Pacifism And The Just War A Study In Applied Philosophy

Maja Zehfuss

Pacifism And The Just War A Study In Applied Philosophy:

Pacifism and the Just War Jenny Teichman, 1986 Teichman describes and analyzes the theories of pacifism and the traditional doctrine of the just war Theology **Speak Up for Just War or Pacifism** Paul Ramsey, 2016-03-03 This searching critique of the United Methodist Bishops pastoral letter on war and peace in a nuclear age by America's foremost Christian ethicist exposes theological flaws from which flow gaps in moral argument and strangely utopian politics Never before has *In Defense of Creation* been more thoroughly analyzed At the same time Paul Ramsey gives a full length and detailed comparison of the Methodist document with *The Challenge of Peace* by the U S Catholic Bishops Issues of nuclear ethics as seen by the leaders of two major churches are set fully in view for the first time in a single volume This ecumenical consultation is broadened by drawing extensively on the writings of Mennonite theologian John Howard Yoder The book's larger purpose is to construe an encounter between Christian just war tradition and Christian pacifism This comparative discussion of Christian ethics should be of interest to any reader concerned about the nuclear crisis Some of the questions confronted in these pages are What do people mean by nonviolence Should we never kill another human being or never kill another human being unjustly Do Christian pacifism and Christian just war teachings have anything in common in their understanding of the Christian moral life Do different interpretations of the person and work of Jesus Christ give rise to Christian pacifism and to just war participation Are these irreducibly different options equally valid for followers of Christ Do the tests of discrimination and proportion lead to the same prohibitions on war and limits in war in a nuclear age With an epilogue by Stanley Hauerwas this volume offers the unusual event of two Methodist laymen engaged in lively debate over their church and the modern world **Modern Just War Theory** Michael P. Farrell, 2013-06-20 Contributions to Illuminations A Scarecrow Press Series of Guides to Research in Religion provide students and scholars lay readers and clergy with a road map to research in key areas of religious study All commonly constructed with introductions to the topic and reviews of key thinkers concepts and events each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic Focusing primarily on the knowledge required by today's students and scholars each guide is a must have for any student of religion The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo Anabaptists and Niebhuurians Meanwhile proponents of Christian just war theory had to address challenges from competing ideologies as well as those presented by the changing nature of warfare *Modern Just War Theory A Guide to Research* by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory helping them navigate the wealth of just war literature produced in the twentieth and twenty first centuries Farrell's guide provides an introduction to the major developments of just war

theory in the twentieth century including sections on how to research just war theory an overview of some of the most important theorists and developments of the twentieth century and discussions of key search terms and related topics Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories Modern Just War Theory will appeal to students and scholars of theology military history international law and Christian ethics

On the Ethics of War and Terrorism Uwe Steinhoff, 2007-05-24 Steinhoff deals with topical and urgent questions When is a war just and when not describing and explaining the basic tenets of just war theory and giving a succinct precise and highly critical account of the present status of the theory and of the most important and controversial current debates surrounding it Routledge Handbook of Military Ethics George Lucas, 2015-05-22 The Routledge Handbook of Military Ethics is a comprehensive reference work that addresses concerns held in common by the military services of many nations It attempts to discern both moral dilemmas and clusters of moral principles held in common by all practitioners of this profession regardless of nation or culture Comprising essays by contributors drawn from the four service branches Army Navy Air Force and Marine corps as well as civilian academics specializing in this field this handbook discusses the relationship of ethics in the military setting to applied and professional ethics generally Leading scholars and senior military practitioners from countries including the US UK France China Australia and Japan discuss various national cultural views of the moral dimensions of military service With reference to the responsibilities of professional orientation and education as well as the challenges posed by recent technological developments this handbook examines the difficulties underpinning the fundamental framework of military service This book will be of much interest to students of military studies war theory ethics philosophy sociology war and conflict studies and security studies *Origins of the Just War* Rory Cox, 2023-10-31 As two of the fundamental social forces that shape human life war posing the greatest existential threat to communities and justice being the principle that makes complex communal life possible in the first place the relationship between war and justice is crucial to understanding the development of Western civilization The central argument of this book is that theories of justified violence were not created ex nihilo as exercises in abstract ethical reasoning but rather emerged as a result of communities responding to the reality of war Communities developed concepts of normative warfare from a desire to legitimate and to control armed conflicts in which they consistently engaged Scholars have repeatedly overlooked the very simple fact that war predates just war doctrine and that early archaeological and textual evidence indicates that ancient societies were more inclined to glorify warfare than to condemn it It is the contention of this study therefore that the presumption of war is the essential characteristic and common denominator of the just war tradition Underscored by this compelling thesis the book will demonstrate that over the course of three millennia Western societies displayed a remarkable degree of affinity in their attitudes to the relationship between war and justice *Just War* Anthony F. Lang Jr., Cian

