Sanctioning Modernism Vladimir Kulic,Timothy Parker,Monica Penick,2014-06-01

In the decades following World War II modern architecture spread around the globe alongside increased modernization urbanization and postwar reconstruction and it eventually won widespread acceptance But as the limitations of conventional conceptions of modernism became apparent modern architecture has come under increasing criticism In this collection of essays experienced and emerging scholars take a fresh look at postwar modern architecture by asking what it meant to be modern what role modern architecture played in constructing modern identities and who sanctioned or was sanctioned by modernism in architecture This volume presents focused case studies of modern architecture in three realms political religious and domestic that address our very essence as human beings Several essays explore developments in Czechoslovakia Romania and Yugoslavia and document a modernist design culture that crossed political barriers such as the Iron Curtain more readily than

previously imagined Other essays investigate various efforts to reconcile the concerns of modernist architects with the traditions of the Roman Catholic Church and other Christian institutions And a final group of essays looks at postwar homebuilding in the United States and demonstrates how malleable and contested the image of the American home was in the mid twentieth century These inquiries show the limits of canonical views of modern architecture and reveal instead how civic institutions ecclesiastical traditions individual consumers and others sought to sanction the forms and ideas of modern architecture in the service of their respective claims or desires to be modern

The Celluloid Atlantic Saverio Giovacchini,2025-02-01 Offers a fresh look at American and Italian cinema in the postwar period The Celluloid Atlantic changes the way we look at American and Italian cinema in the postwar period In the thirty years following World War II American and Italian film industries came to be an integrated transnational unit rather than two separate nation based entities Written in jargon free prose and based on previously unexplored archival sources this book revisits the history of Neorealism World War II combat cinema the Western all Italiana and the career of John Kitzmiller the African American star who made Italy his home and was the first person of color to win the Best Actor Award at the Cannes Film Festival The Celluloid Atlantic makes the trailblazing argument that culturally hybrid genres like the so called spaghetti Western were less the exceptions than the norm Giovacchini argues that the waning of the Celluloid Atlantic in the early 1970s was due to the economic policies of the first Nixon administration specifically its important but largely neglected Revenue Act of 1971 as well as to the ideological debates between Europeans and Americans that intensified during the American intervention in Vietnam

A Story of Six Rivers Peter Coates,2013-06-01 Many of the world s major cities sprang up on the banks of rivers Used for water food irrigation transportation and power rivers sustain life and connect the world together but most of us think of them simply as waterways that must be crossed on the way to another place Using four European and two North American rivers as examples *A Story of Six Rivers* considers the place of rivers in our world and emphasizes the inextricable links between history culture and ecology Peter Coates explores six rivers chosen as examples of the types of rivers found on the planet the Danube the second longest river in Europe the Spree which flows through Berlin the Po which cuts eastward across northern Italy the Mersey in northwest England the Yukon which runs through Canada and Alaska and the Los Angeles in California Creating a series of river biographies Coates gives voice to each of these bodies of water exploring how rivers nurture us provide cultural and economic opportunities and pose threats to our everyday lives He challenges recent narratives that paint rivers as the victims of abuse pollution and damage at the hands of humans focusing on change rather than devastation Describing how humans and rivers form a symbiotic and sometimes mutually destructive relationship Coates argues that rivers illustrate the limits of human authority and that their capacity to inspire us is as strong as our ability to pollute them An intimate portrait of the way these bodies of water inform our lives *A Story of Six Rivers* will make us reconsider the streams and tributaries we traverse each day

