SamulNori Nathan Hesselink, 2012-02-24 In 1978 four musicians crowded into a cramped basement theater in downtown Seoul where they for the first time brought the rural percussive art of p ungmul to a burgeoning urban audience In doing so they began a decades long reinvention of tradition one that would eventually create an entirely new genre of music and a national symbol for Korean culture Nathan Hesselink s SamulNori traces this reinvention through the rise of the Korean supergroup of the same name analyzing the strategies the group employed to transform a museum worthy musical form into something that was both contemporary and historically authentic

unveiling an intersection of traditional and modern cultures and the inevitable challenges such a mix entails Providing everything from musical notation to a history of urban culture in South Korea to an analysis of SamulNori s teaching materials and collaborations with Euro American jazz quartet Red Sun Hesselink offers a deeply researched study that highlights the need for traditions if they are to survive to embrace both preservation and innovation *Gender and Globalization in Asia and the Pacific* Kathy E. Ferguson, Monique Mironesco, 2008-08-01 What is globalization How is it gendered How does it work in Asia and the Pacific The authors of the sixteen original and innovative essays presented here take fresh stock of globalization s complexities They pursue critical feminist inquiry about women gender and sexualities and produce original insights into changing life patterns in Asian and Pacific Island societies Each essay puts the lives and struggles of women at the center of its examination while weaving examples of global circuits in Asian and Pacific societies into a world frame of analysis The work is generated from within Asian and Pacific spaces bringing to the fore local voices and claims to knowledge The geographic emphasis on Asia Pacific highlights the complexity of globalizing practices among specific people whose dilemmas come alive on these pages Although the book focuses on global gendered flows it expands its investigation to include the media and the arts intellectual resources activist agendas and individual life stories First rate ethnographies and interviews reach beyond generalizations and bring Pacific and Asian women and men alive in their struggles against globalization Globalization cannot be summed up in a neat political agenda but must be actively contested and creatively negotiated Taking feminist political thinking beyond simple oppositions the authors ask specific questions about how global practices work how they come to be who benefits and what is at stake Contributors Nancie Caraway Steve Dern Cynthia Enloe Kathy Ferguson Maria Ibarra Gwyn Kirk Sally Merry Virginia Metaxas Min Dongchao Monique Mironesco Rhacel Parrenas Lucinda Peach Vivian Price Jyoti Puri Judith Raikin Nancy Riley Saskia Sassen Teresia Teaiwa Chris Yano Yau Ching **Sexual Encounters** Lee Wallace, 2018-05-31 European literary artistic and anthropological representation has long viewed the Pacific as the site of heterosexual pleasures The received wisdom of these accounts is based on the idea of female bodies unrestrained by civilization In a revisionist history of the Pacific zone and some of its preeminent Western imaginists Lee Wallace suggests that the fantasy of the male body rather than of the free loving female provides the underlying libidinal structure for many of the classic encounter narratives from Cook to Melville The subject of *Sexual Encounters* is sexual fantasy particularly male homoerotic fantasy found in the literature and art of South Sea exploration colonization and settlement Working at the boundaries of a number of disciplines such as queer theory anthropology postcolonial studies and history Wallace engages in subversive readings of eighteenth and nineteenth century Pacific voyage journals Cook in Hawaii and a Russian expedition to the Marquesas an argument concerning Gauguin s treatment of female figures and a discussion of homosexuality and Samoan male to female transgenderism These phenomena Wallace asserts demonstrate the continuity and dissonance between Western and Pacific sexual categories She reconstructs

Pacific history through the inevitable entanglement of metropolitan and indigenous sexual regimes and ultimately argues for the importance of the Pacific in defining modern sexual categories *Gender on the Edge* Niko Besnier, Kalissa Alexeyeff, 2014-12-31 Transgender identities and other forms of gender and sexuality that transcend the normative pose important questions about society culture politics and history They force us to question for example the forces that divide humanity into two gender categories and render them necessary inevitable and natural The transgender also exposes a host of dynamics that at first glance have little to do with gender or sex such as processes of power and domination the complex relationship among agency subjectivity and structure and the mutual constitution of the global and the local Particularly intriguing is the fact that gender and sexual diversity appear to be more prevalent in some regions of the world than in others This edited volume is an exploration of the ways in which non normative gendering and sexuality in one such region the Pacific Islands are implicated in a wide range of socio cultural dynamics that are at once local and global historical and contemporary The authors recognize that different social configurations cultural contexts and historical trajectories generate diverse ways of being transgender across the societies of the region but they also acknowledge that these differences are overlaid with commonalities and predictabilities Rather than focus on the definition of identities they engage with the fact that identities do things that they are performed in everyday life that they are transformed through events and movements and that they are constantly negotiated By addressing the complexities of these questions over time and space this work provides a model for future endeavors that seek to embed dynamics of gender and sexuality in a broad field of theoretical import