O'Driscoll, John Williams, 2013-07-25 The just war tradition is central to the practice of international relations in questions of war peace and the conduct of war in the contemporary world but surprisingly few scholars have questioned the authority of the tradition as a source of moral guidance for modern statecraft Just War Authority Tradition and Practice brings together many of the most important contemporary writers on just war to consider questions of authority surrounding the just war tradition Authority is critical in two key senses First it is central to framing the ethical debate about the justice or injustice of war raising questions about the universality of just war and the tradition's relationship to religion law and democracy Second who has the legitimate authority to make just war claims and declare and prosecute war Such authority has traditionally been located in the sovereign state but non state and supra state claims to legitimate authority have become increasingly important over the last twenty years as the just war tradition has been used to think about multilateral military operations terrorism guerrilla warfare and sub state violence The chapters in this collection organized around these two dimensions offer a compelling reassessment of the authority issue's centrality in how we can do and ought to think about war in contemporary global politics

The Logic of Internationalism Kjell Goldmann, 2002-11-01 Internationalism is the view that institution building and peaceful cooperation will make peace and security prevail in a system of independent states This book examines this controversial topic and discusses whether such a view is realistic or whether international relations are typically characterised by tension and war Kjell Goldmann seeks to examine the plausibility of internationalism under present day conditions A theory of internationalism is outlined and is shown to have two dimensions one coercive to enforce the rules and decisions of international institutions and one accommodative to avoid confrontation by means of mutual understanding and compromise Problematic features of the theory are then considered in detail the assumption that all international cooperation tends to inhibit war and the tension inherent in the joint pursuit of coercion and accommodation

Understanding Peace Michael Allen Fox, 2013-11-12 Understanding Peace A Comprehensive Introduction fills the need for an original contemporary examination of peace that is challenging informative and empowering This well researched fully documented and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations After deconstructing numerous ideas about war and explaining its heavy costs to humans animals and the environment discussion turns to evidence for the existence of peaceful societies Further topics include the role of nonviolence in history the nature of violence and aggression and the theory and practice of nonviolence The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace Understanding Peace brings a fresh philosophical perspective to discussions of peace and also addresses down to earth issues about effecting constructive change in a complex world The particular strength of Understanding Peace lies in its commitment to reflecting on and integrating material from many fields of knowledge This approach will appeal to a diverse audience of students and scholars in peace studies

philosophy and the social sciences as well as to general interest readers **Wittgenstein's Ethics and Modern Warfare**

Nil Santiáñez, 2018-10-03 This original and insightful book establishes a reciprocal relationship between Ludwig Wittgenstein's notion of ethics and the experience of war. It puts forth an interpretation of Wittgenstein's early moral philosophy that relates it to the philosopher's own war experience and applies Wittgenstein's ethics of silence to analyze the ethical dimension of literary and artistic representations of the Great War. In a compelling book-length essay, the author contends that the emphasis on unsayability in Wittgenstein's concept of ethics is a valuable tool for studying the ethical silences embedded in key cultural works reflecting on the Great War produced by Mary Borden, Ellen N. La Motte, Georges Duhamel, Leonhard Frank, Ernst Friedrich, and Joe Sacco. Exploring their works through the lens of Wittgenstein's moral philosophy, this book pays particular attention to their suggestion of an ethics of war and peace by indirect means such as prose, poetry, spatial form, collage, symbolism, and expressionism. This cultural study reveals new connections between Wittgenstein's philosophy, his experience during the First World War, and the cultural artifacts produced in its aftermath. By intertwining ethical reflection and textual analysis, *Wittgenstein's Ethics and Modern Warfare* aspires to place Wittgenstein's moral philosophy at the centre of discussions on war, literature, and the arts. *Faith and Force* David L. Clough, Brian

