James A.

Schultz, 2006-08-15 One of the great achievements of the Middle Ages Europe's courtly culture gave the world the tournament the festival the knighting ceremony and also courtly love But courtly love has strangely been ignored by

historians of sexuality With *Courtly Love the Love of Courtliness and the History of Sexuality* James Schultz corrects this oversight with careful analysis of key courtly texts of the medieval German literary tradition Courtly love Schultz finds was provoked not by the biological and intrinsic factors that play such a large role in our contemporary thinking about sexuality sex difference or desire but by extrinsic signs of class bodies that were visibly noble and behaviors that represented exemplary courtliness Individuals became subjects of courtly love only to the extent that their love took the shape of certain courtly roles such as singer lady or knight They hoped not only for physical union but also for the social distinction that comes from realizing these roles to perfection To an extraordinary extent courtly love represented the love of courtliness the eroticization of noble status and the courtly culture that celebrated noble power and refinement **A Wife for a Moneth** John Edward Fletcher, 2021-11-01 **Medieval Crossover** Barbara Newman, 2013-05-15 The sacred and the secular in medieval literature have too often been perceived as opposites or else relegated to separate but unequal spheres In *Medieval Crossover Reading the Secular against the Sacred* Barbara Newman offers a new approach to the many ways that sacred and secular interact in medieval literature arguing that in contrast to our own cultural situation the sacred was the normative unmarked default category against which the secular always had to define itself and establish its niche Newman refers to this dialectical relationship as crossover which is not a genre in itself but a mode of interaction an openness to the meeting or even merger of sacred and secular in a wide variety of forms Newman sketches a few of the principles that shape their interaction the hermeneutics of both and the principle of double judgment the confluence of pagan material and Christian meaning in Arthurian romance the rule of convergent idealism in hagiographic romance and the double edged sword in parody *Medieval Crossover* explores a wealth of case studies in French English and Latin texts that concentrate on instances of paradox collision and convergence Newman convincingly and with great clarity demonstrates the widespread applicability of the crossover concept as an analytical tool examining some very disparate works These include French and English romances about Lancelot and the Grail the mystical writing of Marguerite Porete placed in the context of lay spirituality lyric traditions and the *Romance of the Rose* multiple examples of parody sexually obscene shockingly anti Semitic or cleverly litigious and Ren of Anjou's two allegorical dream visions Some of these texts are scarcely known to medievalists others are rarely studied together Newman's originality in her choice of these primary works will inspire new questions and set in motion new fields of exploration for medievalists working in a large variety of disciplines including literature religious studies history and cultural studies *Tristan with the Surviving Fragments of the Tristran of Thomas* Gottfried Strassburg, 1960 One of the great romances of the Middle Ages *Tristan* written in the early thirteenth century is based on a medieval love story of grand passion and deceit By slaying a dragon the young prince Tristan wins the beautiful Isolde's hand in marriage for his uncle King Mark On their journey back to Mark's court however the pair mistakenly drink a love potion intended for the king and his young bride and are instantly possessed with an all consuming love for each another a love they are

compelled to conceal by a series of subterfuges that culminates in tragedy Von Strassburg's work is acknowledged as the greatest rendering of this legend of medieval lovers and went on to influence generations of writers and artists and inspire Richard Wagner's *Tristan and Isolde* *Aphra Behn and Her Female Successors* Margaret Rubik, 2011 This collection of essays casts new light at Aphra Behn's poetry drama prose and literary criticism The contributors analyse her creative response to the literary theories genres and motifs of her age and point out remarkable analogies to the writings of her female successors some of whom have not hitherto been viewed in relation to this Restoration pioneer of female authorship Her influence on modern writers can still be felt in texts as diverse as Virginia Woolf's *Orlando* Molly Brown's historical thriller set in Restoration England and Joan Anim Addo's adaptation of *Oroonoko* Publisher's description **Sex** Daniel Orrells, 2015-04-30 Sex is fundamental to society We cannot think about politics power identity or culture without also thinking about sexuality Despite this the scientific study of sexual behaviour is a relatively recent phenomenon Doctors legal experts and other intellectuals have all pondered challenging questions in an attempt to stay abreast of the latest sexual research How might we separate talking about sex scientifically from discussing and consuming pornography How do we speak objectively about desire and pleasure And how do the words that we use to talk about sex affect what we are able to say about it Such questions increasingly inform public discourse across a variety of media Showing how ancient words and ideas have left a significant imprint on present day ideas about sex Daniel Orrells offers a bold new narrative of how the scientific study of sexuality came into being Uncovering the intriguing story of how the obscene and erotic verse of Roman epigram and love poetry became the sanitised language of nineteenth century sexual science this divertingly readable book demonstrates how the reception of both Latin and Greek texts was central to the development of modern sexology and psychoanalysis Ranging from Sappho Catullus and Martial to Michel Foucault Richard von Krafft Ebing and Sigmund Freud the author reveals just how profoundly classics has shaped the landscape of sexual identity that we inhabit today *The conflict of love and honor* Joan M. Ferrante, 2011-09-27 No detailed description available for *The conflict of love and honor*

The Boundaries of the Human in Medieval English Literature Dorothy Yamamoto, 2000 This study analyzes the fear of beastly transformation that recurs throughout Medieval literature Yamamoto explores how humans envisioned animals with human characteristics in bestiaries and literatures that involve aspects of the hunt and heraldry Minor texts as well as major works like Chaucer's *Knight's Tale* are investigated Additionally she explores both examples of humans changing into animal form and those that hover enigmatically between species as wild men and women Investigating this topic she looks to Alexander romances the poetry of Gower and other sources *Ethics and Professional Persuasion* Ralph D. Barney, 2003-07-30 Examining the applied media ethics question of professional persuasion this special double issue resulted from a colloquium and conference on allowable ethical limits of deception in professional persuasion Participants were invited to reason their way toward a threshold that would define acceptable deception for a professional persuader in pursuit

of favorable market and public opinion conditions for a client As a whole this issue covers a broad range of views and expressions of opinion that often come close to defining the threshold between morally acceptable and morally outrageous persuasion **Love and Honour** William D'Avenant,1909 **The Golden Age Restor'd** Graham Parry,1981 Giving Voice to Love Judith A. Peraino,2011-11-17 The lyrics of medieval courtly love songs are characteristically self conscious Giving Voice to Love investigates similar self consciousness in the musical settings Moments and examples where voice melody rhythm form and genre seem to comment on music itself tell us about musical responses to the courtly chanson tradition and musical reflections on the complexity of self expression

Noble Lovers Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Noble Lovers**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
