Theologie und allgemeine Religionswissenschaft Universität Tübingen. Universitätsbibliothek. Theologische Abteilung, 1992 **Nordic Fascism** Nicola Karcher, Markus Lundström, 2022-12-09 Nordic Fascism is the first comprehensive history in English of fascism in the Nordic countries Transnational cooperation between radical nationalists has especially been the case in Sweden Denmark Norway and Finland where fascism has not only developed through interdependent processes but also through interactions between and beyond national boundaries and where racial relationship has been a core argument With chapters ranging from the inception of fascism in the interwar years up to the present day this book offers the first fragments of an entangled history of Nordic fascism It illuminates how The North occupies a special place in the fascist imagination articulating ideas about the Nordic people resisting the supposed cultural degeneration replacement or annihilation of the white race The authors map ideological exchange between fascist organisations in the Nordic countries and outline past and present attempts at pan Nordic state building This book will appeal to scholars of fascism and Nordic history and readers interested in the general history of fascism *Decade of Nightmares* Philip Jenkins, 2006-03-15 Why did the youthful optimism and openness of the sixties give way to Ronald Reagan and the spirit of conservative reaction a spirit that remains ascendant today Drawing on a wide array of sources including tabloid journalism popular fiction movies and television shows Philip Jenkins argues that a remarkable confluence of panics scares and a few genuine threats created a climate of fear that led to the conservative reaction He identifies 1975 to 1986 as the watershed years During this time he says there was a sharp increase in perceived threats to our security at home and abroad At home America seemed to be threatened by monstrous criminals serial killers child abusers Satanic cults and predatory drug dealers to name just a few On the international scene we were confronted by the Soviet Union and its evil empire by OPEC with its stranglehold on global oil by the Ayatollahs who made hostages of our diplomats in Iran Increasingly these dangers began to be described in terms of moral evil Rejecting the radicalism of the 60s which many saw as the source of the crisis Americans adopted a more pessimistic interpretation of human behavior which harked back to much older themes in American culture This simpler but darker vision ultimately brought us Ronald Reagan and the ascendancy of the political Right which more than two decades later shows no sign of loosening its grip Writing in his usual crisp and witty prose Jenkins offers a truly original and persuasive account of a period that continues to fascinate the American public It is bound to captivate anyone who lived through this period as well as all those who want to understand the forces that transformed and continue to define the American political landscape Season of the Witch Peter Bebergal, 2015-10-13