Stiltner, 2007-06-04 This book began in an argument between friends surprised to find themselves on opposite sides of the debate about whether the United States and the United Kingdom should invade Iraq in 2003. Situated on opposite sides of the Atlantic, in different churches, and on different sides of the just-war/pacifist fence, we exchanged long emails that rehearsed on a small scale the great national and international debates that were taking place around us. We discovered the common ground we shared as well as some predictable and some surprising points of difference. When the initial hostilities ended, our conversation continued, and we felt the urgency of contributing to a wider Christian debate about whether and when war could be justified. From the Preface: So began a dynamic collaboration that developed into a civil but provocative debate over matters of war and peace that is *Faith and Force*. From the ancient battles between Greek city-states to the Crusades to the World Wars of the twentieth century to the present-day wars in Afghanistan and Iraq, and the Middle East aggressors and defenders alike have claimed the mantle of righteousness and termed their actions just. But can the carnage of war ever be morally grounded? And if so, how? These are the questions that David L. Clough, a Methodist proponent of pacifism, and Brian Stiltner, a Catholic theologian and just-war adherent, have vowed to answer together. With one voice, Clough and Stiltner outline and clarify issues of humanitarian intervention, weapons proliferation, and preventative war against rogue states. Their writing is grounded in Christian tradition and provides a fresh and illuminating account of the complexities and nuances of the pacifist and just-war positions. In each chapter, Clough and Stiltner engage in debate on the issues, demonstrating a respectful exchange of ideas absent in much contemporary political discourse, whether on television or in the classroom. The result is a well-reasoned, challenging repartee that searches for common ground within the Christian tradition and on behalf

of the faithful promotion of justice yet one that also recognizes genuine differences that cannot be bridged easily. Intended for a broad audience, Faith and Force is the perfect foil to the shrill screeching that surrounds partisan perspectives on military power and its use. To help with using the book in a classroom context, the authors have provided Questions for Reflection and Discussion for each chapter. You can download these questions in PDF format at press.georgetown.edu.

Against the Cold War Darren G Lilleker, 2004-11-26. Who were the British MPs sympathetic to the Soviets, the crypto communists, left wing gadflies, the neo Stalinist left so derided by fellow politicians, journalists, historians, and the public? These Labour MPs fingered as Soviet spies who developed links with post war Russia were seen as potentially anti Western actors in the Cold War. *Against the Cold War* examines the careers and motives of MPs like Tom Driberg and Ian Mikardo who developed ideological links with the Soviet Union and whose ideas influenced Labour's left wing. Although radical and sympathetic to Communist ideals, they remained principled socialists and were ready to exercise Trotsky's right to alight to oppose and even abandon Soviet links for democratic socialism.

War and the Politics of Ethics Maja Zehfuss, 2018-02-02. Contemporary Western war is represented as enacting the West's ability and responsibility to help make the world a better place for others, in particular to protect them from oppression and serious human rights abuses. That is, war has become permissible again, indeed even required as ethical war. At the same time, however, Western war kills and destroys. This creates a paradox: Western war risks killing those it proposes to protect. This book examines how we have responded to this dilemma and challenges the vision of ethical war itself, exploring how the commitment to ethics shapes the practice of war and indeed how practices come in turn to shape what is considered ethical in war. The book closely examines particular practices of warfare such as targeting the use of cultural knowledge and ethics training for soldiers. What emerges is that instead of constraining violence, the commitment to ethics enables and enhances it. The book argues that the production of ethical war relies on an impossible but obscured separation between ethics and politics, that is, the problematic politics of ethics, and reflects on the need to make decisions at the limit of ethics.