and Literacy in Modern Italian Culture Michael Caesar, 2017-12-02 In our highly literate culture orality is all pervasive Different kinds of media and performance theatre film television story telling structured play make us ask what is the relation between improvisation and premeditation between transcription and textualization between rehearsal recollection and re narration The challenge of writing down what is spoken is partly technical but also political and philosophical How do young writers represent the spoken language of their contemporaries What are the rules governing the transcription of oral evidence in fiction and non fiction Is the relationship between oral and written always a hierarchical one Does the textualization of the oral destroy more than it commemorates or preserves the oral itself Twelve wide ranging essays the majority on contemporary Italian theatre and literature explore these questions in the most up to date account of orality and literacy in modern Italian culture yet produced With the contributions Michael Caesar Marina Spunta Introduction Michael Caesar Voice Vision and Orality Notes on Reading Adriana Cavarero Arturo Tosi Histrionic Transgressions The Dario Fo Commedia dell Arte Relationship Revisited Gerardo Guccini Le poetiche del teatro narrazione fra scrittura oralizzante e oralita che si fa testo Richard Andrews Composing Reciting Inscribing and Transcribing Playtexts in the Community Theatre of Monticchiello David Forgacs An Oral Renarration of a Photoromance 1960 Alessandra Broccolini Identita locali e giochi popolari in Italia tra oralita e scrittura Marina Spunta The Facets of Italian Orality An Overview of the Recent Debate Kate Litherland Literature and Youth in the 1990s Orality and the Written in Tiziano Scarpa s Cos e questo fracasso and Caliceti and Mozzi s Quello che ho da dirvi Elena Porciani Note su oralita e narrazione inattendibile Marco Codebo Voice and Events in Manlio Calegari s Comunisti e partigiani Genova 1942 1945 Hanna Serkowska Oralita o stile La trasmissione orale e le modalita narrative ne La Storia di Elsa Morante Catherine O Rawe Orality Microhistory and Memory Gesualdo Bufalino and Claudio Magris between Narrative and History **Foursome** Carolyn Burke, 2020-03-10 A captivating spirited account of the intense relationship among four artists whose strong personalities and aesthetic ideals drew them together pulled them apart and profoundly influenced the very shape of twentieth century art New York 1921 acclaimed photographer Alfred Stieglitz celebrates the success of his latest exhibition the centerpiece a series of nude portraits of his soon to be wife the young Georgia O Keeffe The exhibit acts as a turning point for the painter poised to make her entrance into the art scene There she meets Rebecca Salsbury the fianc of Stieglitz s prot g Paul Strand marking the start of a bond between the couples that will last more than a decade and reverberate throughout their lives In the years that followed O Keeffe and Stieglitz become the preeminent couple in American modern art spurring on each other s creativity Observing their relationship leads Salsbury to encourage new artistic possibilities for Strand and to rethink her own potential as an artist Looters, Photographers, and Thieves Pasquale Verdicchio, 2011-04-01 Working toward an analysis of the influence of photography on the construction of an Italian type to serve the mandates of the new nation in the 1860s this book engages the work of writers and photographers who have addressed or participated in this venture From Giovanni Verga and Italo Calvino s

writings to the conceptual visual philosophy of Tommaso Campanella and Luigi Ghirri's photography From the Arcadic gaze of Baron von Gloeden to Tina Modotti's revolutionary vision the works analyzed in this book have all contributed in shaping our contemporary visual vocabulary And while Italy is at the center of my considerations the ideas that populate this work are in many ways globally applicable and relevant *Looters Photographers and Thieves* seeks to contribute to the fascinating discourse on the photographic image and its specific uses in the representation of racial ethnic and gender difference and suggest how the isolation of images according to the dictates of power relations might influence and condition ways of seeing Finally this book is meant as a locus where the images produced in the shaping of notions of citizenship and cultural relevance in nineteenth and twentieth century Italy might reveal the processes of the imaginary As such the arguments and images in each chapter thread through each other to propose ways by which to approach disparate subjects and forms in order to envision photographers themselves as seers rather than gazers

Pride in Modesty Michelangelo Sabatino, 2011-05-21 Following Italy's unification in 1861 architects artists politicians and literati engaged in volatile debates over the pursuit of national and regional identity Growing industrialization and urbanization across the country contrasted with the rediscovery of traditionally built forms and objects created by the agrarian peasantry *Pride in Modesty* argues that these ordinary often anonymous everyday things inspired and transformed Italian art and architecture from the 1920s through the 1970s Through in depth examinations of texts drawings and buildings Michelangelo Sabatino finds that the folk traditions of the pre industrial countryside have provided formal practical and poetic inspiration directly affecting both design and construction practices over a period of sixty years and a number of different political regimes This surprising continuity allows Sabatino to reject the division of Italian history into sharply delimited periods such as Fascist Interwar and Democratic Postwar and to instead emphasize the long continuous process that transformed pastoral and urban ideals into a new modernist Italy
