Pacific War Revisited:

The Pacific War Revisited Kanji Akagi, 199? *A Life Disturbed* Merrel D. Clubb, Jr., 2011-06-01 An exceptional storyteller with an analytical eye Merrel Clubb has gathered the letters he sent his parents from the Pacific Theater of World War II and his subsequent reflections on that war and on his life into a kind of then and now memoir The letters are a treasure trove of humor anxiety and hope revealing a young man thrust into a war that he does not understand Through this exceptional portal on the past we learn of the tragic absurdity of war of a soldier trained for naval warfare but sent into land battle with weapons he'd never before fired of command post latrines at which even commanding officers were sitting ducks of the ghoulish trophies and mementos that soldiers collected from the battlefields The letters describe a vivid cast of characters from Clubb's childhood friend who instilled a love of poetry in his comrades to the hillbilly singer and the prostitute with whom the young Clubb had varied amorous adventures But the most compelling figure in this narrative is of course Clubb himself an intellectual who carried Jane Austen and Joseph Conrad along with his tommy gun who used books as a fortification for his foxhole discovering upon waking one morning that Ouspensky stopped a bullet and who in a darkly humorous moment wrote home that Plato is pretty consoling because I can always think that somewhere there is a perfect hell of a navy of which this is but an imitation or representation Returning to these letters years later prompts Clubb to look again at the Second World War and at the atomic bomb that ended it In an analysis as useful to understanding our own historical moment as it is to reconsidering the past Clubb counters the conventional wisdom shared by veterans and civilians alike particularly regarding the concept of a just war For Clubb as for so many veterans the war does not end with the victory over Japan Despite the intervening years Clubb finds that the haunting episodes experienced over half a century ago echo still Even in the solitude of the forest in the hunting parties he meets in the animals he himself kills he hears again the sound of battle sees again the faces of the victims of war Part letters part memoir and part scholarly analysis this volume ranges over a vast colorful and weighted territory From the battles and respites in the Pacific Islands to the night clubs and call girls of mainland San Francisco and San Diego from the relative quiet of his aptly named hometown Stillwater to the similarly quiet Montana backcountry Clubb's narrative explores the psychological terrain of a life disturbed and forever changed by war

Levine, Jackie Hiltz, 2015-06-03 This text examines the Pacific War the Korean War and the Vietnam War from the perspective of those who fought the wars and lived through them The relationship between history and memory informs the book and each war is relocated in the historical and cultural experiences of Asian countries **America's Fighting Admirals** William Tuohy, 2007 American naval actions of World War II comprise the most widespread complex and dramatic battles in the history of sea warfare The fighting took place over vast distances in the Atlantic and Pacific oceans as well as in the constricted spaces of the Mediterranean and Solomon seas Each of the major actions had an admiral the commander in charge who led the battle In combat the abilities and determination of these commanders at sea were put to the most severe test Americas Fighting Admirals describes the course of U S sea action in World War II It examines the skills strengths weaknesses and personalities of the American admirals who fought the battles at sea It examines the effect that stress tension and responsibility have on commanders making vital decisions in the red hot crucible of battle And it reveals the changing nature of the responsibilities of flag officers as the war progressed and became enormously complex *Race and Gender in Modern Western Warfare* David Ulbrich, Bobby A. Wintermute, 2018-12-03 This book fills a gap in the historiographical and theoretical fields of race gender and war In brief Race and Gender in Modern Western Warfare RGMWW offers an introduction into how cultural constructions of identity are transformed by war and how they in turn influence the nature of military institutions and conflicts Focusing on the modern West this project begins by introducing the contours of race and gender theories as they have evolved and how they are employed by historians anthropologists sociologists and other scholars The project then mixes chronological narrative with analysis and historiography as it takes the reader through a series of case studies ranging from the early nineteenth century to the Global War of Terror The purpose throughout is not merely to create a list of so called great moments in race and gender but to create a meta landscape in which readers can learn to identify for themselves the disjunctures flaws and critical synergies in the traditional memory and history of a largely monochrome and male exclusive military experience The final chapter considers the current challenges that Western societies particularly the United States face in imposing social diversity and tolerance on statist military structures in a climates of sometimes vitriolic public debate RGMWW represents our effort to blend race gender and military war to problematize these intersections and then provide some answers to those problems Old Lessons New Thoughts... , **Prompt and Utter Destruction (EasyRead Comfort Edition)** J.