With God on Our Side Ben Edwards, 2013-07-29. This book uses Christian reactions to the Spanish Civil War to analyse the role and importance of Christianity in interwar Britain. This conflict is used as a proxy through which to discuss the status of Christianity in Britain because the Nationalists claimed to be fighting a Holy War against communist atheism. This representation meant that the conflict was of considerable interest to Christians in Britain. British Christians frequently used the war in Spain to discuss their broader concerns. Many leading Catholics and fascistic Protestants argued that the events in Spain were an exaggerated form of the communist threat to Britain; by contrast, many Protestants used the war to voice their wider criticisms of Catholicism. Catholics responded to these chastisements by reasserting that members of their faith were patriots who resisted communist internationalism and atheism. Christian responses to the war therefore increased pre-existing tension between Protestantism and Catholicism. Similarly, Catholicism's already difficult relationship with Labour was adversely affected by these movements' reactions to the conflict. Labour's

involvement with the Basque children operations showed that it wanted to maintain relatively harmonious relations with Catholicism but these efforts were unsuccessful Ultimately this study uses British Christian reactions to the Spanish Civil War to indicate that Christianity was actually an important aspect of interwar British society

War and Peace (Problems in Theology) Jeff Astley, David Brown, Ann Loades, 2003-11-01 A selection of key writings on the problem of war and peace Introduces students to general issues in ethics and moral theology Key contributors from around the world This reader samples a wide range of modern moral and religious discussions on the subject of war and peace In addition to providing material on pacifism the just war debate the nuclear option genocide and the concept of a holy war it introduces students to general issues in ethics and moral theology using the morality of war as a powerful and pertinent worked example Contributors include Elizabeth Anscombe George Bell Charles Curran Y Harkabi Richard Harries Stanley Hauerwas Paul Ramsey W Montgomery Watt Rowan Williams

Nonviolent Struggle Sharon Erickson Nepstad, 2015-09-01 From Gandhi's movement to win Indian independence to the Arab Spring uprisings of 2011 an expanding number of citizens have used nonviolent action to win political goals While such events have captured the public imagination they have also generated a new surge of scholarly interest in the field of nonviolence and civil resistance studies Although researchers have produced new empirical data theories and insights into the phenomenon of nonviolent struggle the field is still quite unfamiliar to many students and scholars In Nonviolent Struggle Theories Strategies and Dynamics sociologist Sharon Nepstad provides a succinct introduction to the field of civil resistance studies detailing its genesis key concepts and debates and a summary of empirical findings Nepstad depicts the strategies and dynamics at play in nonviolent struggles and analyzes the factors that shape the trajectory and outcome of civil resistance movements The book draws on a vast array of historical examples including the U S civil rights movement the Indonesian uprising against President Suharto the French Huguenot resistance during World War II and Cesar Chavez's United Farm Workers Nepstad describes both principled and pragmatic nonviolent traditions and explains various categories of nonviolent action concluding with an assessment of areas for future research A comprehensive treatment of the philosophy and strategy of nonviolent resistance Nonviolent Struggle is essential reading for students scholars and anyone with a general interest in peace studies and social change

Good and Evil Jackie Leach Scully, 2016-04-22 In this multi disciplinary collection we ask the question What did and do Quakers think about good and evil There are no simple or straightforwardly uniform answers to this but in this collection we draw together contributions that for the first time look at historical and contemporary Quakerdom's approach to the ethical and theological problem of evil and good Within Quakerism can be found Liberal Conservative and Evangelical forms This book uncovers the complex development of metaethical thought by a religious group that has evolved with an unusual degree of diversity In doing so it also points beyond the boundaries of the Religious Society of Friends to engage with the spectrum of thinking in the wider religious world

Samuel Beckett and the Second World War William Davies, 2020-12-10 In the wake of the Second

World War Samuel Beckett wrote some of the most significant literary works of the 20th century This is the first full length historical study to examine the far reaching impact of the war on Beckett s creative and intellectual sensibilities Drawing on a substantial body of archival material including letters manuscripts diaries and interviews as well as a wealth of historical sources this book explores Beckett s writing in a range of political contexts from the racist dogma of Nazism and aggressive traditionalism of the Vichy regime to Irish neutrality censorship and the politics of recovery in the French Fourth Republic Along the way Samuel Beckett and the Second World War casts new light on Beckett s political commitments and his concepts of history as they were formed during Europe s darkest hour

The Realities of Reality - Part IV: The Reality Behind Achieving World Peace Fritz Dufour, MBA, DÉSS, 2020-04-05 This book is organized in seven chapters Chapter one looks at the origins and the causes of war The chapter argues that war is a consequence of how we as a species have evolved War has both endogenous and exogenous causes While the former depends on our biology and psychology the latter has to do primarily with international relations Chapter two makes the case for the paradoxical nature of war While war takes lives it is legitimate under certain circumstances For example armed humanitarian interventions are allowed to save lives among local populations at the expense of the oppressors by employing all necessary means ethical or not Chapter three asks if peace among nations is achievable which is the main theme of this book However it does not elaborate on the question entirely Instead it gives sort of a prelude of what will be discussed in the remaining of the book by talking about the concepts of world order and American hegemony arms race and peacebuilding Chapter four builds on three by looking at realism idealism and pacifism in international relations As to pacifism the chapter attempts to answer the question what was the most peaceful time in history Chapter five presents the elements of hope for world peace by considering the role played by the following 1 the United Nations 2 the North Atlantic Treaty Organization NATO 3 the Organization for Security and Cooperation in Europe OSCE 4 the non governmental organizations NGOs 5 the role of nuclear deterrence 6 globalization 7 transnationalism 8 diplomacy 9 sports 10 international cooperation in space exploration 11 the Nobel Prize and 12 the declining of war and violence in modern times On the other hand chapter six presents the opposite argument or the barriers to world peace using the following points 1 the proliferation of nuclear weapons 2 geoeconomics 3 terrorism 4 the global refugee crisis 5 the profitability of arms sales and 6 the profitability of wars It makes an interesting argument especially as to the profitability of wars by showing how the United States first emerged as an imperial and a world power in the 1890s then as the only world s superpower after World War II Finally chapter seven takes a proactive approach by peering into the future of armed conflict which is likely to take place in new environments Cyberspace the littoral choke points near space and increasingly in expanding cities or slums War The chapter concludes with a discussion on the Doomsday Clock a concept stemmed from the uncertainty as to the future of mankind because of armed conflicts and which is a symbol that represents the likelihood of a man made global catastrophe

Pacifism And The Just War A Study In Applied Philosophy Introduction

In today's digital age, the availability of Pacifism And The Just War A Study In Applied Philosophy books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Pacifism And The Just War A Study In Applied Philosophy books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Pacifism And The Just War A Study In Applied Philosophy books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Pacifism And The Just War A Study In Applied Philosophy versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Pacifism And The Just War A Study In Applied Philosophy books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Pacifism And The Just War A Study In Applied Philosophy books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Pacifism And The Just War A Study In Applied Philosophy books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Pacifism And The Just War A Study In Applied Philosophy books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Pacifism And The Just War A Study In Applied Philosophy books and manuals for download and embark on your journey of knowledge?

FAQs About Pacifism And The Just War A Study In Applied Philosophy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Pacifism And The Just War A Study In Applied Philosophy is one of the best book in our library for free trial. We provide copy of Pacifism And The Just War A Study In Applied Philosophy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Pacifism And The Just War A Study In Applied Philosophy. Where to download Pacifism And The Just War A Study In Applied Philosophy online for free? Are you looking for Pacifism And The Just War A Study In Applied Philosophy PDF? This is definitely going to save you time and cash in something you should think about.
